

## FRANCHISE DISCLOSURE DOCUMENT

### Atomic Wings Franchisor Inc.

a New Jersey Corporation  
5010 Branchville Road  
College Park, Maryland 20740  
(917) 284-2910  
info@atomicwings.com  
www.atomicwings.com

As an “Atomic Wings” area representative, you will solicit potential purchasers for our restaurant franchises and provide development and ongoing franchise support services to standard Atomic Wings Restaurant, as well as multi-unit operator agreements in your defined territory. Each franchisee of an “Atomic Wings” franchise will license directly from us the right to operate a quick service restaurant in a casual environment under the mark “Atomic Wings” that provides on-premises dining as well as carry-out and delivery services (“Franchised Restaurant”). The Franchised Restaurants offer Buffalo-style chicken wings that are hormone free, antibiotic free, and halal served in varying degrees of spiciness; appetizers; burgers; sandwiches; chili; soups; Mexican food; and desserts in accordance with specified recipes and procedures (“Menu Items”) which may be changed by us from time to time. With our prior written approval, the Franchised Restaurants may offer additional menu items like gyros, falafel and chicken over rice and if permitted by applicable law, may serve beer and wine.

The total investment necessary to begin operation of an Atomic Wings area representative business is \$119,750 to \$332,500. This includes \$100,000 and \$150,000 that must be paid to the franchisor or its affiliate.

This disclosure document summarizes certain provisions of your franchise agreement and other information in plain English. Read this disclosure document and all accompanying agreements carefully. You must receive the disclosure document at least 14 calendar days before you sign a binding agreement with, or make any payment to the franchisor or an affiliate in connection with the proposed franchise sale. **Note, however, that no government agency has verified the information contained in this document.**

You may wish to receive your disclosure document in another format that is more convenient for you. To discuss the availability of disclosures in different formats, contact Zak Omar at 5010 Branchville Road, College Park, Maryland, 20740, and (917)284-2910.

The terms of your contract will govern your franchise relationship. Do not rely on the disclosure document alone to understand your contract. Read all of your contract carefully. Show your contract and this disclosure document to an advisor, like a lawyer or an accountant.

Buying a franchise is a complex investment. The information in this disclosure document can help you make up your mind. More information on franchising, such as “*A Consumer’s Guide to Buying a Franchise*,” which can help you understand how to use this disclosure document, is available from the Federal Trade Commission. You can contact the FTC at 1-877-FTC-HELP or by writing to the FTC at 600 Pennsylvania Avenue, NW, Washington, DC, 20580. You can also visit the FTC’s home page at [www.ftc.gov](http://www.ftc.gov) for additional information. Call your state agency or visit your public library for other sources of information on franchising.

There may also be laws on franchising in your state. Ask your state agencies about them.

**Issuance Date: May 10, 2021**

## How to Use this Franchise Disclosure Document

Here are some questions you may be asking about buying a franchise and tips on how to find more information .

<b>QUESTION</b>	<b>WHERE TO FIND INFORMATION</b>
<b>How much can I earn?</b>	Item 19 may give you information about outlet sales, costs, profits or losses. You should also try to obtain this information from others, like current and former area representatives. You can find their names and contact information in Item 20 or Exhibit C.
<b>How much will I need to invest?</b>	Items 5 and 6 list fees you will be paying to the franchisor or at the franchisor's direction. Item 7 lists the initial investment to open. Item 8 describes the suppliers you must use.
<b>Does the franchisor have the financial ability to provide support to my business?</b>	Item 21 or Exhibit A includes financial statements. Review these statements carefully.
<b>Is the franchise system stable, growing or shrinking?</b>	Item 20 summarizes the recent history of the number of company-owned and franchised outlets.
<b>Will my business be the only Atomic Wings business in my area?</b>	Item 12 and the "territory" provisions in the area representative agreement describe whether the franchisor and other franchisees can compete with you.
<b>Does the franchisor have a troubled legal history?</b>	Items 3 and 4 tell you whether the franchisor or its management have been involved in material litigation or bankruptcy proceedings.
<b>What's it like to be an Atomic Wings area representative?</b>	Item 20 or Exhibit C list current and former area representatives. You can contact them to ask about their experiences.
<b>What else should I know?</b>	These questions are only a few things you should look for. Review all 23 Items and all Exhibits in this disclosure document to better understand this franchise opportunity. See the table of contents.

## **What You Need to Know About Franchising *Generally***

**Continuing responsibility to pay fees.** You may have to pay royalties and other fees even if you are losing money.

**Business model can change.** The franchise agreement may allow the franchisor to change its manuals and business model without your consent. These changes may require you to make additional investments in your franchise business or may harm your franchise business.

**Supplier restrictions.** You may have to buy or lease items from the franchisor or a limited group of suppliers the franchisor designates. These items may be more expensive than similar items you could buy on your own.

**Operating restrictions.** The area representative agreement may prohibit you from operating a similar business during the term of the franchise. There are usually other restrictions. Some examples may include controlling your location, your access to customers, what you sell, how you market, and your hours of operation.

**Competition from franchisor.** Even if the area representative agreement grants you a territory, the franchisor may have the right to compete with you in your territory.

**Renewal.** Your area representative agreement may not permit you to renew. Even if it does, you may have to sign a new agreement with different terms and conditions in order to continue to operate your franchise business.

**When your franchise ends.** The area representative agreement may prohibit you from operating a similar business after your franchise ends even if you still have obligations to your landlord or other creditors.

## **Some States Require Registration**

Your state may have a franchise law, or other law, that requires franchisors to register before offering or selling franchises in the state. Registration does not mean that the state recommends the franchise or has verified the information in this document. To find out if your state has a registration requirement, or to contact your state, use agency information in Exhibit E.

Your state also may have laws that require special disclosures or amendments be made to your area representative agreement. If so, you should check the State Addenda. See the Table of Contents for the location of the State Addenda.

## Special Risks to Consider About *This* Franchise

Certain states require that the following risk(s) be highlighted:

1. **Out-of-State Dispute Resolution.** The area representative agreement requires you to resolve disputes with the franchisor by arbitration and/or litigation only in Maryland. Out-of-state arbitration or litigation may force you to accept a less favorable settlement for disputes. It may also cost more to arbitrate or litigate with the franchisor in Maryland than in your own state.
2. **Short Operating History.** The franchisor is at an early stage of development and has a limited operating history. This franchise is likely to be a riskier investment than a franchisor in a system with a longer operating history.
3. **Financial Condition.** The franchisor's financial condition, as reflected in its financial statements (see Item 21), calls into question the franchisor's financial ability to provide services and support to you.
4. **Spousal Liability.** Your spouse must sign a document that makes your spouse liable for all financial obligations under the franchise agreement even though your spouse has no ownership interest in the franchise. This guarantee will place both your and your spouse's marital and personal assets, perhaps including your house, at risk if your franchise fails.
5. **Sales Performance Required.** You must maintain minimum sales performance levels. Your inability to maintain these levels may result in loss of any territorial rights you are granted, termination of your franchise, and loss of your investment.

Certain states may require other risks to be highlighted. Check the "State Addenda" (if any) to see whether your state requires other risks to be highlighted.

**ITEM 1**  
**THE FRANCHISOR, AND ANY PARENTS, PREDECESSORS AND AFFILIATES**

**The Franchisor**

The franchisor is Atomic Wings Franchisor Inc. (referred to in this Disclosure Document as “we”, “us”, or “our”). We were formed as a New Jersey corporation on July 10, 2006, and our principal place of business is 5010 Branchville Road, College Park, Maryland, 20740. We do business under our corporate name and the Marks as described below. In this Disclosure Document, we refer to the person or entity that will be signing the Area Representative Agreement (defined below) as “you”, “your”, or “area representative” which includes all owners and partners, if you are a corporation, partnership or other entity.

We are a franchising company which promotes and sells franchises for the operation of restaurants known as “Atomic Wings” (“Restaurant”). We began offering area representative franchises in August 2016. We have never offered franchises in any other line of business and have not conducted business in any other line of business. We do not own or operate a business of the type being franchised. Our agents for service of process are listed in Exhibit E.

Our prior CEO, Mr. Lippin granted a license to sell Atomic Wings branded products to a restaurant located at 179 W 4<sup>th</sup> Street, New York, New York, 10014. Our prior CEO and Partner, Isaac Joseph, reacquired a franchise location at 184 1<sup>st</sup> Avenue, New York, New York, 10009, and after a temporary closing, operated it from June 2016 through January 2017.

We have never offered franchises in any other line of business and have not conducted business in any other line of business. In this Disclosure Document we offer franchises for Atomic Wings area representative opportunities only. We offer franchise and multi-unit operator agreement opportunities in a separate Disclosure Document. We previously offered Fractional Franchise and Express opportunities, but we stopped offering these concepts in March 2017.

**Our Parents, Predecessors and Affiliates**

We have no predecessors, parents or affiliates.

**Area Representative Agreement**

In this Disclosure Document we offer qualified applicants the right to become an “Atomic Wings” area representative (“Area Representative”), within a defined geographic area (the “Development Area”). If you qualify to be an Area Representative, you will sign our Area Representative Agreement (“ARA”) which is attached to this Disclosure Document as Exhibit B. The business licensed to an Area Representative is referred to as the “AR Business”.

You will advertise for new franchisees on our behalf and develop and assist franchisees of ours who are operating within the Development Area, and will use our business systems, formats, methods, specifications, standards, operating procedures, operating assistance, and Proprietary Marks. You are not authorized to grant franchises, negotiate sales, or to sign Franchise Agreements with franchisees. New franchisees will sign individual Franchise Agreements with us and not you. You will share in a portion of some of the fees paid to us. In addition, you may, in our discretion, share in certain expenses we incur to enforce or defend Franchise Agreements or begin eviction proceedings against franchisees in the Development Area.

You will: (a) be responsible for developing a certain number of Franchised Restaurants within the Development Area and within a specific timeframe, and therefore must solicit, recruit, screen and interview prospective franchisees for us (“Solicitation Services”); (b) help us identify and secure sites for Restaurants (“Site Services”); (c) provide additional assistance and support to franchisees upon opening their Restaurants; and (d) conduct inspections of franchised Restaurants at our request (“Support Services”).

You will receive 50% of the initial franchise fees paid to us by a franchisee who buys a Franchised Restaurant in your Development Area, after deduction for any fees or commissions paid to sales brokers or sales agents and subject to the following conditions: (1) you collect preliminary financial and background information, pre-qualify the franchisee using our criteria, and present us with the applicant; (2) both we and the franchisee sign the Franchise Agreement and the franchisee pays us the entire initial franchise fee; (3) the sale is for a new Restaurant and is not a resale of an existing Franchised Restaurant by another franchisee; (4) there are no outstanding sale contingencies, such as initial franchise fees that must be paid into an escrow account; and (5) you are in compliance with the ARA, including that you are current with your Development Schedule.

You will receive 50% of the aggregate royalty fees we receive from franchisees whose Franchised Restaurants are located in the Development Area for performing Support Services in compliance with the ARA. If you fail to perform Support Services for any franchisee in your Development Area, we may terminate your ARA or we may reduce the percentage of royalty fees to which you would otherwise be entitled. You will also receive 30% of any transfer fees related to Franchised Restaurants located within the Development Area; however, you are not entitled to any share of transfer fees related to Franchised Restaurants that you or your affiliates own and transfer or that you or your affiliates purchase. You will not receive any portion of the marketing and advertising fees or any other fees that we collect from franchisees, whether inside or outside the Development Area. You are permitted to own, operate and maintain Franchised Restaurants within the Development Area, which will count toward satisfaction of your Development Schedule. For any Franchised Restaurant you own and operate in the Development Area, you will receive 50% of the initial franchise fees paid to us by you and 50% of the royalty fees paid to us by you.

While we rely on you to present us with those applicants whom you pre-qualify using our criteria, we make the final decision on whether we will sell a franchise to the candidates you present. If we approve the candidate, we and the candidate will sign a Franchise Agreement, and you are not a party to that contract.

### **Market and Competition**

The market for restaurants featuring buffalo-style chicken wings and related products is well-established. People of all ages consume the products offered by Atomic Wings restaurants on a year-round basis. In each market, you will compete with “mom and pop” restaurants, as well as national and regional restaurant chains, including Buffalo Wild Wings, Wing Zone, Wing Stop and Buffalo’s Southwest Café. Some of our competitors have longer operating histories than ours. This market is fairly developed, and the goods and services offered are not seasonal in nature.

You will compete with other franchisors, area representatives, sales brokers and others offering quick-service restaurant franchises. The market for quality quick-service restaurants in general is well developed and intensely competitive.

### **Industry Regulations**

You must comply with the FTC Rule and franchise registration and disclosure laws in various states. The Disclosure Document must be registered with the various authorities before the offer or sale of

any franchise in that particular state, and the state may require that you register as a subfranchisor or franchise broker. The franchisor must be registered in a franchise registration state before the area representative may offer franchises for sale. We will provide you with an electronic copy of our applicable Disclosure Document, which you will use to sell franchises for us.

You must deliver an approved Disclosure Document to each potential franchisee and multi-unit operator prospect before any franchise or multi-unit operator sale and must comply with the requirements of federal and state franchise laws. You and your officers, directors, managers and employees are not our agents and may not contractually obligate us unless we specifically authorize you to do so in writing. Area Representatives do not offer franchises or multi-unit operator opportunities for sale in their territories, but instead, their officers and sales employees operate as our salespersons. Accordingly, in most states, you do not separately register a Disclosure Document. Instead, you deliver a salesman disclosure form along with our Disclosure Document to each prospective franchisee or multi-unit operator. If your state requires that you must separately register as a broker or seller of franchises, we will assist you in preparing your broker application or Disclosure Document, but you must pay the entire cost of preparing your broker application or Disclosure Document and registering as a broker or a subfranchisor.

In addition to complying with federal and state franchising laws, you must comply with the following industry-specific regulations: (a) federal immigration laws, tax laws, unemployment and workers' compensation laws, employment and discrimination laws, disability laws, environmental laws and product labeling laws; and (b) federal, state and local health, building and zoning codes. The details of federal, state, county and local laws and regulations vary from place to place and you must make sure that you are familiar with these laws.

### **Other Related Business Activities**

The area representative will also offer multi-unit franchises. Under a multi-unit operator agreement, the multi-unit operator commits to develop and operate multiple Restaurants in a specific geographic area and according to a negotiated minimum performance schedule

## **ITEM 2** **BUSINESS EXPERIENCE**

### **CEO – Zaki Omar**

Mr. Omar has served as our CEO since January 2017. He is also the President of the Capital Brands Group in Hyattsville, Maryland, since December 2011. From August 2010 to June 2014, he held the title of Global Account Representative with Zensar in New York, New York. Mr. Omar has been a Dunkin Donuts franchisee since June 2007 in College Park, Maryland.

### **President – Rafey Ray Omar**

Mr. Omar has served as our President since January 2017. He also holds the title of CEO with Capital Brands Group in Odenton, Maryland, since January 2010. Mr. Omar has been a Dunkin Donuts franchisee since June 2007 in College Park, Maryland.

### **Area Representative - Richard Gordon**

Mr. Gordon has been an Area Representative for the States of Arizona and Nevada since April 2020. From November 2018 to the present he has been President of RG Marketing Group, Inc. in Las Vegas, Nevada. From February 2016 to the present, Mr. Gordon has been a Consultant with Master

Franchise Investments in Las Vegas, Nevada, and he has been President of G&G Building Services Inc., JV Building Services located in Cucamonga, California, from January 2015 to the present.

**ITEM 3**  
**LITIGATION**

No litigation is required to be disclosed in this Item.

**ITEM 4**  
**BANKRUPTCY**

No bankruptcy information is required to be disclosed in this Item.

**ITEM 5**  
**INITIAL FEES**

**Area Representative Agreement:** If you qualify to become an Area Representative, you will sign our ARA and pay us a lump sum, non-refundable area representative rights fee between \$100,000 and \$150,000. The amount of the area representative rights fee will be negotiated between us and will be determined based upon, in part, the size of the Development Area, the number of Restaurant franchises that you commit to sell in the Development Area and the number of Restaurant franchises you will provide services to on our behalf.

There are no other purchases from or payments to us or any affiliate of ours that you must make before your AR Business opens.

**ITEM 6**  
**OTHER FEES**

<b>Column 1 Type of fee<sup>(1)</sup></b>	<b>Column 2 Amount</b>	<b>Column 3 Due Date</b>	<b>Column 4 Remarks</b>
Transfer Fee	Generally \$7,500 (or such greater amount as is necessary to reimburse us for our reasonable costs and expenses incurred in reviewing and documenting the transfer, including legal and accounting fees)	With request for our consent to transfer	No fee is imposed for a one-time transfer to a corporate entity you form for the convenience of ownership.
Renewal Fee	\$7,500	Before renewal	Payable to renew the ARA
Insurance	Premiums and our costs and expenses plus 10% administrative fee	When billed	Due only if you fail to maintain insurance and we (at our option) obtain insurance on your behalf.

<b>Column 1 Type of fee<sup>(1)</sup></b>	<b>Column 2 Amount</b>	<b>Column 3 Due Date</b>	<b>Column 4 Remarks</b>
Indemnification	Will vary under circumstances	As incurred	You must reimburse us for the costs we incur if we are sued or held liable for claims that arise from your operation of the AR Business, or for costs associated with defending claims that you used the Marks in an unauthorized manner.
Costs and Attorneys' Fees	Will vary under circumstances	As incurred	If you default under your agreement with us, you must reimburse us for the expenses we incur (such as attorneys' fees) in enforcing or terminating the agreement.
Area Representative Advertising	\$12,000	Must be spent annually	You must conduct advertising in your Development Area to aid in the solicitation of franchise sales.

Notes:

- (1) Except as otherwise noted in this Item 6, all fees are imposed and collected by and payable to us. Except as noted above, all fees are non-refundable and currently are uniformly imposed.

**ITEM 7**  
**ESTIMATED INITIAL INVESTMENT**

**YOUR ESTIMATED INITIAL INVESTMENT**

<b>Column 1  Type of Expenditure</b>	<b>Column 2  Amount</b>	<b>Column 3  Method of Payment</b>	<b>Column 4  When Due</b>	<b>Column 5  To Whom Payment is to be Made</b>
Area Representative Rights Fee <sup>(1)</sup>	\$100,000 to \$150,000	Lump Sum	On signing ARA	Us
Laptop Computer	\$500 to \$2,500	As Arranged	As Incurred	Suppliers
Telephone, Fax Machine and Office Supplies	\$500 to \$1,500	As Arranged	As Incurred	Suppliers
Rent – 3 Months <sup>(2)</sup>	\$0 to \$15,000	As Arranged	As Arranged	Landlord
Security Deposit	\$0 to \$10,000	As Arranged	As Arranged	Landlord, Utility Companies

Column 1	Column 2	Column 3	Column 4	Column 5
Type of Expenditure	Amount	Method of Payment	When Due	To Whom Payment is to be Made
Leasehold Improvements	\$0 to \$50,000	As Arranged	As Arranged	Landlord
Furniture and Fixtures <sup>(3)</sup>	\$1,000 to \$5,000	As Arranged	As Arranged	Suppliers
Insurance	\$2,000 to \$3,000	As Arranged	As Arranged	Insurance Companies
Advertising – 3 Months	\$4,000	As Arranged	As Arranged	Suppliers
Travel and Living Expenses to Attend Training <sup>(4)</sup>	\$0 to \$10,000	As Arranged	As Arranged	Airline, Hotel, Restaurants, Etc.
Vehicle <sup>(5)</sup>	\$10,000 to \$60,000	As Arranged	As Arranged	Suppliers
Filing Fees <sup>(6)</sup>	\$100 to \$1,500	As Arranged	As Arranged	State Authority
Professional Fees	\$650 to \$15,000	As Arranged	As Arranged	Attorney, Accountant
Additional Funds-3 Months <sup>(7)</sup>	\$1,000 to \$5,000	As Arranged	As Arranged	Various
<b>TOTAL</b>	<b>\$119,750 to \$332,500</b>			

In general, none of the expenses listed in the above chart are refundable, except any security deposits you must make may be refundable. We do not finance any portion of your initial investment.

**Notes:**

1. **Area Representative Rights Fee.** The area representative rights fee is discussed in Item 5.
2. **Rent.** The low end of our estimate assumes you will operate the business from a home-based office. The high end of our estimate assumes that you will lease an office in an executive style office suite that has approximately 300 to 500 square feet of space.
3. **Furniture and Fixtures.** You will need a desk, filing cabinet and office chairs.
4. **Travel and Living Expenses to Attend Training.** These are the estimates to attend our training program for Area Representatives.
5. **Vehicle.** We anticipate that you will need a vehicle to visit prospective franchisees, view potential sites and to oversee the build-out of franchisee Restaurants. Our estimate includes three months of expenses for gas, maintenance and vehicle payments.
6. **Filing Fees.** You may need to register as a sales broker in the state where your Development Area is located.

7. ***Additional Funds – 3 Months.*** This is our estimate of your expenses for the initial period of your business, including supplies, repairs and maintenance if necessary, bank charges, state tax and license fees, and other miscellaneous items. Your actual cost will depend on factors such as your management skill, experience and business acumen and local economic conditions. We relied on our founder's experience to derive our estimates of these additional funds.

## **ITEM 8**

### **RESTRICTIONS ON SOURCES OF PRODUCTS AND SERVICES**

You must purchase or lease and install all fixtures, furnishings, equipment (including laptop, smart phone and office equipment), décor items, signs and related items we require, all of which must conform to the standards and specifications in our confidential operations manual ("Manual") or otherwise in writing, unless you have first obtained our written consent to do otherwise. We can, and expect to, modify our standards and specifications as we deem necessary. We will provide you notice in writing (such as email, bulletins or changes to the Manual) of any changes in the standards and specifications.

You must obtain all equipment (including laptop, smart phone and office equipment) and other products used at the AR Business solely from suppliers who demonstrate, to our continuing reasonable satisfaction, the ability to meet our then-current standards or in accordance with our standards and specifications. We have the right to periodically change our approved suppliers, and we have the right to negotiate price and other terms with our approved suppliers for the benefit of the System. A complete list of our approved products and suppliers will be included in the Manual and is subject to change over time. There might be situations where you can obtain items from any supplier who can satisfy our requirements and, therefore, would be an approved supplier. We will provide you notice in the Manual or otherwise in writing (such as via email) of any changes to the lists of approved products and approved suppliers. There are no goods, supplies, fixtures, equipment, inventory, or real estate for the AR Business that you currently must buy or lease from us (or an affiliate) or designated supplier. None of our officers has an ownership interest in any approved supplier relevant to an AR Business. During the fiscal year ended December 31, 2020, we and our affiliates did not earn any revenue from the sale of products to our franchisees.

You must deliver a copy of our FDD for the standard and multi-unit franchise opportunities to prospective candidates. We will provide you with an electronic copy of that FDD.

We estimate that purchases and leases of services and products either from us or our designated suppliers, or according to our specifications, will represent less than 25% of your total purchases and leases of services and products to establish and operate your AR Business.

We do not negotiate purchase arrangements with suppliers for the benefit of Area Representatives. If you own an Atomic Wings franchise you must purchase Atomic Wings sauces from Sysco or an approved Atomic Wings Supplier. We do not provide material benefits to you based on your use of designated or approved suppliers. There are no purchasing or distribution cooperatives for Area Representatives. When determining whether to grant new or additional Area Representative franchises, we consider many factors, including compliance with the above-mentioned requirements.

All advertising and promotional materials you wish to use to promote the standard and multi-unit franchise opportunities must be approved by us before the materials may be used and may need to be registered with a state agency before the ad can be run.

We do not anticipate reviewing or approving the location of your AR Business, whether you operate from home, from an executive style office suite or from an Atomic Wings Restaurant that you own.

Before you open your AR Business, you must obtain the insurance coverages we require. Our current insurance requirements are described below. We may modify our insurance requirements during the term of your ARA, and any modifications will be communicated to you in our Manual or otherwise in writing. This insurance coverage must be maintained during the term of the ARA and must be obtained from a responsible, duly licensed carrier or carriers acceptable to us. All insurance must be on an “occurrence” basis. You must provide us with a certificate of insurance showing that you have obtained the required insurance coverages no later than 15 days before your AR Business opens and then upon renewal of each policy.

You must carry the following insurance related to your AR Business: (1) errors and omissions coverage of no less than \$1,000,000; and if you have or will have employees, (2) worker’s compensation and employer’s liability insurance in statutory amounts, unemployment insurance and state disability insurance as required by the governing law for your employees.

We have the right to require that you obtain from your insurance company a report of claims made and reserves set against your insurance. We have the right to change our insurance requirements during the term of your ARA, including the types of coverage and the amounts of coverage, and you must comply with those changes. If you do not obtain the insurance coverages that we require we may, but are not obligated to, obtain insurance on your behalf and you must reimburse our expenses related to obtaining insurance for you, together with a 10% administrative fee.

For each Atomic Wings Restaurant you own and operate, you must also carry the insurance policies that we require under the Franchise Agreement for the Restaurant.

## **ITEM 9**

### **FRANCHISEE’S OBLIGATIONS**

**This table lists your principal obligations under the franchise and other agreements. It will help you find more detailed information about your obligations in these agreements and in other items of this disclosure document.**

<b>Obligation</b>	<b>Section in Area Representative Agreement</b>	<b>Disclosure Document Item</b>
a. Site selection and acquisition/lease	Not applicable	Items 8 and 11
b. Pre-opening purchases/leases	Not applicable	Items 7, 8 and 11
c. Site development and other pre-opening requirements	Section 1	Items 8 and 11
d. Initial and ongoing training	Section 3	Item 11
e. Opening	Not applicable	Item 11
f. Fees	Sections 1 and 4	Items 5 and 6
g. Compliance with standards and policies/operating manual	Section 5	Items 11 and 14
h. Trademarks and proprietary information	Section 6	Items 11, 13 and 14

<b>Obligation</b>	<b>Section in Area Representative Agreement</b>	<b>Disclosure Document Item</b>
i. Restrictions on products/services offered	Not applicable	Item 16
j. Warranty and customer service requirements	Not applicable	Not applicable
k. Territorial development and sales quotas	Sections 1 and 5	Item 12
l. Ongoing product/service purchases	Not applicable	Item 8
m. Maintenance, appearance and remodeling requirements	Section 5	Not applicable
n. Insurance	Section 5	Items 7 and 8
o. Advertising	Section 7	Items 6, 8 and 11
p. Indemnification	Section 14	Item 6
q. Owner's participation/management/staffing	Section 5	Item 15
r. Records and reports	Not applicable	Not applicable
s. Inspections and audits	Section 5	Not applicable
t. Transfer	Section 8	Items 6 and 17
u. Renewal	Section 2	Items 6 and 17
v. Post-termination obligations	Section 12	Item 17
w. Non-competition covenants	Section 10	Item 17
x. Dispute resolution	Section 22	Item 17

## **ITEM 10** **FINANCING**

We do not offer direct or indirect financing. We do not guarantee your notes, leases or other obligations.

## **ITEM 11** **FRANCHISOR'S ASSISTANCE, ADVERTISING, COMPUTER SYSTEMS AND TRAINING**

Except as listed below, Atomic Wings Franchisor Inc., is not required to provide you with any assistance.

### **Pre-Opening Obligations**

Before you begin operating under the ARA, we will:

1. Grant you the right to solicit, develop, service and coordinate a specific number of Restaurants at locations we approve within your Development Area, provided that you are in full compliance with the terms and conditions contained in the ARA, including the Development Schedule and your obligation to supervise a specific number of Restaurants, and that you are in full compliance with all of your obligations under any Franchise Agreements for Restaurants owned by you in the Development Area. (ARA – Section 1.)

2. Train, or have our sales agent train, you and up to two additional people in how to solicit franchise sales and pre-qualify prospective franchisees, how to provide on-going operational assistance to the franchisees located with your Development Area, and other aspects of conducting your business as an Area Representative, beyond that of how to operate a Restaurant. (ARA – Section 3.4) This training is separate from and in addition to our initial training program for franchisees. You must complete both training sessions to our satisfaction.

3. Loan to you our Manual. (ARA – Section 3.7)

**Continuing Obligations:** While you are operating under the ARA, we will review all applications for franchises that you forward to us (ARA – Section 3) and if you are in compliance with the ARA (including compliance with your Development Schedule), we will pay to you your share of initial franchise fees, royalty fees and transfer fees for franchisees in the Development Area. (ARA – Article 4.) We may also periodically inspect your operations and review your sales techniques.

**Area Representative Advertising:** You must spend a minimum of \$12,000 each year on advertising and you must use the methods we have approved, including on-line, print and other methods to solicit the sale of franchises. Any advertising you conduct must have our prior written approval and may need to be registered with a state agency before the ad may run. Before any advertising may be used, you must submit it to us for approval if it has not been approved by us in the prior six months. You must also provide us with verification of the advertising you have conducted. Upon full satisfaction of your Development Schedule, you will have no further obligation to expend any amount for marketing of your Area Representative business within the Development Area.

We do not anticipate forming an advertising fund for Area Representatives. For any Restaurants you own and operate, you must participate in the Advertising Fund as required of all franchisees.

We do not anticipate forming or approving the formation of any advertising cooperatives for Area Representatives. There are currently no cooperatives in the System.

**Website / Intranet / Social Media:** We or one or more of our designees may establish a website or series of websites for the System to advertise, market and promote Atomic Wings Restaurants and the products and services they offer, the Atomic Wings Restaurant franchise and/or area representative rights opportunity, and/or for any other purposes that we determine are appropriate for Atomic Wings Restaurants (collectively, the “System Website”). If we include information about your AR Business on the System Website, you agree to give us the information and materials that we periodically request concerning the AR Business and otherwise participate in the System Website in the manner that we periodically specify. By posting or submitting to us information or materials for the System Website, you are representing to us that the information and materials are accurate and not misleading and do not infringe upon any third party’s rights. You understand and acknowledge that you are not permitted to establish your own website or “microsite” to promote our franchise opportunity.

We own all intellectual property and other rights in the System Website and all information it contains, including the domain name or uniform resource locator (“URL”) for the System Website, the log

of “hits” by visitors, and any personal or business data that visitors (including you and your personnel) supply. We may implement and periodically modify System Standards relating to the System Website and, at our option, may discontinue the System Website, or any services offered through the System Website, at any time.

All advertising, marketing and promotional materials that you develop for the AR Business must contain notices of the System Website’s URL in the manner we periodically designate. You may not develop, maintain or authorize any other website, other online presence or other electronic medium that mentions or describes the AR Business, the System or displays any of the Marks without our prior approval. We do not restrict the use of internet or web page advertising within or outside of your Development Area, but the advertising content must be approved by us before it is used. Nothing limits our right to maintain websites other than the System Website or to offer and sell products and services under the Marks from the System Website, another website or otherwise over the internet without payment or other obligation.

You are strictly prohibited from establishing your own website related to the Proprietary Marks or our System without our prior written consent, which we do not have to provide. You are not permitted to promote your AR Business or use any of the Proprietary Marks in any manner on any social or networking websites, such as Facebook, LinkedIn or Twitter, without our prior written consent. We will control all social media initiatives. You must comply with our System standards regarding the use of social media in your AR Business’ operation, including prohibitions on your and the AR Business’s employees posting or blogging comments about the AR Business or the System, other than on a website established or authorized by us (“social media” includes personal blogs, common social networks like Facebook and MySpace, professional networks like LinkedIn, live-blogging tools like Twitter, virtual worlds, file, audio and video-sharing sites, and other similar social networking or media sites or tools). We will provide access to branded social media pages/handles/assets, and you must update these regularly. We have the right to conduct collective/national campaigns via local social media on your behalf.

We alone will be, and at all times will remain, the sole owner of the copyrights to all material which appears on any System Website we establish and maintain, including any and all material you may furnish to us as provided above.

We will have the right to establish a website or other electronic system providing private and secure communications (such as an intranet) between us, our franchisees, area representatives, and other persons and entities that we decide are appropriate. If we require, you must establish and maintain access to the intranet in the manner we designate. Additionally, we may periodically prepare agreements and policies concerning the use of the intranet that you must acknowledge and/or sign.

**Advisory Council:** We have the right to establish an advisory council comprised of area representatives. If we choose to establish an advisory council, its members will include area representatives and our representatives. The area representatives may be chosen by us or elected by other area representatives in the System. If you participate in an advisory council you must pay any costs you incur related to your participation, such as travel and living expenses to attend meetings. If established, the advisory council will act in an advisory capacity only and will not have decision making authority. We have the right to form, change, merge or dissolve any advisory council at any time.

**Training:** If you are an Area Representative, then in addition to the training you must attend and satisfactorily complete as a franchisee, you and up to two additional people will attend our Area Representative training at our headquarters or a training site designated by us. The length of time each person will spend at this training will vary based on the individual’s previous experience. We may have Area Representatives that do not require this specific training. If we determine that you or your personnel must attend the Area Representative training program, then you and your personnel must satisfactorily

complete to our satisfaction the training no later than two weeks before you begin operating as our Area Representative. Area Representative training will include how to solicit franchise sales, how to provide on-going operational assistance to the franchisees located within the Development Area, and other aspects of conducting your business beyond that of how to operate an Atomic Wings Restaurant.

There is no set schedule for the Area Representative training program, which depends on the number of new Area Representatives entering the System. We may designate that a third party provide the Area Representative training program. The length of time each person will spend at this training will vary based on the individual's previous experience. There is no additional fee for the Area Representative training program, but you must pay for your trainees' expenses while attending training, including travel, lodging, meals and wages, if you attend the training program.

### **TRAINING PROGRAM – AREA REPRESENTATIVES**

<b>Subject</b>	<b>Hours of Classroom Training</b>	<b>Hours of On-the-Job Training</b>	<b>Location</b>
How to solicit franchise sales, how to provide on-going operational assistance to the franchisees located with your Development Area	Will vary, based on previous experience of individual being trained	0	New York, NY

Our Area Representative training program will be conducted by Zaki Omar, Ray Omar, and other authorized Atomic Wings personnel. Our other management personnel are also periodically involved in training. The minimum experience of the instructors in the field that is relevant to the subject taught and our operations is from 7 to over 14 years. We have the right to make changes in our training staff as we deem necessary and advisable without prior notice.

**Site Selection and Opening:** You may operate the AR Business from a home-based office, if permitted by your local ordinances, from an Atomic Wings Restaurant that you own, or you may choose to lease space in an executive style suite of offices. If you choose to lease space, we estimate that you will need between 300 and 500 square feet of space. We do not anticipate reviewing or approving the location for your AR Business.

We estimate that the time from when the ARA is signed and you commence operations to be approximately 120-150 days. This time may be shorter or longer depending on the time necessary to obtain a site by lease (if you choose to lease space), to obtain financing, to obtain the permits and licenses for the construction and operation of the AR Business, to complete the development of the AR Business, including decorating, purchasing and installing furniture, and to complete preparation for operating the AR Business, including purchasing equipment and supplies. You must open the AR Business and begin business within three months after the ARA is signed, unless you obtain a written extension of this time period from us. Ask Harold about this.

**Computer and Point of Sale System:** You must have a mobile telephone, a business telephone with two lines, an operating fax machine, email address and a laptop computer with current versions of Windows, Microsoft Office and other software required by us. The mobile phone number, two business phone numbers, the fax number and email address must be given to each franchisee in your Development Area and to us. Your laptop computer will provide you with the following functions: word processing, email and calendars.

You must at all times have a highspeed internet connection. We do not expect to have independent electronic access to the information contained on your computer system, but we have the right to require independent access at any time. If we choose to have independent access to your computer system, the types of information we may access and download includes all information relating to prospective franchisees and existing franchisees.

We do not currently designate the type of computer you must have, but it must be a laptop computer. We have the right to designate the type of computer you must have for your AR Business. We expect that the computer system will cost from \$500 to \$2,500. We do not require you to have a maintenance contract for your laptop computer, and we are not responsible for providing you with any upgrades, updates or maintenance for your laptop computer.

We may require you to update and/or upgrade all or a portion of your computer during the term of your ARA, at your expense. The ARA does not limit our ability to require you to update and/or upgrade your computer system or the cost of any update and/or upgrade.

**Operations Manual:** You must comply with all of the specifications, procedures, and standards set out in our Manual. The Table of Contents for our Manual is attached to this Disclosure Document as Exhibit D. Our Manual contains approximately 423 pages.

## **ITEM 12** **TERRITORY**

Under the ARA we grant you the right to solicit, service and coordinate a number of Atomic Wings Restaurants in the Development Area that is specified in the Development Schedule in the ARA. The Development Area is typically described in terms of municipal or county boundaries. This is your protected territory. The actual size of the Development Area will vary depending upon the availability of contiguous markets, our long-range development plans, your financial and operational resources, population and market conditions. Our designation of a particular Development Area is not an assurance or warranty that there are a sufficient number of suitable sites for Restaurants in the Development Area for you to meet your Development Schedule. You are solely responsible for all of your obligations under the ARA, including the responsibility to locate and prepare a sufficient number of suitable sites and we have no obligation to approve sites which do not meet our criteria for you to meet the Development Schedule.

You will not receive an exclusive territory. You may face competition from other franchisees, from outlets that we own, from other channels of distribution or competitive brands that we control.

During the term of the ARA, and as long as you are in full compliance with all of the terms and conditions of the ARA, we will not own or operate or license others to own or operate as an area representative in the Development Area.

We will retain the right to solicit Atomic Wings franchisees both inside and outside your Development Area. We may recruit prospective franchisees and sell franchises for locations in your Development Area, but you will still earn a portion of the initial franchise fee for franchises that we sell in your Development Area. Although we are under no obligation to do so, we intend to turn over to you all of the sales leads that we receive from prospects looking to acquire an Atomic Wings franchise for a location in your Development Area so that you can pre-qualify the candidate. Because we may not approve a franchisee's location until after we sign the Franchise Agreement, it is possible that you could pre-qualify a franchisee who ultimately selects a site outside of your Development Area and in another Area Representative's Development Area. In that case, you would earn a portion of the initial franchise fee for

the sale of that franchise, but the Area Representative in whose area the franchisee opens the Restaurant would receive a portion of the royalty fees and any transfer fees paid on account of that franchisee.

To maintain your rights under the ARA there must be open and in operation the cumulative number of Restaurants stated on the Development Schedule by the dates agreed upon in the Development Schedule. If you fail to meet the Development Schedule, we have the right to terminate the ARA.

We have the right to use alternative methods of distribution within the Development Area under our principal trademarks or different trademarks. There is nothing that limits our right to maintain websites or to offer and sell products and services from a system website, another website or otherwise over the internet. We are not required to pay you any compensation if we accept orders from inside the Development Area.

You are not permitted to market outside of the Development Area and you do not have the right to use other channels of distributions such as internet, catalog sales, telemarketing or direct marketing without our permission. You are strictly prohibited from establishing your own website related to the Proprietary Marks or our System without our prior written consent. You are also prohibited from promoting your AR Business on social and networking websites, including, but not limited to, Facebook, LinkedIn, MySpace or Twitter, without our prior written consent.

We and our affiliates may establish other franchised or company outlets under the Proprietary Marks and/or under other marks that may compete with your Development Area. We and our affiliates may merchandise and distribute goods and services identified by the Proprietary Marks through methods or channels of distribution.

In addition, upon completion of the Development Schedule, your development rights under the ARA with respect to soliciting or developing franchises in the Development Area will terminate and we will have the right to operate and to grant to others development rights and franchises to develop and operate Restaurants within the Development Area. Your rights and obligations to service the franchisees within the Development Area will continue until the ARA is terminated or expires, according to the terms of the ARA. This right will be subject only to the territorial rights under the franchise agreements signed by you and other franchisees for Restaurants in the Development Area. The Development Area may not be altered or relocated unless we mutually agree to do so. You are not granted any other option, right of first refusal or similar right to acquire additional Restaurants in your Development Area under the ARA.

There are no minimum sales goals, market penetration or other contingency that you must meet to keep the exclusivity of your Development Area, except that you must meet your Development Schedule.

### **ITEM 13** **TRADEMARKS**

The ARA grants you the right to use certain trademarks, trade names, service marks, symbols, emblems, logos and indicia of origin designated by us, including the Marks described in Item 1 and below. These Marks may be used only in the manner we authorize and only for the operation of your AR Business.

You may not use the Marks as a part of your corporate or other legal name, and you must comply with our instructions in filing and maintaining trade name or fictitious name registrations. You must sign any documents we require to protect the Marks or to maintain their continued validity and enforceability. In addition, you may not directly or indirectly contest the validity of our ownership of or our rights in and to the Marks.

We have registered the following trademarks with the United States Patent and Trademark Office (“USPTO”):

Mark	Registration Date	Registration Number	Register
	09/27/2005	3,000,824	Principal
ATOMIC WINGS	12/26/2006	3,189,464	Principal
	02/19/2019	5,678,565	Principal

We intend to file all affidavits and other documents required to maintain our interest in and to the Marks.

You must follow our rules when you use these Marks. You cannot use the Marks as part of a corporate name or with modifying words, designs or symbols except for those which we license to you. You may not use the Marks in connection with the sale of any unauthorized products or services or in any manner not authorized in writing by us.

There are no current effective material determinations of the USPTO, the Trademark Trial and Appeal Board, the trademark administrator of any state or any court, nor are there any pending infringement actions or other material litigation pending concerning the Marks.

There are no agreements currently in effect which significantly limit our right to use or license the use of the Marks in any manner material to the franchise.

We do not know of either superior prior rights or infringing uses that could materially affect your use of the Proprietary Marks in the state or states where your Development Area will be located. You must immediately notify us of any apparent infringement of the Marks or challenge to your use of any of the Marks or claim by any person of any rights in any of the Marks. You and your principals are not permitted to communicate with any person other than us, or any designated affiliate, our counsel and your counsel involving any infringement, challenge or claim. We can take action and have the right to exclusively control any litigation or USPTO or other administrative or agency proceeding caused by any infringement, challenge or claim or otherwise relating to any of the Marks. You must sign any and all documents, and do what may, in our counsel’s opinion, be necessary or advisable to protect our interests in any litigation or USPTO or other administrative or agency proceeding or to otherwise protect and maintain our interests and the interests of any other person or entity (including any affiliate) having an interest in the Marks.

You cannot register any of the Marks now or in the future owned by us or any abbreviation, acronym or variation of the Marks, or any other name that could be deemed confusingly similar, as internet domain names. We retain the sole right to advertise the system on the internet and to create, operate, maintain and modify, or discontinue using of a website using the Marks. You may access our website. Except as we may authorize in writing in advance, however, you cannot: (a) link or frame our website; (b) conduct any business or offer to sell or advertise any products or services on the worldwide web; and (c) create or register any internet domain name in connection with your franchise.

We will indemnify you against and reimburse you for all damages for which you are held liable for your use of any of the Marks, provided that the conduct of you and your principals in the proceeding and use of the Marks is in full compliance with the terms of the ARA.

Except as provided above, we are not obligated by the ARA to protect any rights granted to you to use the Marks or to protect you against claims of infringement or unfair competition with respect to them. Although we are not contractually obligated to protect the Marks or your right to use them, as a matter of corporate policy we intend to defend the Marks vigorously.

If it becomes advisable at any time in our sole discretion, we may require you, at your expense, to discontinue or modify your use of any of the Marks or to use one or more additional or substitute trade names, service marks, trademarks, symbols, logos, emblems and indicia of origin if we determine that an addition or substitution will benefit the System. You must comply with our directions within a reasonable period of time after receiving notice. We will not be obligated to reimburse you for any loss of revenue attributable to any modified or discontinued Marks or for any expenditures you make to promote a modified or substitute trademark or service mark.

The license to use the Marks granted in the ARA is non-exclusive to you. We have and retain certain rights in the Marks including the following:

1. To grant other licenses for the use of the Marks in addition to those licenses already granted or to be granted to franchisees and area representatives;
2. To develop and establish other systems using the Marks or other names or marks, and to grant licenses or franchises in those systems without providing any rights to you; and
3. To engage, directly or indirectly, at wholesale, retail or otherwise, in (a) the production, distribution, license and sale of products and services and (b) the use of the Marks and any and all trademarks, trade names, service marks, logos, insignia, slogans, emblems, symbols, designs and other identifying characteristics we may develop for that purpose.

#### **ITEM 14**

#### **PATENTS, COPYRIGHTS AND PROPRIETARY INFORMATION**

**Patents and Copyrights:** We do not have an ownership interest in any patents or copyrights that are material to the operation of your franchised business.

**Confidential Operations Manual:** You must operate the AR Business in accordance with the standards and procedures specified in the Manual. One copy of the Manual will be loaned to you by us for the term of the ARA.

You must treat the Manual and any other manuals we create or approve for use in your operation of the Franchised Business, and the information contained in them, as confidential. You must also use all reasonable efforts to maintain this information as secret and confidential and you must not duplicate, copy, record or otherwise reproduce these materials, in whole or in part, or make them available to any unauthorized person. The Manual remains our sole property and must be kept in a secure place on the premises of the Franchised Business.

We may revise the contents of the Manual and you must comply with each new or changed standard. You must also make sure that the Manual is kept current at all times. If there is a dispute regarding

the contents of the Manual, the terms of the master copy maintained by us at our home office will be controlling.

**Confidential Information:** We claim proprietary rights in certain of our recipes which are included in the Manual and which are our trade secrets. You and each of your owners are prohibited, during and after the term of your Agreement, from communicating, or using for the benefit of any other person or entity, and, after the term of your Agreement, from using for your or their own benefit, any confidential information, knowledge or know-how concerning the methods of operation of the Franchised Business that may be communicated to you or any of your owners or that you may learn about, including these trade secrets. You and each of your owners may divulge this confidential information only to your employees who must have access to it to operate the Franchised Business. Neither you nor your owners are permitted at any time, without first obtaining our written consent, to copy, record or otherwise reproduce the materials or information nor make them available to any unauthorized person. Any and all information, knowledge, know-how and techniques related to the System that we communicate to you, including the Manual, recipes, plans and specifications, marketing information and strategies and site evaluation, selection guidelines and techniques, are considered confidential.

You must have any of your personnel who have received or will have access to confidential information sign the Confidentiality and Non-Competition Agreement included as an attachment to the Area Representative Agreement. We will be a third-party beneficiary of these covenants with the independent right to enforce them.

If you, your owners or employees develop any new concept, process or improvement in the operation or promotion of the Franchised Business, you must promptly notify us and give us all necessary information, free of charge. You, your owners and employees must acknowledge that any of these concepts, processes or improvements will become our property and we may give the information to other franchisees.

## **ITEM 15**

### **OBLIGATION TO PARTICIPATE IN THE ACTUAL OPERATION OF THE FRANCHISE BUSINESS**

Under the ARA, you must designate people acceptable to us to act as field representatives once there are the requisite number of Restaurants located within your Development Area. Until that time, you should personally perform all Area Representative functions. If your relationship with a field representative terminates, you must promptly designate a replacement acceptable to us who will, at your expense and subject to our then-current charges, satisfactorily complete training. You must hire and maintain the number and level of management personnel needed for the conduct of business under the ARA and adequate management and supervisory personnel for all Restaurants developed under the ARA. You must make sure that personnel are properly trained to perform their duties.

As described in Item 14, we may require you to obtain confidentiality and/or non-competition agreements from certain of your employees including any management and other personnel who will have access to our proprietary and confidential information. We will be a third-party beneficiary of each agreement with the independent right to enforce the agreement's terms. If your AR Business is owned by an entity, all owners of the entity must personally sign the Area Representative as a "Principal". If you are a married individual, your spouse must sign our Spousal Guaranty, which is attached to our Area Representative Agreement as Attachment 3.

**ITEM 16**  
**RESTRICTIONS ON WHAT THE FRANCHISEE MAY SELL**

Unless we otherwise consent in writing, you are restricted to providing the following services on our behalf in your Development Area: (1) Solicitation Services, (2) Site Services, and (3) Support Services. You will perform these services in accordance with our standards and specifications which will be provided to you in the Manual and other written directives we may give you. We may, at any time, change, delete, add to or modify any of our standards and specifications. These changes, deletions, additions or modifications, which will be uniform for all Area Representatives, may require additional expenditures by you. To protect our common interests, you must operate your AR Business in strict compliance with the ARA, the Manual, and the directives and other written materials we publish or provide to you.

You must only solicit prospective franchisees for standard franchises as well as for multi-unit operators that we have approved for sale, must only offer the services that we specify, must not deviate from our standards and specifications without our written consent, and must discontinue offering for sale any franchises, or providing services, that we disapprove of in writing. We may change or add to the types of franchises you are authorized to solicit prospective franchisees for and to whom you may provide services. There are no limits on our right to make these changes.

You must operate your AR Business in strict conformity with all applicable federal, state, and local constitutions, statutes, regulations, ordinances, and case law. These constitutions, statutes, regulations, ordinances, and laws vary from jurisdiction to jurisdiction.

As long as the Restaurant franchise to be sold is to be located in your Development Area, you may solicit prospective franchisees from anywhere, even if the prospective franchisee lives or works in another Area Representative's development area. Other Area Representatives may solicit prospective franchisees for their development areas from anywhere, even if the prospective franchisee resides in your Development Area.

**ITEM 17**  
**RENEWAL, TERMINATION, TRANSFER AND DISPUTE RESOLUTION**

**THE AREA REPRESENTATIVE RELATIONSHIP**

**This table lists certain important provisions of the franchise and related agreements. You should read these provisions in the agreements attached to this disclosure document.**

<b>Provision</b>	<b>Section in Area Representative Agreement</b>	<b>Summary</b>
a. Length of the area representative agreement term	1	10 years
b. Renewal or extension of the term	1	Renew for an additional consecutive 10-year term with an option for a third consecutive 10-year term

Provision	Section in Area Representative Agreement	Summary
c. Requirements for area representative to renew or extend	2	Conditions include providing us with at least six months prior notice; not in default of the ARA; not be in default under any agreement with us or our affiliates; sign our then-current ARA, which may contain materially different terms from the current agreement; sign a general release; complete any additional training we require, pay us a renewal fee
d. Termination by area representative	Not applicable	The Agreement does not provide for this, but you may seek to terminate on any grounds available to you at law.
e. Termination by franchisor without cause	8	We or the purchaser of the Atomic Wings System may, at any time, elect to purchase your ongoing commissions and terminate the Area Representative Agreement for an amount equal to five times your commissions from the last 12 months.
f. Termination by franchisor with cause	11	We can terminate if you commit any one of several listed violations
g. “Cause” defined – curable defaults	11	Any default that is deemed to be curable, and not included as a non-curable default
h. “Cause” defined – non-curable defaults	11	Unauthorized transfer of ARA, become insolvent or make a general assignment for the benefit of creditors, bankruptcy or bankruptcy petition; filing and consenting of bill in equity or other proceeding or for appointment of receiver or other custodian for you or your business or assets; if you are dissolved; if execution is levied against your business or property, if suit to foreclose any lien or mortgage against your business premises or equipment, or if your real or personal property is sold after levy by any sheriff, marshal or constable; if you are convicted of a felony, crime involving moral turpitude or other crime or offense which has an adverse effect on your business, the System, Proprietary Marks, or the goodwill associated with the Proprietary Marks; uncured defaults; repeated defaults.

Provision	Section in Area Representative Agreement	Summary
i. Area representative's obligations on termination/ non-renewal	12	Stop operating Franchised Business(s); stop providing services or assistance to System franchisees; stop using the Proprietary Marks, any confidential methods, procedures and techniques, signs, equipment, advertising materials, stationery, forms, and other articles which display the Proprietary Marks of the Franchised Business; cancel any assumed name or registration which contain the Marks and provide evidence within 30 days after termination; may not use any reproduction, counterfeit, copy or colorable imitation of the Proprietary Marks in the future; may not falsely suggest or represent association or connection with us; pay all damages, costs, and expenses incurred by us as a result of default or in obtaining injunctive or other relief; turn over all materials including manuals, records, files, instructions, correspondence, etc. and materials relating to operating the business, and will not retain any copy or records.
j. Assignment of contract by franchisor	8	No restriction on our right to assign. However, no assignment will be made except to an assignee who, in good faith and judgment of the franchisor, is willing and financially able to assume the franchisor's obligations under the ARA.
k. "Transfer" by area representative – defined	8	You have the right, with our consent to transfer subject to certain conditions.
l. Franchisor approval of transfer by area representative	8	We have the right to approve all transfers, our consent will not to be unreasonably withheld
m. Conditions for franchisor approval of transfer	8	You have the right, with our consent to transfer subject to the following conditions: no sale during the first year of the ARA; transferee/assignee must meet our then-current financial and educational requirements; transferee/assignee must attend and complete our training class; all accounts of both transferee/assignee must be paid in full before assignment; you must train transferee/assignee for two months before transfer and for two months after transfer (in addition to completing training); you pay transfer fee; transferee/assignee signs then-current ARA.

Provision	Section in Area Representative Agreement	Summary
n. Franchisor's right of first refusal to acquire area representative's business	8	We have a right of first refusal to acquire your business on the same terms being offered by a third party
o. Franchisor's option to purchase area representative's business	8	At any time after your first year in business, we have the right to repurchase the development rights granted to you and take back the Development Area. We or the purchaser of the Atomic Wings System may, at any time, elect to purchase your ongoing commissions and terminate the Area Representative Agreement for an amount equal to five times your commissions from the last 12 months.
p. Death or disability of area representative	8	Interest must be transferred to an approved party within 12 months
q. Non-competition covenants during the term of the franchise	10	Cannot divert business or operate a competing business anywhere.
r. Non-competition covenants after the franchise is terminated or expires	10	No competing business for two years and within 20 miles of any Restaurant in the System.
s. Modification of the agreement	23	No modifications except by mutual agreement of the parties. Revisions to the ARA will not unreasonably affect your obligations, including economic requirements under the ARA.
t. Integration/merger clause	19	Only the terms of the ARA and other related written agreements are binding (subject to state law). Any representations or promises outside the disclosure document and ARA may not be enforceable.
u. Dispute resolution by arbitration or mediation	22	Except for actions brought by us for monies owed, injunctive or extraordinary relief, or actions involving real estate, all disputes must be arbitrated in Prince George's County, Maryland (subject to state law)
v. Choice of forum	22	Prince George's County, Maryland, (subject to state law)
w. Choice of law	21	The ARA is to be interpreted, governed and construed under Maryland law (subject to state law)

**ITEM 18**  
**PUBLIC FIGURES**

We do not use any public figure to promote our franchise.

**ITEM 19**  
**FINANCIAL PERFORMANCE REPRESENTATIONS**

The FTC's Franchise Rule permits a franchisor to provide information about the actual or potential financial performance of its franchised and/or franchisor-owned outlets, if there is any reasonable basis for the information, and if the information is included in the disclosure document. Financial performance information that differs from that included in Item 19 may be given only if: (1) a franchisor provides the actual records of an existing outlet you are considering buying; or (2) a franchisor supplements the information provided in this Item 19, for example, by providing information about possible performance at a particular location or under particular circumstances.

Atomic Wings Franchisor Inc. does not make any financial performance representations. We also do not authorize our employees or representatives to make any such representations either orally or in writing. If you are purchasing an existing outlet, however, we may provide you with the actual records of that outlet. If you receive any other financial performance information or projections of your future income, you should report it to the franchisor's management by contacting the corporate office at 5010 Branchville Road, College Park, Maryland, 20740, or (917) 284-2910, the Federal Trade Commission, and the appropriate state regulatory agencies.

A list of the names of all area representatives and the addresses and telephones numbers of the franchises will be provided in Exhibit C to this disclosure document when applicable.

The name, city, state and current business telephone number (or if unknown, the last known home telephone number) of every area representative who had a franchise terminated, cancelled, not renewed or otherwise voluntarily or involuntarily ceased to do business under the ARA during the most recently completed fiscal year or who has not communicated with us within 10 weeks of the issuance date of this disclosure document will be listed on Exhibit C to this disclosure document when applicable. **If you buy this franchise, your contact information may be disclosed to other buyers when you leave the franchise system.**

During the last three fiscal years, we have not had any franchisees sign confidentiality provisions that would restrict their ability to speak openly about their experience with the Atomic Wings System.

There are no trademark-specific organizations formed by our franchisees that are associated with the Atomic Wings System.

## INDEPENDENT AUDITORS' REPORT

To the members of  
Atomic Wings Franchisor Inc  
New York,

We have audited the accompanying balance sheet of Atomic Wings Franchisor Inc as of December 31, 2020, and the related consolidated statements of income, and cash flow for the year then ended. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of the internal control relevant, to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### Auditors' Responsibility

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

### Opinion

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of Atomic Wings Franchisor Inc as of December 31, 2020, and the results of its operations and its cash flows for the year then ended, in conformity with accounting principles generally accepted in the United States of America.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole.

## **ATOMIC WINGS FRANCHISOR INC.**

### **(An S Corporation)**

## **NOTES TO FINANCIAL STATEMENTS**

### **Note 1 – Summary of Significant Accounting Policies**

#### **Business Activity**

Atomic Wings Franchisor Inc. (“the Company”) was incorporated in the State of New Jersey on July 12, 2006. Its principal operation is the sale of franchises of restaurants called, “Atomic Wings”, which offer buffalo-style chicken wing products as the menu focal point. The company derives income from franchise fees and royalties from franchisees.

#### **Basis of Accounting**

The accompanying financial statements are presented using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (“GAAP”).

#### **Property and Equipment**

Property and equipment are recorded at cost and are depreciated using the straight-line method over the estimated useful lives of the assets which are five years for automobiles, three to ten years for computer and office equipment, seven years for furniture and fixtures, and the term of the lease for leasehold improvements.

The Company reviews long-lived assets and all intangible assets for impairment whenever events or changes in circumstance indicate that the carrying amount of such assets may not be recoverable. Any long-lived assets held for disposal are reported at the lower of their carrying amount or fair value less cost to sell.

#### **Use of Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions about future events. These estimates and assumptions affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements, as well as reported amounts of revenues and expenses during the reporting period. Management evaluates the estimates

**SILVA'S**

and assumptions on an ongoing basis using historical experience and other factors that management believes to be reasonable under the circumstances. Adjustments to estimates and assumptions are made as facts and circumstances require. As future events and their effects cannot be determined with certainty, actual results could differ from the estimates and assumptions used in preparing the accompanying financial statements. Significant estimates and assumptions are required as part of determining the value of accounts receivable and estimating depreciation.

### Revenue Recognition

Revenue is recognized when services have occurred and the amount of revenue is measurable. Revenue from the sale of products is recognized when there is persuasive evidence of an arrangement and the product has been accepted by the customer (franchisee).

Initial franchise fees are recognized upon finalization of the franchise agreement and completion of services required under the operations agreement related to the opening of a franchise. Master (area) franchise fees are recognized upon execution of the franchise agreement and the master franchise attaining the ability to open and sell franchises within the designated area. The company recognizes royalty fees monthly, as earned. Subcontractor revenue is recognized when the services have occurred.

### Income Taxes

The Company, with the consent of its shareholders, has elected under the Internal Revenue Code to be an S Corporation. In lieu of corporation income taxes, the shareholders of an S Corporation are taxed on their proportionate share of the Company's taxable income; therefore, no provision or liability for federal income taxes has been included in these financial statements.

### Note 2 – Property and Equipment

Property and equipment at December 31 consist of the following:

	Year End 12/31/2019	Year End 12/31/2020
Office Furniture & Fixtures	5,939.57	5,939.57
Accumulated Depreciation	- 4,914.60	- 5,229.68

### Note 3 – Other Assets

Other Assets at December 31 consist of the following:

	Year End 12/31/2019	Year End 12/31/2020
Organization Cost	123,719.00	123,719.00
Accum. Amortization cost	- 108,598.49	- 116,846.42
Total Other Assets	15,120.51	6,872.58

### Note 4 – Current Liabilities

Current Liabilities at December 31 consist of the following:

	Year End 12/31/2019	Year End 12/31/2020
Accounts Payable	900.00	-
Other current Liabilities	8,457.60	8,457.60
Total Current Liabilities	9,357.60	8,457.60

### Note 5 – Long-Term Liabilities

Long-Term Liabilities at December 31 consist of the following:

EIDL Loan	-	56,400.00
PPP Loan	-	7,750.00
Total Long-Term Liabilities	-	64,150.00

## Note 7 – Capital

Capital at December 31 consist of the following:

	Year End	Year End
	12/31/2019	12/31/2020
Common stock-no par value 200 shares authorized, 100 shares issued and outstanding)	25,000.00	25,000.00
Additional Paid in Capital	209,236.19	209,236.00
Retained Earnings	- 124,131.81	- 218,656.18
Members Draws	- 108,124.26	- 80,372.65
Net Income	13,598.89	81,955.82
Total Capital	<u>15,479.01</u>	<u>17,162.99</u>

## Note 7 - Franchising

Master franchise agreements provide for the development of franchise businesses within a defined geographic territory. Master franchise agreements grant the franchisee the right to establish and operate franchised businesses and to locate, train, and provide support to other franchisees within the defined geographic territory. The Company's master franchise agreements do not have benchmarks for the number of businesses to be opened and operational. Master franchises generate 2.5% royalties based on gross revenues from all franchises within their designated area. The Company remits the master franchise royalties from the 5% royalties assessed on gross revenue; accordingly, for franchises with a master franchise, the Company realizes 2.5% royalties on gross revenues.

Franchise fee revenue from individual and master franchise sales is recognized when substantially all services related to the sale have been performed.

For individual franchise sales, substantial performance is satisfied when the owner is trained and the franchise is operational. For master franchise sales, substantial performance is satisfied when the owner is trained. Because the Company's master franchises do not require a designated number of franchise businesses to be established, substantial performance is satisfied when the owner is trained.

As territory is assigned to each franchise sold, the Company may reach the point where existing markets become saturated and initial franchising revenue declines. Unless new markets are entered into, franchise revenues after market saturation will come primarily from continuing and renewal fees for existing franchises.

As December 31, 2020, all franchise fee revenue had been collected; initial and master franchise fees had been collected. As December 31, 2019, all franchise fee revenue had been collected; initial franchise fees had been collected. There were not deferred revenue.

The below summary of sold and operational individual and master franchises is cumulative through the end of the applicable period. Cumulative information on the number of franchises as December 31 is as follows:

	Year End 2019	Year End 2020
<b><u>Individual Franchises</u></b>		
Sold	3	5
Operational	10	15
<b><u>Master Franchises</u></b>		
Sold	0	1
Operational	0	1

## INDEPENDENT AUDITORS' REPORT

To the members of  
Atomic Wings Franchisor Inc  
New York,

We have audited the accompanying balance sheet of Atomic Wings Franchisor Inc as of December 31, 2019, and the related consolidated statements of income, and cash flow for the year then ended. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of the internal control relevant, to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### Auditors' Responsibility

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

### Opinion

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of Atomic Wings Franchisor Inc as of December 31, 2019, and the results of its operations and its cash flows for the year then ended, in conformity with accounting principles generally accepted in the United States of America.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole.

## **ATOMIC WINGS FRANCHISOR INC.**

### **(An S Corporation)**

## **NOTES TO FINANCIAL STATEMENTS**

### **Note 1 – Summary of Significant Accounting Policies**

#### **Business Activity**

Atomic Wings Franchisor Inc. (“the Company”) was incorporated in the State of New Jersey on July 12, 2006. Its principal operation is the sale of franchises of restaurants called, “Atomic Wings”, which offer buffalo-style chicken wing products as the menu focal point. The company derives income from franchise fees and royalties from franchisees.

#### **Basis of Accounting**

The accompanying financial statements are presented using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (“GAAP”).

#### **Property and Equipment**

Property and equipment are recorded at cost and are depreciated using the straight-line method over the estimated useful lives of the assets which are five years for automobiles, three to ten years for computer and office equipment, seven years for furniture and fixtures, and the term of the lease for leasehold improvements.

The Company reviews long-lived assets and all intangible assets for impairment whenever events or changes in circumstance indicate that the carrying amount of such assets may not be recoverable. Any long-lived assets held for disposal are reported at the lower of their carrying amount or fair value less cost to sell.

#### **Use of Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions about future events. These estimates and assumptions affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements, as well as reported amounts of revenues and expenses during the reporting period. Management evaluates the estimates

and assumptions on an ongoing basis using historical experience and other factors that management believes to be reasonable under the circumstances. Adjustments to estimates and assumptions are made as facts and circumstances require. As future events and their effects cannot be determined with certainty, actual results could differ from the estimates and assumptions used in preparing the accompanying financial statements. Significant estimates and assumptions are required as part of determining the value of accounts receivable and estimating depreciation.

### Revenue Recognition

Revenue is recognized when services have occurred and the amount of revenue is measurable. Revenue from the sale of products is recognized when there is persuasive evidence of an arrangement and the product has been accepted by the customer (franchisee).

Initial franchise fees are recognized upon finalization of the franchise agreement and completion of services required under the operations agreement related to the opening of a franchise. Master (area) franchise fees are recognized upon execution of the franchise agreement and the master franchise attaining the ability to open and sell franchises within the designated area. The company recognizes royalty fees monthly, as earned. Subcontractor revenue is recognized when the services have occurred.

### Income Taxes

The Company, with the consent of its shareholders, has elected under the Internal Revenue Code to be an S Corporation. In lieu of corporation income taxes, the shareholders of an S Corporation are taxed on their proportionate share of the Company's taxable income; therefore, no provision or liability for federal income taxes has been included in these financial statements.

### Note 2 – Property and Equipment

Property and equipment at December 31 consist of the following:

	Year End	Year End
	12/31/2018	12/31/2019
Office Furniture & Fixtures	5.939,57	5.939,57

## **Note 6 - Franchising**

Master franchise agreements provide for the development of franchise businesses within a defined geographic territory. Master franchise agreements grant the franchisee the right to establish and operate franchised businesses and to locate, train, and provide support to other franchisees within the defined geographic territory. The Company's master franchise agreements do not have benchmarks for the number of businesses to be opened and operational. Master franchises generate 2.5% royalties based on gross revenues from all franchises within their designated area. The Company remits the master franchise royalties from the 5% royalties assessed on gross revenue; accordingly, for franchises with a master franchise, the Company realizes 2.5% royalties on gross revenues.

Franchise fee revenue from individual and master franchise sales is recognized when substantially all services related to the sale have been performed.

For individual franchise sales, substantial performance is satisfied when the owner is trained and the franchise is operational. For master franchise sales, substantial performance is satisfied when the owner is trained. Because the Company's master franchises do not require a designated number of franchise businesses to be established, substantial performance is satisfied when the owner is trained.

As territory is assigned to each franchise sold, the Company may reach the point where existing markets become saturated and initial franchising revenue declines. Unless new markets are entered into, franchise revenues after market saturation will come primarily from continuing and renewal fees for existing franchises.

As of December 31, 2019, all franchise fee revenue had been collected. As December 31, 2018, all franchise fee revenue had been collected. At December 31, 2019 and 2018 no initial franchise or broker fees collected. There were not deferred revenue.

## **INDEPENDENT AUDITORS' REPORT**

Atomic Wings Franchisor Inc  
New York, New York

We have audited the accompanying balance sheet of Atomic Wings Franchisor Inc as of December 31, 2018, and the related consolidated statements of income, and cash flow for the year then ended. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of Atomic Wings Franchisor Inc as of December 31, 2018, and the results of its operations and its cash flows for the year then ended, in conformity with accounting principles generally accepted in the United States of America.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole.

A handwritten signature in black ink, appearing to read 'Mario Silva'.

## **ATOMIC WINGS FRANCHISOR INC.**

### **(An S Corporation)**

## **NOTES TO FINANCIAL STATEMENTS**

### **Note 1 – Summary of Significant Accounting Policies**

#### **Business Activity**

Atomic Wings Franchisor Inc. (“the Company”) was incorporated in the State of New Jersey on July 12, 2006. Its principal operation is the sale of franchises of restaurants called, “Atomic Wings”, which offer buffalo-style chicken wing products as the menu focal point. The company derives income from franchise fees and royalties from franchisees.

#### **Use of Estimates**

Management uses estimates and assumptions in preparing financial statements. Those estimates and assumptions affect the reported amounts of assets and liabilities, the disclosures of contingent assets and liabilities and reported revenues and expenses. Actual results could differ from those estimates.

#### **Revenue and Cost Recognition**

The Company revenue consists of fees from restaurants operated by franchisees, including initial franchise fees, and continuing royalties based on sales. Initial franchise fees are recognized when the Company has performed substantially all initial services required by the franchise agreement. Continuing royalties are recognized in the period earned.

#### **Income Taxes**

The Company, with the consent of its shareholders, has elected under the Internal Revenue Code to be an S Corporation. In lieu of corporation income taxes, the shareholders of an S Corporation are taxed on their proportionate share of the Company’s taxable income; therefore, no provision or liability for federal income taxes has been included in these financial statements.

### **Note 2 - Related Party Transactions**

The Company advances funds to and receives funds from affiliates which are non interest-bearing and due on demand.

**ATOMIC WINGS FRANCHISOR INC**  
**AREA REPRESENTATIVE AGREEMENT**

**THIS AGREEMENT**, entered into on \_\_\_\_\_, by and between the franchisor Atomic Wings Franchisor Inc., a New Jersey corporation, with its principal address at 5010 Branchville Road, College Park, Maryland, 20740 (herein referred to as “we”, “us” or “our”) and \_\_\_\_\_, a(n) \_\_\_\_\_, whose principal address is \_\_\_\_\_, and \_\_\_\_\_’s principal(s) \_\_\_\_\_, an individual residing at \_\_\_\_\_, and \_\_\_\_\_, an individual residing at \_\_\_\_\_ (“Principal(s)”), who will act as the area representative under this Agreement. \_\_\_\_\_ and \_\_\_\_\_ Principal(s) shall be collectively referred to in this Agreement as “you” or “your”.

**W I T N E S S E T H:**

**WHEREAS**, as the result of the expenditure of time, skill, effort and money, we have developed and own a unique and distinctive system (hereinafter “System”) relating to the establishment and operation of a quick service restaurant in a casual environment under the mark “Atomic Wings” that provides on-premises dining as well as carry-out and delivery services (the “Franchised Restaurant”). The Franchised Restaurants offer Buffalo-style chicken wings that are Halal and are hormone and antibiotic free, served in varying degrees of spiciness, appetizers, burgers, sandwiches, chili, soups, Mexican food, desserts in accordance with specified recipes and procedures (“Menu Items”) of which may be changed by us from time to time With prior written approval, the Franchised Restaurant may offer the additional menu items of gyros, falafel and chicken over rice and if permitted by applicable law, may serve beer and wine;

**WHEREAS**, the distinguishing characteristics of the System include, without limitation, distinctive exterior and interior design, décor, color scheme, and furnishings; proprietary products and ingredients; proprietary recipes and special menu items, uniform standards, specifications, and procedures for operations; quality and uniformity of products and services offered; procedures for inventory, management and financial control; training and assistance; and advertising and promotional programs; all of which may be changed, improved, and further developed by us from time to time;

**WHEREAS**, we identify the System by means of certain trade names, service marks, trademarks, logos, emblems and indicia of origin, including, but not limited to, the marks “Atomic Wings” and such other trade names, service marks, and trademarks as are now designated (and may hereafter be designated by us in writing) for use in connection with the System (hereinafter referred to as “Marks” or “Proprietary Marks”);

**WHEREAS**, we continue to develop, use and control the use of such Marks in order to identify for the public the source of services and products marketed thereunder and under the System, and to represent the System’s high standards of quality, appearance and service;

**WHEREAS**, we grant to qualified persons the right to become an “Atomic Wings” area representative who will be advertising for new franchisees and developing and assisting franchisees of ours who are operating within the area representative’s assigned area and utilizing our business systems, formats, methods, specifications, standards, operating procedures, operating assistance, and Marks;

**WHEREAS**, you acknowledge that you have read this Agreement and our Franchise Disclosure Document and acknowledge that you understand the importance of our high standards of quality and service and the necessity of operating the business franchised hereunder in conformity with our standards and specifications;

**WHEREAS**, you desire to serve as our area representative in the territory designated herein, wish to be licensed to use the Marks and wish to receive the training and other assistance provided by us in connection with the operation of the area representative franchise (hereinafter the “AR Business”). You understand that by acting as our area representative you shall have responsibility for marketing our franchise opportunity, soliciting and pre-qualifying prospective franchisees, selling franchises, assisting franchisees with locating and developing sites, and assisting franchisees with Franchised Restaurant openings;

**WHEREAS**, you understand and acknowledge the importance of our high uniform standards of quality, service, and appearance and the importance of ensuring the maintenance of those high standards by all franchisees of ours in the territory described herein; and

**WHEREAS**, you understand and acknowledge the importance of assisting franchisees serviced by you to provide quality services and to fully conform to our policies and procedures as stated in our Confidential Operations Manuals.

**NOW, THEREFORE**, the parties in consideration of the undertakings and commitments of each party to the other party stated herein, hereby mutually agree as follows:

## **SECTION 1**

### **APPOINTMENT AND INITIAL FEE**

1.1 We hereby grant to you, upon the terms and conditions herein contained, the right to serve as our area representative within the territory described in Attachment 1 annexed hereto (hereinafter referred to as the “Development Area”), and a non-exclusive license to use in connection therewith the Marks and System, as they may be changed, improved, and further developed from time to time.

1.2 You hereby undertake the obligation to diligently screen and evaluate individuals to become franchisees of ours at locations within the Development Area, and to undertake our field responsibilities for development and service prescribed herein to franchisees which operate Franchised Restaurants, as defined in Section 1.9 hereof, in the Development Area. You shall not be permitted to solicit or screen individuals outside of the Development Area. You may only undertake our field responsibilities for franchise solicitation and service. You understand and acknowledge that you do not have any authority to negotiate terms with any prospective franchisee or to execute any agreements, including franchise agreements, on our behalf or in our name.

1.3 During the term of this Agreement, you shall be responsible for the following duties and obligations:

(a) You shall achieve an annual cumulative growth target for new Franchised Restaurants in the Development Area, which will require you to be responsible for your own marketing, advertising, public relations, hiring of brokers or other means of successfully recruiting franchisees into the System, coordinating discovery days for prospective franchisees and handing out materials provided by us;

(b) You shall assist prospective franchisees with conducting a market analysis, site analysis, request to us for site approval, competitive analysis and other tasks that we may require you to complete; and

(c) You shall assist franchisees in the marketing and promotion of their Franchised Restaurants according to the guidelines, specifications and strategies established by us using marketing and promotional materials approved by us.

Your failure to meet any of the obligations listed in this Section 1.3 shall be deemed a default of this Agreement and you will have thirty (30) days to cure such default.

1.4 During the term of this Agreement, and provided there is no uncured default hereunder, we agree that we will not license any other area representative for the Development Area.

1.5 You shall be entitled, as provided under Section 4.1 hereof, to receive compensation from us for each Franchised Restaurant sold by us under the System in the Development Area during the term of this Agreement, including Franchised Restaurants we sell to you or your affiliate within the Development Area.

1.6 You shall be obligated to present us with potential franchisees in the time and manner described in Section 5.5 below. You shall screen and propose franchisees to open Atomic Wings Restaurant franchises in the Development Area only.

1.7 Provided you are not in default of any of your obligations hereunder, we shall not, during the term of this Agreement, own or operate or license others to own or operate as an area representative in the Development Area; however, we shall retain the right to (i) solicit Atomic Wings franchisees both inside and outside your Development Area and (ii) use the Marks in any advertising or promotion pursuant to the provisions of Section 6.1 hereof.

1.8 Upon execution of this Agreement, you shall pay an Area Representative Rights Fee of \_\_\_\_\_ Dollars (\$ \_\_\_\_\_), which fee shall be deemed fully earned and non-refundable.

1.9 For purposes of this Agreement, the terms listed below have the meanings that follow them. Other terms used in this Agreement are defined and construed in the context in which they occur.

1.9.1 “**Competitive Business**” – A service business other than an Atomic Wings Restaurant which (a) offers chicken wings as its primary menu items, or (b) grants or has granted franchises or licenses or establishes or has established joint ventures for the development and/or operation of a business described in the foregoing clause (a).

1.9.2 “**Atomic Wings Restaurant**”, “**Franchised Restaurant**” or “**Restaurant**” – A food service business that: (a) offers the products and services authorized by us to be provided, including chicken wings as its primary menu item; (b) meets our standards and specifications; (c) operates using the Marks and the System; and (d) is either operated by us or our affiliates or pursuant to a valid license from us.

## SECTION 2

### **TERM AND RENEWAL**

2.1 Except as otherwise provided, the term of this Agreement shall be for ten (10) years from the date of its execution.

2.2 You may, at your option, renew this Agreement for an additional consecutive ten (10) year term, with an option for a third (3<sup>rd</sup>) consecutive ten (10) year term, provided that prior to the end of the applicable term the following conditions are met:

(a) You have given us written notice of your election to renew not less than six (6) months or more than twelve (12) months prior to the end of the then-current term.

(b) You are not in default of any provision of this Agreement, any amendment hereof or successor hereto, or any other agreement between you and us or our subsidiaries or affiliates, and have complied with all of the terms and conditions of such agreements during the terms thereof.

(c) You shall have executed upon renewal our then-current form of renewal Area Representative Agreement, which agreement shall supersede this Agreement in all respects, and the terms of which may differ from the terms of this Agreement, excluding a compensation rate and method of computing same; but shall contain an additional development schedule and minimum qualifications for proposing qualified prospective franchisees to us.

(d) You shall execute a general release, in a form prescribed by us, of any and all claims against us, our subsidiaries or affiliates, and our respective officers, shareholders, directors, agents, and employees.

(e) You shall comply with our then-current qualification and training requirements, including, without limitation, any training requirements specifically designed for renewing area representatives. For any training required by this Section, we shall provide and pay for the instructors, training facilities, and training materials; you must pay for all other expenses incurred in training including, without limitation, the costs of travel, room, board, and wages (for employees required to attend).

(f) You shall pay to us a renewal fee of Seven Thousand Five Hundred Dollars (\$7,500) upon execution of the renewal Agreement.

### **SECTION 3**

#### **OUR DUTIES**

In addition to the other obligations and duties stated in this Agreement, we agree as follows:

3.1 Unless we waive this requirement based on previous experience, we or our designated agent shall provide an initial training program to be conducted at our headquarters or at a location designated by us for you and up to two (2) additional trainees, and shall make available such other subsequent training programs to your core team as we deem appropriate. All training provided by us shall be subject to the terms stated in Section 5 of this Agreement, and shall be at such times and places as may be designated by us. This training is in addition to the initial training required under any per unit franchise agreement you must sign with us for a Franchised Restaurant you own.

3.2 We shall provide you, at no cost, with one (1) copy of our Disclosure Document required by the Federal Trade Commission and, if applicable, the laws of the state(s) within the Development Area. If requested by us, you shall at your expense provide such assistance as we deem necessary in order to develop or adapt the Disclosure Document for use in the state(s) in which the Development Area is located. We shall also make available to you certain materials for promoting the sale of franchises to prospective franchisees. These materials may include advertising layouts, brochures, and other materials. You may, at your own expense, use your own sales materials if you have obtained our prior written approval from us for such materials, as provided in Section 7 below.

3.3 We shall use our commercially reasonable efforts to promptly process all applications made by prospective franchisees and forwarded to us by you and shall not unreasonably withhold our approval of any prospective franchisee, provided such prospect meets the educational, professional, managerial, business, financial, and other qualifications as we may from time to time prescribe for new franchisees.

**NOTHING IN THIS AGREEMENT SHALL BE INTERPRETED TO PROVIDE YOU WITH THE POWER OR AUTHORITY TO NEGOTIATE CONTRACT TERMS WITH ANY PROSPECTIVE FRANCHISEE, TO GRANT FRANCHISES, OR TO EXECUTE ANY FRANCHISE AGREEMENTS WITH FRANCHISEES ON OUR BEHALF. WE SHALL HAVE THE OPTION, IN OUR SOLE DISCRETION, TO APPROVE OR DENY A FRANCHISE TO ANY PROSPECTS PROPOSED TO US BY YOU, AND WE WILL HAVE THE SOLE AUTHORITY TO EXECUTE FRANCHISE AGREEMENTS WITH FRANCHISEES.**

We shall have the right to conduct our relationship with prospective franchisees and franchisees, and to operate our business, as we deem appropriate, and whether or not you agree with our decisions (including but not limited to the right to decide whether or not to approve a party to become a franchisee, accept a proposed site, accept a proposed lease for approved premises, amend or revise the terms of a franchise agreement, increase or decrease the obligations of us or a franchisee under a franchise agreement, require a franchisee to meet all of the provisions of a franchise agreement, terminate a franchise agreement, permit a franchisee to transfer its rights to a buyer, and/or permit a franchisee to renew).

3.4 We shall provide the entire initial training program to each new System franchisee. The entire training program shall be held at our headquarters or at such other place as may be designated by us in writing; and we shall pay only for the instructors, training facilities, and training materials.

3.5 We shall continue our efforts to maintain high standards of quality professionalism and service of the AR Business, and to that end may conduct inspections of any business premises operated hereunder by you and closely monitor your promotional efforts and service efforts, which may include, without limitation, contacting prospective and existing franchisees and monitoring sales presentations by you and your personnel.

3.6 We shall not, by virtue of any approvals, advice, or services provided to any System franchisee, assume responsibility for or liability to you, System franchisee, or any third parties to which we would not otherwise be subject. However, we will not be excused for our breaches of this Agreement or our willful misconduct.

3.7 We shall provide you with a detailed Confidential Operations Manual and other items that will form the foundation for the establishment of each Atomic Wings Restaurant to be located within the Development Area. In addition, we shall provide consulting services, at no additional cost, to support you in formulating preliminary plans for the construction of each Atomic Wings Restaurant, its layout, drawings, furnishing details and designs for the interior of each Atomic Wings Restaurant. We will also assist you in sourcing equipment and operating supplies for the Atomic Wings Restaurants.

## **SECTION 4**

### **COMPENSATION PAYABLE TO YOU**

4.1 In consideration of soliciting, screening and submitting to us during the term of this Agreement applications for prospective franchisees in connection with the grant of a franchise to be located in the Development Area, you shall be entitled, for as long as, but only as long as, this Agreement remains in effect and you are not in default hereunder, to an amount equal to fifty percent (50%) of the initial franchise fees, after deduction of any fees or commissions paid to sales brokers or sales agents, paid by each System franchisee who purchases a franchise from us in the Development Area, irrespective of where the lead originates, subject to the following conditions: (i) you collect preliminary financial and background information, pre-qualify the franchisee using our criteria, and present us with the applicant; (ii) both we and the franchisee sign the franchise agreement and the franchisee pays the entire initial franchise

fee to us; (iii) the sale is for a new Atomic Wings Restaurant and is not a resale of an existing Atomic Wings Restaurant by another franchisee; (iv) there are no outstanding sale contingencies, such as the initial franchise fee being paid into an escrow account; and (v) you are in compliance with this Agreement including, but not limited to, compliance with the Development Schedule attached hereto as Attachment 6.

4.2 In consideration for undertaking our field responsibilities for developing and servicing all franchisees who operate Atomic Wings Restaurants in the Development Area during the term of this Agreement, you shall be paid (i) a continuing fee equal to fifty percent (50%) of the aggregate Royalty Fees paid by franchisees and actually received by us and (ii) thirty percent (30%) of any transfer fees actually received by us for any Franchised Restaurant transfer located in the Development Area for services rendered by you to said Restaurant, provided **that you will not receive a share** of any transfer fee paid for a Franchised Restaurant transfer in which you or your affiliate is a transferring party (whether you or your affiliate is the transferor or the transferee). You further acknowledge and agree that you **will not receive a share** of any other fees or sums paid to us by franchisees in your Development Area, including but not limited to, Marketing Fund fees and contributions. You understand and acknowledge that if you fail to provide support services to each Restaurant in the Development Area according to our standards, we have the right to terminate this Agreement or we may reduce your portion of the royalty fees paid to us by franchisees in the Development Area.

4.3 We shall collect all initial franchise fees and royalty fees owed pursuant to the franchise agreements between us and System franchisees located within the Development Area and provide you with a monthly report by the twentieth (20th) day of each month on the amounts collected during the preceding month, along with the payments due to you from such amounts. We shall have sole discretion as to the terms and conditions of collections from System franchisees, including the right to defer or refund initial franchise fees. In no event shall any such deferred payments become payable to you by us until and unless such fees are paid to us by System franchisees. In the event we refund amounts collected or if a franchisee for any reason owes amounts to us, we shall have the right, as we deem appropriate, to either deduct from any payments due to you your portion of any amount so refunded or any amount owed to us, or to require you to remit any such portion of the refunded amount or other amounts to us immediately upon request. We shall have no liability to you for payments under this Section 4.3 in the event that any System franchisee, for any reason, fails to pay any fee owed to us.

4.4 For any Restaurant you own and operate in the Development Area, you shall be entitled to fifty percent (50%) of the initial franchise fees paid by you to us and fifty percent (50%) of the royalties paid to us for such Restaurant.

4.5 All amounts payable pursuant to Section 4 shall be made in U.S. dollars and payment shall be made by way of electronic funds transfer to you at the address stated herein or by such other means and at such other place as may be designated in writing.

4.6 You understand and acknowledge that you are not entitled to any portion of any administrative fees, rebates or other payments made to us by approved suppliers for purchases made by franchisees in your Development Area.

## SECTION 5

### YOUR DUTIES

5.1 You understand and acknowledge that every detail of the Franchised Business is important to you, us, other area representatives and System franchisees in order to develop and maintain high and uniform operating standards, to increase the demand for System franchisees and the demand for services and products sold by System franchisees, and to protect our reputation and goodwill. You further

understand and acknowledge that your primary obligations pursuant to this Agreement include growth of the System within the Development Area through solicitation of franchise sales, site selection assistance to franchisees and inspections of Atomic Wings restaurants. In dealing with prospective franchisees, you shall:

(a) Know, understand and comply with all applicable federal, state, and local laws, rules, and regulations governing the advertising, promotion, and sale of franchises, including, without limitation, those relating to franchise registration, disclosure, and unfair or deceptive practices. In particular and without limiting the foregoing, you shall strictly adhere to our instructions and neither you nor your employees shall make any statement, projection, or other description of potential earnings, costs, or profits to any third party unless it is disclosed in Item 19 in the Disclosure Document, otherwise you assume full responsibility;

(b) Deliver to each prospective franchisee, at or before the time required by law, a copy of our then-current Disclosure Document, and obtain from each prospective franchisee and promptly furnish to us the original, signed acknowledgment of receipt therefor;

(c) Not permit any employee to engage in the promotion of Atomic Wings Restaurant franchises unless we have given our prior written consent to such person's involvement, and, upon our request, you shall immediately discontinue the involvement of any person in the solicitation of prospective franchisees;

(d) Promptly provide us (or our counsel) with such information and materials as we may reasonably request in order to enable us to comply with laws regulating the offer and sale of franchises and/or the franchise relationship;

(e) Unless so directed in writing by us, you shall not prepare, modify, or register with any government or quasi-government authority any document in connection with the offer and sale of Atomic Wings Restaurant franchises.

5.2 Unless we waive this requirement based on previous experience, you and up to two (2) additional persons shall attend and complete, to our satisfaction, our initial training program, and you, your manager or other employees, as we may designate, shall attend and complete, to our satisfaction, such other training sessions as we may reasonably require from time to time. The initial training program must be satisfactorily completed at least two (2) weeks prior to your opening your Area Representative business. For any training session we shall only pay for the instructors, training facilities, and training materials, and you shall pay for all other expenses incurred by you, your manager or other employees, including, without limitation, the costs of travel, room, board, and wages.

5.3 If you are a corporation or limited liability company, you shall comply with the following requirements throughout the term of this Agreement:

(a) You shall furnish us with your Articles of Incorporation, Bylaws, Articles of Formation, Operating Agreement, other governing documents, and any other documents we may reasonably request, and any amendments thereto.

(b) You shall confine your activities, and shall at all times provide proof that your activities are confined, exclusively to operating the area representative business franchised herein.

(c) You shall maintain stop transfer instructions against the transfer on your records of any equity securities, and each certificate shall at all times have conspicuously endorsed upon its face a

statement in a form satisfactory to us that it is held subject to, and that further assignment or transfer thereof is subject to, all restrictions imposed upon assignments or transfers by this Agreement.

(d) You shall maintain and send to us annually a current list of all owners of record and all beneficial owners of any class of voting interests of you and shall furnish the list to us upon request.

5.4 If you are a partnership, you shall comply with the following requirements throughout the term of this Agreement:

(a) You shall furnish us with your partnership agreement, as well as such other documents as we may reasonably request, and any amendments thereto.

(b) You shall prepare and furnish to us, upon request, a list of all general and limited partners in the partnership.

5.5 You shall do the following:

(a) Be responsible for achieving or exceed your performance requirements and all activities involved in the development and servicing of Atomic Wings Restaurants including, but not limited to: (i) advertising for prospects for Atomic Wings Restaurant franchises; (ii) providing all prospects with information about us on a timely basis in conformity with our policies as established and modified from time to time in accordance with Federal, State and Local laws and regulations; (iii) assisting in selection and/or evaluation of sites; (iv) assisting with Atomic Wings Restaurant openings; and (v) inspecting Atomic Wings Restaurants. It is your responsibility to meet your performance requirements. You must also turn over to us complete files on all new franchisee with all of the required signatures, releases, etc.

(b) Assist us in the enforcement of all provisions of any franchise agreement for any Restaurant established in the Development Area.

(c) Develop and open the number of Atomic Wings Restaurants stated in the Development Schedule annexed hereto as Attachment 6. For the purpose of this Agreement, a unit shall be considered an operating Atomic Wings Restaurant only if it is a franchised Atomic Wings Restaurant within the Development Area that is in compliance with the terms of its franchise agreement. You shall be in default of this Agreement if you fall behind the Development Schedule.

(d) Conduct your Franchised Business in strict compliance with all applicable Federal, State and Local laws, ordinances and regulations, including, but not limited to, applicable franchise and business opportunity laws, and obtain, at your own expense, all necessary permits and licenses for the operation of your Franchised Business and maintain same in good standing.

(e) Devote your full time and commercially reasonable efforts to the development of the Development Area.

(f) Monitor the installation of equipment into Atomic Wings Restaurants established in the Development Area which meets our standards for design, construction, appearance and function as specified in our Manual.

(g) Bear all costs of developing prospective franchisees into Atomic Wings Restaurant operations except training expenses at our home office (unless and until such training responsibilities have been transferred to you), such as by providing additional training to the franchisee subsequent to the completion by the franchisee of our training course and obtain full acknowledgments and releases from your franchisees that you have met the requirements in the Disclosure Document.

(h) Assist franchisees in the selection of locations for Atomic Wings Restaurants in accordance with the guidelines established by us, which locations shall be approved by us.

(i) Provide advertising advice to franchisees in accordance with the guidelines established by us.

(j) Confirm that, prior to opening, each franchised Atomic Wings Restaurant in your Development Area meets our standards. You shall not authorize any franchised Atomic Wings Restaurant to open for business unless and until the franchisee and Restaurant satisfy our guidelines for doing so.

(k) Provide to each Atomic Wings franchisee in your Development Area, at your expense, a qualified and trained field representative who shall be present the opening of each franchised Atomic Wings Restaurant in the Development Area and give additional training to franchisees and their employees in accordance with the standards established by us. You must be a “graduate” of the Area Representative training program in addition to passing typical franchise training.

(l) Inspect all Atomic Wings Restaurants in the Development Area at least twice per year and report to us on evaluation forms supplied by us regarding products sold, equipment utilized and/or appearance of the unit.

(m) Assure that each Atomic Wings Restaurant operating within the Development Area purchases directly from us or our designated supplier all products and supplies designated or required by us. You must report any default to the franchisee and to us immediately, and failure to do so will be a default of this Agreement. A franchisee in default of the obligation to use all required products and supplies that are purchased from our designated suppliers, and who has not cured such default, may result in sanctions imposed by us against you, including loss of revenue splits, until such time as the default has been cured.

(n) Have a mobile telephone, a business telephone, an operating fax machine, email address and a laptop computer with current versions of Windows, Microsoft Office and other software required by us. The mobile phone number, the business phone number, the fax number and email address must be given to each franchisee in the Development Area and to us.

(o) Refrain from making misrepresentations to us and our franchisees and from conducting yourself or your business in a manner likely to impair the reputation, business or profitability of us, our employees or officers, or any Atomic Wings Restaurant franchisee.

(p) Shall not solicit or accept any kickback or payment or share in the profits from any vendor on sales to franchisees.

(q) Conduct your business in such a way as to maintain a high degree of satisfaction by the franchisees with your work. You must return all franchisee phone calls within twenty-four (24) hours and you must personally meet with each franchisee at the franchisee’s Atomic Wings Restaurants every three (3) months to discuss the franchisee’s business. This meeting is in addition to the quarterly inspections, but may take place directly before or after an Atomic Wings Restaurant inspection.

(r) Maintain the accounts of all Atomic Wings Restaurant franchises fully or partially owned by you in perfect status (no unpaid balances) with us and all of our affiliates, and further agree that the Atomic Wings Restaurants will participate in our electronic funds transfer program. We shall have the right to offset any monies owed to you against any obligation of yours to us or our affiliates, including monies due to us based upon the operations of Atomic Wings Restaurants only partially owned by you.

(s) Submit to us, after each visit to each Atomic Wings Restaurant, a written report on such form as we may prescribe, which describes, without limitation, the following information: (i) any apparent deficiencies and problems concerning the uniformity and quality of service provided at the Atomic Wings Restaurant, (ii) any apparent opportunities for the Atomic Wings Restaurant to improve its performance; (iii) any apparent deviations from our operating procedures, standards, and specifications; and/or (iv) any apparent violations of applicable laws, rules, or regulations.

(t) At our request, you shall provide us with reasonable assistance in the collection of delinquent accounts from franchisees.

5.6 You shall be permitted to own, operate and maintain Restaurants within the Development Area, which will count toward satisfaction of your Development Schedule. You must pay us the initial franchise fee when you sign the franchise agreement(s). If you choose to own and operate Atomic Wings Restaurants in the Development Area, you shall be required to remit the Royalty Fee, as that term is defined in your franchise agreement(s), and other fees required by such franchise agreement(s).

5.7 It is your responsibility to meet or exceed the performance requirements of your Development Schedule and maintain your aggregate number of Restaurants at all time. If a Restaurant closes, it will not be counted in your Development Schedule. You are responsible for any and all functions relating to recruiting new franchisees to meet that performance requirement.

5.8 You shall grant us and our agents the right to enter any Atomic Wings Restaurant and/or the office of the AR Business operated by you for the purposes of conducting inspections and monitoring your operations, and shall cooperate fully with our representatives in such steps as may be necessary to immediately correct any deficiencies detected during such inspections or monitoring.

5.9 During the term of this Agreement, you shall maintain in force under policies of insurance issued by licensed insurers approved by us insurance coverage as we from time to time require. This insurance coverage is in addition to the insurance you are required to maintain as a franchisee under your franchise agreement. Such insurance coverage will include:

(a) errors and omissions coverage, under one or more policies of insurance containing minimum liability coverage prescribed by us from time to time, but in no event in an amount less than One Million Dollars (\$1,000,000) aggregate; and

(b) worker's compensation and employer's liability insurance in statutory amounts, unemployment insurance and state disability insurance as required by governing law for your employees.

5.10 You shall also maintain such additional insurance as is necessary to comply with all legal requirements concerning insurance. We may periodically increase the amounts of coverage required under such insurance policies and require different or additional kinds of insurance at any time, including excess liability insurance, to reflect inflation, identification of new risks, changes in law or standards of liability, higher damage awards, or other relevant changes in circumstances.

5.11 The insurance policies required herein shall:

(a) name us as an additional named insured and contain a waiver of all subrogation rights against us, our affiliates, and our and their successors and assigns;

(b) provide for thirty (30) days' prior written notice to us of any material modification, cancellation, or expiration of such policy;

(c) provide that the coverage applies separately to each insured against whom a claim is brought as though a separate policy had been issued to each insured;

(d) contain no provision which in any way limits or reduces coverage for you in the event of a claim by any one or more of the parties indemnified under this Agreement;

(e) be primary to and without right of contribution from any other insurance purchased by the parties indemnified under this Agreement; and

(f) extend to and provide indemnity for all obligations assumed by you hereunder and all other items for which you are required to indemnify us under this Agreement.

5.12 You shall provide us with a certificate of insurance for the policies as required hereunder and with a complete copy of each insurance policy no later than fifteen (15) days before your AR Business opens and, thereafter, prior to the expiration of the term of each insurance policy, you shall furnish us with a copy of each renewal or replacement insurance policy to be maintained by you for the immediately following term and evidence of the payment of the premium therefor. Should you, for any reason, fail to procure or maintain the insurance required by this Agreement, as such requirements may be revised from time to time by us in writing, we shall have the right and authority (without, however, any obligation to do so) immediately to procure such insurance and to charge same to you, which charges shall be payable by you immediately upon notice together with a ten percent (10%) administrative fee. The foregoing remedies shall be in addition to any other remedies we may have at law or in equity.

5.13 The maintenance of sufficient insurance coverage shall be your responsibility. Your obligations to maintain insurance coverage as herein described shall not be affected in any manner by reason of any separate insurance maintained by us nor shall the maintenance of such insurance relieve you of any indemnification obligations under this Agreement.

5.14 You shall comply with all other requirements stated in this Agreement.

## **SECTION 6**

### **PROPRIETARY MARKS**

6.1 We represent with respect to the Marks that:

(a) We are the owner or the licensee of the owner of the Marks and we have the right to use and to license others to use the Marks.

(b) We have taken and will take all steps reasonably necessary to preserve and protect our and the owner's right to and interest in the Marks. All references herein to our right, title and interest in and to the Marks shall be deemed to include the owner's right, title and interest.

(c) We will permit you and other area representatives to use the Marks only in accordance with the System and the AR Business, and the standards and specifications thereto, which underlie the goodwill associated with any products or services symbolized by the Marks.

6.2 With respect to your licensed use of the Marks pursuant to this Agreement, you agree that:

(a) You shall use only the Marks designated by us, and shall use them only in the manner authorized and permitted by us.

(b) You shall use the Marks only for the operation of the business franchised hereunder or in advertising for the business conducted at or from such business.

(c) Unless otherwise authorized or required by us, you shall operate and advertise the business franchised hereafter only under the names “Atomic Wings” with such trademark registration symbol as is designated by us, and without prefix or suffix.

(d) During the term of this Agreement, you shall identify yourself as the independent owner of the AR Business in conjunction with any use of the Marks, including, but not limited to, advertisements and promotional pieces, as well as at such conspicuous locations at the offices used for the operation of the Franchised Business as we shall designate in writing. The identification shall be in the form which states your name, followed by the words ‘Area Representative of “Atomic Wings”’, or such other identification as shall be approved by us.

(e) Your rights to use the Marks is limited to such uses as are authorized under this Agreement, and any unauthorized use thereof shall constitute an infringement of our rights.

(f) You shall not use the Marks to incur any obligation or indebtedness on our behalf.

(g) You shall not use the Marks as part of your corporate or other legal name or identification.

(h) You shall comply with our instructions in filing and maintaining requisite trade name or fictitious name registrations, and shall execute any documents deemed necessary by us or our counsel to obtain protection for the Marks or to maintain their continued validity and enforceability.

(i) In the event that you learn of any infringement or threatened infringement or piracy of any of the Marks, or any actual or intended common law passing-off by reason of imitation of, get-up or otherwise, or that any third party alleges or claims or intends to allege or claim that any of the Marks are liable to cause deception or confusion to the public, or that any third party alleges or claims or intends to allege or claim that any of the Marks infringe on its trade marks in any manner, you shall forthwith give notice thereof to us together with all such information with respect thereof as you may from time to time obtain. The parties undertake and agree to consult with each other with respect to how to respond to each infringement or violation. However, only we shall, in our absolute discretion, institute proceedings or defend proceedings as we shall deem advisable and you shall not, under any circumstances whatsoever, institute any legal proceedings relating to the Marks without first obtaining our prior written consent. In the event we undertake the defense or prosecution of any such legal proceedings, you agree to execute any and all documents and do such acts and things as may, in the opinion of our counsel, be necessary to carry out such defense or prosecution.

6.3 You expressly understand and acknowledge that:

(a) As between the parties hereto, we have the exclusive right and interest in and to the Marks and the goodwill associated with and symbolized by them.

(b) The Marks are valid and serve to identify the System and those who are franchised under the System.

(c) You shall not directly or indirectly contest the validity of, or our right to use or to license others to use, the Marks.

(d) Your use of the Marks pursuant to this Agreement does not give you any ownership interest or other interest in or to the Marks, except the non-exclusive license granted herein.

(e) Any and all goodwill arising from your use of the Marks in your operation of the AR Business shall inure solely and exclusively to us. No monetary amount shall be assigned as attributable to any goodwill associated with your operation of the AR Business or your use of the Marks.

(f) The rights and license of the Marks granted hereunder to you are nonexclusive and we thus have and retain the right among others:

(i) To grant other licenses for the Marks, in addition to those licenses already granted or to be granted to area representatives and franchisees;

(ii) To use the Marks in connection with selling products and services;

(iii) To develop and establish other Systems and franchised businesses for the same or similar Marks or any other proprietary marks, and to grant licenses or franchises thereto outside the Development Area without providing any rights therein to you.

(g) We reserve the right to substitute different Marks for use in identifying the AR Business and System and the businesses operating thereunder if we can no longer use or license the use of the Marks or if we believe that such a substitution is in the best interests of the System. In such event, you shall be required to conform your use of the Marks to the use of same by us. We shall have no obligation to reimburse you for any expenses you incur related to your compliance with any such change or substitution.

6.4 We or one or more of our designees may establish a website or series of websites for the System to advertise, market and promote Atomic Wings Restaurants and the products and services they offer, the Atomic Wings Restaurant franchise and/or area representative rights opportunity, and/or for any other purposes that we determine are appropriate for Atomic Wings Restaurants (collectively, the “System Website”). If we include information about your Franchised Business on the System Website, you agree to give us the information and materials that we periodically request concerning the Franchised Business and otherwise participate in the System Website in the manner that we periodically specify. By posting or submitting to us information or materials for the System Website, you are representing to us that the information and materials are accurate and not misleading and do not infringe upon any third party’s rights. You understand and acknowledge that you are not permitted to establish your own website or “microsite” to promote our franchise opportunity.

We shall own all intellectual property and other rights in the System Website and all information it contains, including the domain name or uniform resource locator (“URL”) for the System Website, the log of “hits” by visitors, and any personal or business data that visitors (including you and your personnel) supply. We may implement and periodically modify System standards relating to the System Website and, at our option, may discontinue the System Website, or any services offered through the System Website, at any time.

All advertising, marketing and promotional materials that you develop for your Franchised Business must contain notices of the URL of the System Website in the manner that we periodically designate. You may not develop, maintain or authorize any other website, other online presence or other electronic medium that mentions or describes the Franchised Business, the System or displays any of the Marks without our prior approval. We do not restrict the use of internet or web page advertising within or outside of your Development Area, but the advertising content must be approved by us before it is used.

Nothing in this Section 6.4 shall limit our right to maintain websites other than the System Website or to offer and sell products and services under the Marks from the System Website, another website or otherwise over the internet without payment or obligation of any kind to you.

You are strictly prohibited from establishing your own website related to the Proprietary Marks or our System without our prior written consent, which we do not have to provide. You are also prohibited from promoting your AR Business on social and networking websites, including, but not limited to, Facebook, LinkedIn, MySpace or Twitter, without our prior written consent. We will control all social media initiatives. You must comply with our System standards regarding the use of social media in your Franchised Business's operation, including prohibitions on your and the Franchised Business's employees posting or blogging comments about the Franchised Business or the System, other than on a website established or authorized by us ("social media" includes personal blogs, common social networks like Facebook and MySpace, professional networks like LinkedIn, live-blogging tools like Twitter, virtual worlds, file, audio and video-sharing sites, and other similar social networking or media sites or tools). We will provide access to branded social media pages/handles/assets, and you must update these regularly. We have the right to conduct collective/national campaigns via local social media on your behalf.

We alone will be, and at all times will remain, the sole owner of the copyrights to all material which appears on any System Website we establish and maintain, including any and all material you may furnish to us as provided above.

## **SECTION 7**

### **ADVERTISING**

7.1 The parties hereto recognize and acknowledge the value of advertising and promotion in locating and soliciting individuals to become franchisees, and the importance of consistency of such advertising and promotion to the furtherance of the goodwill and public image of the AR Business and the System.

7.2 You shall affix the Marks in the manner prescribed by us to all stationery, cards, signs, and other advertising materials used in connection with your operations hereunder.

7.3 All advertising by you in any medium shall be conducted in a dignified manner, shall conform to the standards and requirements prescribed by us, and shall comply with all applicable laws, rules, and regulations relating to the advertising of franchises. Not later than December 1st each year, you shall submit to us, for our review and approval, a proposed marketing plan for the following calendar year.

7.4 You shall submit to us (by mail, return receipt requested, by fax or by another approved method) for our prior written approval samples of all advertising and promotional plans and materials, and all other materials displaying the Marks, that you desire to use and that have not been prepared or previously approved by us in the prior six (6) months. Within fifteen (15) days from the date of receipt by us of such materials, we shall notify you whether such materials conform to the standards and requirements prescribed by us and whether such materials, in the opinion of our counsel, are required to be approved by or submitted to any government agency. If you are notified by us that the materials conform to our standards and requirements and are required to be approved or submitted, we will submit the materials and will advise when and if the materials are approved or disapproved or if the use of the materials otherwise become permissible under law, such as if notice of disapproval is not received from a governmental agency within a stated period of time prescribed by law.

7.5 You shall be required to expend a minimum of Twelve Thousand Dollars (\$12,000) each year for marketing the franchise opportunity within the Development Area using on-line, print and other

methods approved by us. You understand and acknowledge that the marketing expenditure required herein is solely for your operation of the AR Business and is in addition to any other marketing obligations you have in the franchise agreement(s) for the Franchised Restaurant(s) you own and operate in the Development Area. In addition to the annual marketing plan described above, you shall be required to submit on a form provided by us, a monthly report indicating the marketing schedule from the prior month and such other detail as we may require.

7.6 Upon full satisfaction of your Development Schedule, you will have no further obligation to expend any amount for marketing of your Area Representative business within the Development Area.

## **SECTION 8**

### **TRANSFER OF INTEREST**

8.1 We shall have the right to assign this Agreement and all of our attendant rights and privileges to any person, firm, corporation or other entity provided that, with respect to any assignment resulting in the subsequent performance by the assignee of our functions: (i) the assignee shall, at the time of such assignment, be financially responsible and economically capable of performing our obligations; and (ii) the assignee shall expressly assume and agree to perform such obligations.

You expressly affirm and agree that we may sell our assets, our rights to the Marks or to the System outright to a third party; may go public; may engage in a private placement of some or all of our securities; may merge, acquire other corporations, or be acquired by another corporation; may undertake a refinancing, recapitalization, leveraged buyout or other economic or financial restructuring; and, with regard to any or all of the above sales, assignments and dispositions, you expressly and specifically waive any claims, demands or damages arising from or related to the loss of said Marks (or any variation thereof) and/or the loss of association with or identification of “Atomic Wings Franchisor Inc.” as Franchisor. Nothing contained in this Agreement shall require us to remain in the restaurant business or to offer the same products and services, whether or not bearing the Marks, in the event that we exercise our right to assign our rights in this Agreement.

8.2 You understand and acknowledge that the rights and obligations created by this Agreement are personal to you, and that we have granted such rights to you in reliance on the character, skills, aptitude, as well as the business, legal and financial capacity of you and your directors, officers and shareholders. Except as is hereinafter stated in this Section, you shall not, without our prior written consent, directly or indirectly, sell, assign, transfer, convey, donate, pledge, mortgage, charge, grant any security interest or otherwise encumber any interest in this Agreement or in the AR Business or in the right and license to use the System, the Manuals or the Marks. Any such purported action, whether occurring by operation of law or otherwise including any assignment by a trustee in bankruptcy, without our prior written consent shall be a material default hereunder and shall entitle us to immediately terminate this Agreement. In addition, you will not, during the term of this Agreement, without our prior written consent, participate in any corporate activity, issue or sell, or be a party to the issuance or sale of, any further shares or interest in the AR Business of any kind, or any other securities which would cause or may cause the present effective voting control of you to change.

8.3 With our prior written consent, which consent shall not be unreasonably withheld, you shall have the right to sell, assign and transfer your interest in this Agreement or the right and license granted herein, subject to the following conditions:

- (a) No sale can occur during the first year of this Agreement;

(b) The transferee/assignee must meet our then-current financial and educational requirements for our new area representatives;

(c) The transferee/assignee must attend and successfully complete our next area representative training class;

(d) All accounts of both transferee/assignee and you must be paid in full prior to assignment;

(e) You train the transferee/assignee for two (2) months prior to the transfer and for another two (2) months following the transfer (this is in addition to the transferee/assignee completing our training);

(f) You pay us, at closing, a transfer fee equal to Seven Thousand Five Hundred Dollars (\$7,500);

(g) You execute a general release, in a form prescribed by us, of any and all claims against us, our subsidiaries or affiliates, and our respective officers, shareholders, directors, agents, and employees; and

(h) The transferee/assignee executes our then-current form of Area Representative Agreement with a term equal to the term remaining hereunder at the time of transfer.

8.4 Any proposed sale, assignment and transfer pursuant to this Section must be a sale, assignment and transfer of all or a significant portion of your assets in respect of the business carried on by you pursuant to the terms of this Agreement, including, without limitation, the said right and license and all other assets of the said business and you shall not be entitled to sell same on an individual basis other than with our prior written consent.

8.5 Upon receipt of your application pursuant to Section 8.3 and notwithstanding the right to sell, assign and transfer granted you pursuant to the terms of this Section, we shall have the absolute right, to be exercised by notice in writing delivered to you within thirty (30) days of the date of the receipt of your application, to purchase the said right and license and other assets of yours proposed to be sold, assigned or transferred. If we shall exercise our right to purchase as provided herein, we shall complete the purchase upon the same terms and conditions set out in the said application.

8.6 In the event we do not exercise our right to purchase as set out in Section 8.5 hereof and do consent to the sale, assignment and transfer by you to the proposed purchaser, the sale, assignment and transfer shall be completed between you and the proposed purchaser upon the same terms and conditions as were set out in the said application submitted by you to us. Otherwise, you shall, before selling, assigning and transferring your said right and license and other assets, again make application to us in the manner as set out in this Section, and provisions of this Section shall apply *mutatis mutandis* and shall be repeated as often as you desire to complete any sale, assignment and transfer.

8.7 For the purposes of this Section, any sale, transfer or assignment of the issued and outstanding shares of the capital stock of or other beneficial interest in you, the effect of which, whether through one or several transactions, would result in a change of the effective control of you, shall, for the purposes thereof, be deemed to be a sale, assignment and transfer of all or a significant portion of all of your assets in respect of the business carried on by you pursuant to the provisions of this Agreement and, accordingly, all of the provisions of this Section shall apply, *mutatis mutandis*.

8.8 Upon your death or disability, or if you are a corporation, limited liability company, partnership, or other legal entity upon the death or disability of a Principal, all of such person's interest in this Agreement or such interest in you shall be transferred to a transferee approved by us. Such disposition of this Agreement or such interest in you, including, without limitation, transfer by bequest or inheritance, shall be completed within a reasonable time, not to exceed twelve (12) months from the date of death or disability, and shall be subject to terms and conditions substantially similar to those applicable to transfers contained in this Section 8. Failure to so transfer the interest in this Agreement or such interest in you within said period of time shall constitute a breach of this Agreement.

8.9 Buy Back Option. At any time we or, in the event of a purchase of the Atomic Wings System, the purchaser of the Atomic Wings System may elect to purchase your ongoing commissions and terminate this Agreement for an amount equal to five (5) times your commissions from the last twelve (12) months.

## SECTION 9

### CORPORATE REQUIREMENTS

9.1 If you are a corporation or limited liability company, you shall be the owner of all the voting stock of the corporation or all of the membership interests, as applicable, or, if you comprise more than one (1) individual, each such individual shall have the same proportionate ownership interest in the corporation or limited liability company as it holds in AR Business.

9.2 You shall furnish to us, upon execution of this Agreement, a list of all Principals, equity holders of record, and all persons having beneficial ownership interests in you indicating their holdings, as well as a list of your directors and officers or managers. You shall forthwith advise us in writing of any change in the Principals, stockholders, directors, officers, members and managers from time to time.

9.3 Principals shall remain personally liable for the performance of all obligations under this Agreement and are not released from any obligations to us.

9.4 If any Principal is a married individual and the Principal's spouse has not executed this Agreement, such Principal shall cause his or her spouse to personally execute and bind himself or herself to the terms of a Guaranty in the form attached as Attachment 3.

9.5 You shall maintain stop transfer instructions against the transfer on your records of any securities with voting rights and shall issue no such securities upon the face of which the following printed legend does not legibly and conspicuously appear:

**"TRANSFER OF THIS CERTIFICATE IS SUBJECT TO THE TERMS AND CONDITIONS OF AN AREA REPRESENTATIVE AGREEMENT WITH ATOMIC WINGS FRANCHISOR INC. DATED \_\_\_\_\_. REFERENCE IS MADE TO THE PROVISIONS OF SAID AREA REPRESENTATIVE AGREEMENT AND TO THE GOVERNING DOCUMENTS OF THIS ENTITY."**

## SECTION 10

### COVENANTS

10.1 You covenant that during the term of this Agreement, except as otherwise approved in writing by us, you (or if you are a corporation, limited liability company or partnership, a principal, member

or general partner of yours) or your fully-trained manager shall devote full time, energy, and commercially reasonable efforts to the management and operation of the AR Business.

10.2 You covenant that during the term of this Agreement you shall not, either directly or indirectly, for yourself, or in conjunction with others:

(a) Divert or attempt to divert any business or client of any franchised business operated under the System to any competitor or do any other act injurious or prejudicial to the goodwill associated with the System.

(b) Own, maintain, operate, affiliate with, or have an interest in any franchised or company-owned business or chain that is a Competitive Business (as defined in Section 1.9 above).

10.3 You covenant that, except as otherwise approved in writing by us, you shall not, for a continuous uninterrupted two (2) year period beginning with the expiration or termination of this Agreement, either directly or indirectly, own, maintain, operate, affiliate with, or have an interest in, any Competitive Business which is located within twenty (20) miles of the AR Business or any Atomic Wings Restaurant in the System.

10.4 Sections 10.2 and 10.3 shall not apply to ownership by you of an interest in any business operated under the System under a franchise granted by us, or of less than five percent (5%) beneficial interest in the outstanding equity securities of any publicly held company.

10.5 The parties agree that each of the foregoing covenants shall be construed as independent of any other covenant or provision of this Agreement. If all or any portion of a covenant is held unreasonable or unenforceable by a court or agency having valid jurisdiction in an unappealed final decision to which we are a party, you expressly agree to be bound by any lesser covenant subsumed within the terms of such covenant that imposes the maximum duty permitted by law, as if the resulting covenant were separately stated in and made a part of this Section 10.

10.6 You understand and acknowledge that we shall have the right, in our sole discretion, to reduce the scope of any covenant described in Sections 10.2 and 10.3 of this Agreement, or any portion thereof, without your consent, effective immediately upon receipt by you of written notice thereof; and you agree that you shall comply forthwith with any covenant as so modified, which shall be fully enforceable.

10.7 You expressly agree that the existence of any claims you may have against us, whether or not arising from this Agreement, shall not constitute a defense to our enforcement of the covenants in this Section 10. You agree to pay all costs and expenses (including reasonable attorneys' fees and expenses) incurred by us in connection with the enforcement of this Section 10.

10.8 You shall require and obtain execution of covenants of confidentiality and non-competition as included as Attachment 4 hereof (including covenants applicable upon the termination of a person's relationship with you) from any or all of the following persons: (1) all of your managers and any other personnel employed by you who have received or will receive training from us; (2) all officers, directors, and holders of a beneficial interest of five percent (5%) or more of the securities of you, and of any entity directly or indirectly controlling you, if you are a corporate entity; and (3) the general partners and any limited partners (including any corporation, and the officers, directors, and holders of a beneficial interest of five percent (5%) or more of the securities of any corporation which controls, directly or indirectly, any general or limited partner), if you are a partnership. The covenants required by this Section 10 shall be in a form specified by us, including, without limitation, specific identification of us as a third-party beneficiary of such covenant with the independent right to enforce them.

## SECTION 11

### **DEFAULT AND TERMINATION**

11.1 You shall be in default under this Agreement, and all rights granted herein shall automatically terminate without notice to you, if you attempt to transfer this Agreement without complying with the terms of this Agreement, or if you, or any of your partners, if you are a partnership, or any of your officers, directors, shareholders, or members, if you are a corporation or limited liability company, shall become insolvent or make a general assignment for the benefit of creditors; or if a petition in bankruptcy is filed by you or such a petition is filed against and not opposed by you; or if you are adjudicated a bankrupt or insolvent; or if a bill in equity or other proceeding for the appointment of a receiver of you or other custodian for your business or assets is filed and consented to by you; or if a receiver or other custodian (permanent or temporary) of your assets or property, or any part thereof, is appointed by any court of competent jurisdiction; or if proceedings for a composition with creditors under any state or federal law should be instituted by or against you; or if a final judgment remains unsatisfied or of record for thirty (30) days or longer (unless a *supersedeas* bond is filed); or if you are dissolved; or if execution is levied against your business or property; or if suit to foreclose any lien or mortgage against your business premises or equipment is instituted against you and not dismissed within thirty (30) days; or if your real or personal property shall be sold after levy thereupon by any sheriff, marshal, or constable.

11.2 You shall be deemed to be in default and we may, at our option, terminate this Agreement and all rights granted hereunder, without affording you any opportunity to cure the default, effective immediately upon receipt of notice by you, upon the occurrence of any of the following events:

(a) If you (or an officer, director, shareholder or partner of yours) are convicted of a felony, a crime involving moral turpitude, or any other crime or offense that we believe is reasonably likely to have an adverse effect on the AR Business, the System, the Marks, the goodwill associated therewith, or our interest therein; or

(b) If you, after curing a material default under this Agreement, commit the same default again within twelve (12) months, whether or not cured after notice; or

(c) If you repeatedly are in default under this Agreement for failure to comply substantially with any of the requirements imposed by this Agreement, whether or not cured after notice; or

(d) If you commit any default under a franchise agreement between you and us and such default results in the termination of such franchise agreement.

11.3 Except as otherwise provided in Sections 11.1 and 11.2 of this Agreement, you shall have thirty (30) days after your receipt from us of a notice of termination within which to remedy any default hereunder and provide evidence to us. If any such default is not cured within that time, this Agreement shall terminate without further notice to you, effective immediately upon the expiration of the thirty (30) day period. You shall be in default hereunder for any failure to comply substantially with any of the requirements imposed by this Agreement, or to carry out the terms of this Agreement in good faith.

11.4 **Reimbursement of Costs.** You shall reimburse us for all costs and expenses, including but not limited to attorneys' fees, incurred by us as a result of your default, including costs in connection with collection of any amounts owed to us and/or enforcement of our rights under this Agreement.

## SECTION 12

### **OBLIGATIONS UPON TERMINATION OR EXPIRATION**

12.1 Upon termination or expiration, this Agreement and all rights granted hereunder to you shall forthwith terminate; and, except to the extent permitted by any franchise agreement entered into by you:

(a) You shall immediately cease to operate the business licensed hereunder and shall not thereafter, directly or indirectly, represent to the public or hold yourself out as a present or former area representative of ours. After such termination or expiration, you shall cease providing services or assistance to System franchisees located within the Development Area.

(b) You shall immediately and permanently cease to use, by advertising or in any manner whatsoever, any confidential methods, procedures, and techniques associated with the AR Business; the Marks “Atomic Wings” and all other marks and distinctive forms, slogans, signs, symbols, and devices associated with the System or the AR Business. In particular, you shall cease to use, without limitation, all signs, equipment, advertising materials, stationery, forms, and any other articles, which display the Marks associated with the AR Business.

(c) You shall take such action as may be necessary to cancel any assumed name or equivalent registration which contains the Marks “Atomic Wings” or any other service mark or trademark of ours, and you shall furnish us with evidence satisfactory to us of compliance with this obligation within thirty (30) days after termination or expiration of this Agreement.

(d) You agree, in the event you continue to operate or subsequently begin to operate any other business, not to use any reproduction, counterfeit, copy, or colorable imitation of the Marks either in connection with such other business or the promotion thereof which is likely to cause confusion, mistake, or deception, or which is likely to dilute our rights in and to the Marks; and you further agree not to utilize any designation of origin or description or representation which falsely suggests or represents an association or connection with us so as to constitute unfair competition.

(e) In the event of termination for any default of yours, you shall promptly pay all damages, costs, and expenses, including reasonable attorneys’ fees, incurred by us as a result of the default, which obligation shall give rise to and remain, until paid in full, a lien in our favor against any and all of the personal property, fixtures, equipment, and inventory owned by you and at the premises used for the business licensed hereunder at the time of the default.

(f) You shall pay us all damages, costs, and expenses, including reasonable attorneys’ fees, incurred by us subsequent to the termination or expiration of this Agreement in obtaining injunctive or other relief for enforcement of any provisions of this Section 12.

(g) You shall immediately turn over to us all materials including all manuals, records, files, instructions, correspondence, all materials related to operating the Franchised Business, including, without limitation, brochures, agreements, invoices, Disclosure Documents, and any and all other materials related to operating the Franchised Business hereunder in your possession and all copies thereof, including electronic copies (all of which are acknowledged to be our property), and shall retain no copy or record of any of the foregoing, excepting only your copy of this Agreement and of any correspondence between the parties and any other documents which you reasonably need for compliance with any provision of law.

(h) The franchise agreement(s) you have executed for your Atomic Wings Restaurant(s) shall remain in full force and notwithstanding the termination of this Agreement.

(i) In the event you do not fulfill your obligations to develop Atomic Wings Restaurants under the Development Schedule, we may nevertheless permit you to continue operating under this Agreement with respect to all Atomic Wings Restaurants that are under signed leases, under construction or opened and operating within the Development Area, but you shall no longer have any rights with respect to offering new franchises within said Development Area. We, as a result of such default, shall have the right to open Atomic Wings Restaurants, sell franchises or grant area representative rights to any third party with respect to the undeveloped portion of the Development Area.

(j) You shall immediately and permanently forfeit all rights to earn any portion of initial franchise fees, royalty fees and/or transfer fees paid to us by franchisees in the Development Area.

## **SECTION 13**

### **TAXES AND INDEBTEDNESS**

13.1 You shall promptly pay, when due, all taxes levied or assessed by any federal, state or local tax authority and any and all other indebtedness incurred by you in the operation of the Franchised Business. You shall pay to us an amount equal to any sales tax, gross receipts tax or similar tax imposed on us with respect to any payments to us required under this Agreement, unless the tax is credited against income tax otherwise payable by us.

13.2 In the event of any bona fide dispute as to liability for taxes assessed or other indebtedness, you may contest the validity or the amount of the tax or indebtedness in accordance with procedures of the taxing authority or applicable law; provided, however, in no event shall you permit a tax sale or seizure by levy of execution or similar writ or warrant or attachment by a creditor to occur against the premises of the Franchised Business or any improvements thereon.

13.3 You shall comply with all federal, state, and local laws, rules and regulations, and shall timely obtain any and all permits, certificates, licenses and bonds necessary for the full and proper operation and management of the Franchised Business, including, without limitation, a license to do business and provide services, fictitious name registration, sales tax and other permits. Copies of all subsequent inspection reports, warnings, certificates and ratings issued by any governmental entity during the term of this Agreement in connection with the conduct of the Franchised Business which indicate your failure to meet or maintain the highest governmental standards or less than full compliance by you with any applicable law, rule or regulation shall be forwarded to us by you within three (3) days of your receipt thereof.

13.4 You shall notify us in writing within three (3) days of the commencement of any action, suit or proceeding and of the issuance of any order, writ, injunction, award or decree of any court, agency or other governmental instrumentality, which may adversely affect the operation or financial condition of the Franchised Business. Additionally, any and all consumer related complaints shall be answered by you within fifteen (15) days after receipt thereof or such shorter period of time as may be provided in said complaint. A copy of said answer shall be forwarded to us within three (3) days of the date that said answer is forwarded to the complainant.

## **SECTION 14**

### **INDEPENDENT CONTRACTOR AND INDEMNIFICATION**

14.1 (a) It is understood and agreed by the parties hereto that this Agreement does not create a fiduciary relationship between them, that you shall be an independent contractor, and that nothing in this

Agreement is intended to make either party an agent, legal representative, subsidiary, joint venturer, partner, employee or servant of the other for any purpose whatsoever.

(b) During the term of this Agreement, you shall hold yourself out to the public as an independent contractor operating the Franchised Business pursuant to a license from us and as an authorized user of the System and the Marks. You agree to take such affirmative action as may be necessary to do so, including exhibiting to clients a sign provided by us in a conspicuous place on the premises of the Franchised Business.

(c) We shall not have the power to hire or fire your employees, and except as herein expressly provided, we may not control or have access to your funds or the expenditures thereof, or in any other way exercise dominion or control over the Franchised Business.

14.2 It is understood and agreed that nothing in this Agreement authorizes you to make any contract, agreement, warranty or representation on our behalf, or to incur any debt or other obligation in our name, and that we shall in no event assume liability for or be deemed liable hereunder as a result of any such action or by reason of any act or omission of yours in your conduct of the Franchised Business or any claim or judgment arising therefrom against us. You agree at all times to defend, at your own cost, and to indemnify and hold harmless to the fullest extent permitted by law, us, our corporate parent, the corporate subsidiaries, affiliates, successors, assigns and designees of either entity, and the respective directors, officers, employees, agents, shareholders, designees, and representatives of each from all losses and expenses incurred in connection with any action, suit, proceeding, claim, demand, investigation, or formal or informal inquiry (regardless of whether same is reduced to judgment) or any settlement thereof which arises out of or is based upon any of the following: (a) your alleged infringement or any other violation of any patent, trademark or copyright or other proprietary right owned or controlled by third parties; (b) your alleged violation or breach of any contract, federal, state or local law, regulation, ruling, standard or directive of any industry standard; (c) libel, slander or any other form of defamation by you; (d) your alleged violation or breach of any warranty, representation, agreement or obligation in this Agreement; (e) any acts, errors or omissions of you or any of your agents, servants, employees, contractors, partners, proprietors, affiliates, or representatives, including, but not limited to, unauthorized disclosures to prospective franchisees; (f) latent or other defects in the Franchised Business, whether or not discoverable by us or you; (g) the inaccuracy, lack of authenticity or nondisclosure of any information by any client of the Franchised Business; (h) any services or products provided by you at, from or related to the operation at the Franchised Business; (i) any services or products provided by any affiliated or non-affiliated participating entity; (j) any action by any client of the Franchised Business; and (k) any damage to the property of you or us, our respective agents or employees, or any third person, firm or corporation, whether or not such losses, claims, costs, expenses, damages, or liabilities were actually or allegedly caused wholly or in part through the active or passive negligence of us or any of our agents or employees, or resulted from any strict liability imposed on us or any of our agents or employees.

14.3 You shall conspicuously identify yourself and the Franchised Business in all dealings with your clients, contractors, suppliers, public officials and others, as an independent area representative of ours, and shall place such notice of independent ownership on all forms, business cards, stationery, advertising, signs and other materials and in such fashion as we may, in our sole and exclusive discretion, specify and require from time to time in our Manual (as same may be amended from time to time) or otherwise.

14.4 Except as otherwise expressly authorized by this Agreement, neither party hereto will make any express or implied agreements, warranties, guarantees or representations or incur any debt in the name of or on behalf of the other party, or represent that the relationship between us and you is other than that of Franchisor and Area Representative. We do not assume any liability, and will not be deemed liable, for any agreements, representations, or warranties made by you which are not expressly authorized under this

Agreement, nor will we be obligated for any damages to any person or property which directly or indirectly arise from or relate to the operation of the Franchised Business franchised hereby.

## **SECTION 15**

### **APPROVALS AND WAIVERS**

15.1 Whenever this Agreement requires our prior approval or consent, you shall make a timely written request to us therefor and such approval or consent shall be obtained in writing.

15.2 No failure of ours to exercise any power reserved to us by this Agreement, or to insist upon strict compliance by you with any obligation or condition hereunder, and no custom or practice of the parties at variance with the terms hereof, shall constitute a waiver of our right to demand exact compliance with any of the terms herein. Our waiver of any particular default by you shall not affect or impair our rights with respect to any subsequent default of the same, similar or different nature, nor shall any delay, forbearance or omission of ours to exercise any power or right arising out of any breach or default by you of any of the terms, provisions or covenants hereof affect or impair our right to exercise the same, nor shall such constitute a waiver by us of any right hereunder or the right to declare any subsequent breach or default and to terminate this Agreement prior to the expiration of its term. Subsequent acceptance by us of any payments due to us hereunder shall not be deemed to be a waiver by us of any preceding breach by you of any terms, covenants or conditions of this Agreement.

15.3 You and we hereby waive any right to a jury trial with respect to this Agreement and/or any matters arising hereunder.

## **SECTION 16**

### **NOTICES**

Any and all notices required or permitted under this Agreement shall be in writing and shall be personally delivered or mailed by certified mail, return receipt requested, dispatched by overnight delivery envelope, or sent by facsimile to the respective parties at the addresses that appear in the introductory paragraph of this Agreement, unless and until a different address has been designated by written notice to the other party. Any notice sent by certified mail shall be deemed to have been given at the date and time of mailing.

## **SECTION 17**

### **RELEASE OF PRIOR CLAIMS**

By executing this Agreement, you, individually and on behalf of your heirs, legal representatives, successors and assigns, and each assignee of this Agreement by accepting assignment of the same, hereby forever releases and discharges us and our officers, directors, employees, agents and servants, including our subsidiary and affiliated corporations, their respective officers, directors, employees, agents and servants, from any and all claims relating to or arising under any franchise agreement or any other agreement between the parties executed prior to the date of this Agreement including, but not limited to, any and all claims, whether presently known or unknown, suspected or unsuspected, arising under the franchise, securities or antitrust laws of the United States or of any state or territory thereof.

## SECTION 18

### **DISCLOSURE STATEMENT AND DISCLAIMER**

18.1 You acknowledge, by your signature hereto, that you received from us a Federal Trade Commission Disclosure Document for the State in which the Franchised Business will be located or at your place of residence, as appropriate, at least fourteen (14) calendar days prior to the execution of this Agreement or any payment to us or our affiliates.

\_\_\_\_\_ [Please initial to acknowledge that you have read and understand this Section 18.1.]

18.2 You represent that you have read this Agreement in its entirety and that you have been given the opportunity to clarify any provisions that you did not understand and to consult with an attorney or other professional advisor. You further represent that you understand the terms, conditions and obligations of this Agreement and agree to be bound thereby.

\_\_\_\_\_ [Please initial to acknowledge that you have read and understand this Section 18.2.]

18.3 You acknowledge and accept the following:

YOUR SUCCESS IN OPERATING A FRANCHISE IS SPECULATIVE AND WILL DEPEND ON MANY FACTORS INCLUDING, TO A LARGE EXTENT, YOUR INDEPENDENT BUSINESS ABILITY. THIS OFFERING IS NOT A SECURITY, AS THAT TERM IS DEFINED UNDER APPLICABLE FEDERAL AND STATE SECURITIES LAWS. THE OBLIGATION TO TRAIN, MANAGE, PAY, RECRUIT AND SUPERVISE EMPLOYEES OF THE FRANCHISED BUSINESS RESTS SOLELY WITH YOU. YOU HAVE NOT RELIED ON ANY WARRANTY OR REPRESENTATION, EXPRESS OR IMPLIED, AS TO THE POTENTIAL SUCCESS OR PROJECTED INCOME OF THE BUSINESS VENTURE CONTEMPLATED HEREBY. NO REPRESENTATIONS OR PROMISES HAVE BEEN MADE BY US TO INDUCE YOU TO ENTER INTO THIS AGREEMENT EXCEPT AS SPECIFICALLY INCLUDED HEREIN OR AS INCLUDED IN ITEM 19 OF THE DISCLOSURE DOCUMENT. WE HAVE NOT MADE ANY REPRESENTATION, WARRANTY OR GUARANTY, EXPRESS OR IMPLIED, AS TO THE POTENTIAL REVENUES, PROFITS OR SERVICES OF THE BUSINESS VENTURE TO YOU AND CANNOT, EXCEPT UNDER THE TERMS OF THIS AGREEMENT, EXERCISE CONTROL OVER YOUR BUSINESS. YOU ACKNOWLEDGE AND AGREE THAT YOU HAVE NO KNOWLEDGE OF ANY REPRESENTATION MADE BY US OR OUR REPRESENTATIVES OF ANY INFORMATION THAT IS CONTRARY TO THE TERMS CONTAINED HEREIN.

\_\_\_\_\_ [Please initial to acknowledge that you have read and understand this Section 18.3.]

18.4 You acknowledge, warrant and represent to us and we rely on such acknowledgments, warranties and representations that:

(a) No representation has been made by us (or any of our employees, agents or salespersons) and relied on by you as to the future or past income, expenses, sales volume or potential profitability, earnings or income of the AR Business, except as may be included in Item 19 of our Disclosure Document. We make no guaranties, promises, representations, statements or warranties that you can or will achieve any level or range of sales, income or other measures of performance.

(b) No representation or statement has been made by us (or any of our employees, agents or salespersons) and relied on by you regarding your anticipated income, earnings and growth or that of us or our System, or the viability of the business opportunity being offered under this Agreement.

(c) Before executing this Agreement, you have had the opportunity to contact any and all of our existing area representatives.

(d) You have had the opportunity to independently investigate, analyze and construe both the business opportunity being offered under this Agreement, and the terms and provisions of this Agreement, using the services of legal counsel, accountants or other advisers (if you so elect) of your choosing. You have been advised to consult with your advisors with respect to the legal, financial and other aspects of this Agreement, the Franchised Business, and the prospects for the Franchised Business. You have either consulted with these advisors or have deliberately declined to do so.

(e) No representation or statement has been made by us (or any of our employees, agents or salespersons) and relied on by you regarding your ability to procure any required license or permit that may be necessary to the operation of the AR Business.

(f) You affirm that all information set forth in all applications, financial statements and submissions to us are true, complete and accurate in all respects, and you expressly acknowledge that we are relying on the truthfulness, completeness and accuracy of this information.

(g) You understand and agree that we may manage and change the System and our business in any manner that is not expressly prohibited by this Agreement. Whenever we have the right within this Agreement to take or withhold action or to grant or decline to you the right to take or withhold action, we may make such a decision on the basis of our business judgment of what is in our best interests and those of the System and the franchise network, without regard to whether other reasonable alternative decisions exist or whether our decision adversely affects you. Absent applicable statute, we shall have no liability for such a decision and you agree that our decision will not be subject to limitation or review. If applicable law implies a covenant of good faith and fair dealing in this Agreement, you agree that such a covenant shall not imply any rights or obligations that are inconsistent with a fair construction of the terms of this Agreement and that this Agreement grants to us the right to make decisions, take actions and/or refrain from taking actions not inconsistent with your rights and obligations hereunder.

(h) Although we retain the right to establish and periodically modify System standards, which you have agreed to maintain in the operation of the Franchised Business, you retain the right and sole responsibility for the day-to-day management and operation of the Franchised Business and the implementation and maintenance of System standards at your Franchised Business and all Restaurants operating in the Development Area.

(i) You acknowledge and agree that we may modify the offer of our area representative opportunities to other area representatives in any manner and at any time, which offers and agreements have or may have terms, conditions, and obligations that may differ from the terms, conditions, and obligations in this Agreement.

(j) You acknowledge that the success of the business venture contemplated under this Agreement is speculative and depends, to a large extent, upon your ability as an independent businessperson, your active participation in the daily affairs of the business, market conditions, area competition, availability of product, quality of services provided as well as other factors. We do not make any representation or warranty express or implied as to the potential success of the business venture contemplated hereby.

\_\_\_\_\_ [Please initial to acknowledge that you have read and understand this Section 18.4.]

## **SECTION 19**

### **ENTIRE AGREEMENT**

This Agreement, the documents referred to herein and the attachments hereto, if any, constitute the entire, full and complete agreement between the parties hereto concerning the subject matter hereof, and supersede all prior agreements with no other representations as to having induced you to execute this Agreement; provided, however, that nothing in this or any related agreement is intended to disclaim the representations made by us in the Disclosure Document that was furnished to you by us. No amendment, change, or variance from this Agreement shall be binding on the parties hereto unless mutually agreed to by the parties and executed by themselves or their authorized officers or agents in writing.

## **SECTION 20**

### **SEVERABILITY AND CONSTRUCTION**

20.1 Except as expressly provided to the contrary herein, each section, part, term and/or provision of this Agreement shall be considered severable and if, for any reason, any section, part, term and/or provision herein is determined to be invalid and contrary to, or in conflict with, any existing or future law or regulation by a court or agency having valid jurisdiction, such shall not impair the operation of, or have any other effect upon, such other portions, sections, parts, terms and/or provisions of this Agreement as may remain otherwise intelligible, and the latter shall continue to be given full force and effect and bind the parties hereto, and said invalid sections, parts, terms and/or provisions shall be deemed not to be a part of this Agreement; provided, however, that if we determine that such finding of invalidity or illegality adversely affects the basic consideration of this Agreement, we, at our option, may terminate this Agreement.

20.2 You expressly agree to be bound by any promise or covenant imposing the maximum duty permitted by law which is subsumed within the terms of any provision hereof, as though it were separately articulated in and made a part of this Agreement, that may result from striking from any of the provisions hereof any portion or portions which a court may hold to be unreasonable and unenforceable in a final decision to which we are a party, or from reducing the scope of any promise or covenant to the extent required to comply with such a court order.

20.3 All captions in this Agreement are intended solely for the convenience of the parties, and none of the captions shall be deemed to affect the meaning or construction of any provision hereof.

20.4 All references herein to the masculine, neuter or singular shall be construed to include the masculine, feminine, neuter or plural, where applicable, and all acknowledgments, promises, covenants, agreements and obligations herein made or undertaken by you shall be deemed jointly and severally undertaken by all of the parties executing this Agreement in his/her individual capacity on your behalf. This Agreement may be executed in one or more originals, each of which shall be deemed an original.

20.5 As used in this Agreement, the term "Area Representative" shall include all persons who succeed to the interest of the original Area Representative by transfer or operation of law and shall be deemed to include not only the individual or entity defined as "Area Representative" herein, but shall also include all partners of the entity that executes this Agreement, in the event said entity is a partnership; all shareholders, officers and directors of the entity that executes this Agreement, in the event said entity is a corporation; and all members of the entity that executes this Agreement, in the event said entity is a limited liability company. By their signatures hereto, all partners, shareholders, officers and directors of the entity

that signs this Agreement as Area Representative acknowledge and accept the duties and obligations imposed upon each of them, individually, by the terms of this Agreement.

20.6 If, as a result of hurricane, tornado, typhoon, flooding, lightning, blizzard and other unusually severe weather, earthquake, avalanche, volcanic eruption, fire, riot, insurrection, war, explosion, unavoidable calamity or other act of God (a “Force Majeure”), compliance by any party with the terms of this Agreement is rendered impossible or would otherwise create an undue hardship upon any party, all parties shall be excused from their respective obligations hereunder for the duration of the Force Majeure and for a reasonable recovery period thereafter, but otherwise this Agreement shall continue in full force and effect.

## **SECTION 21**

### **APPLICABLE LAW**

21.1 This Agreement takes effect upon its acceptance and execution by us. This Agreement shall be interpreted and construed under the laws of the State of Maryland except to the extent governed by the United States Trademark Act of 1946 (Lanham Act, 15 U.S.C. Section 1051 et seq.).

21.2 Except as otherwise expressly provided by applicable state law or regulation, the parties agree that any action brought by either party against the other shall be brought in Prince George’s County, Maryland, and the parties do hereby waive all questions of personal jurisdiction or venue for the purpose of carrying out this provision.

21.3 No right or remedy conferred upon or reserved by us or you by this Agreement is intended and it shall not be deemed to be exclusive of any other right or remedy provided or permitted herein, by law or at equity, but each right or remedy shall be cumulative of every other right or remedy.

21.4 Nothing herein contained shall bar our right to obtain injunctive relief against threatened conduct that will cause us loss or damage under the usual equity rules, including the applicable rules for obtaining restraining orders and preliminary injunctions.

## **SECTION 22**

### **DISPUTE RESOLUTION**

22.1 Except to the extent we elect to enforce the provisions of this Agreement by judicial process and injunction in our sole discretion, all disputes, claims and controversies between the parties arising under or in connection with this Agreement or the making, performance or interpretation thereof (including claims of fraud in the inducement and other claims of fraud and the arbitrability of any matter) which have not been settled through negotiation will be settled by binding arbitration in Maryland under the authority of Maryland Statutes. The arbitrator(s) will have a minimum of five (5) years of experience in franchising or distribution law and will have the right to award specific performance of this Agreement. If the parties cannot agree upon a mutually agreeable arbitrator, then the arbitration shall be conducted as per the selection method set forth in the Maryland Statutes. The proceedings will be conducted under the commercial arbitration rules of the American Arbitration Association, to the extent such rules are not inconsistent with the provisions of this arbitration provision or the Maryland Statutes. The decision of the arbitrator(s) will be final and binding on all parties. This Section will survive termination or non-renewal of this Agreement under any circumstances. Judgment upon the award of the arbitrator(s) may be entered in any court having jurisdiction thereof. During the pendency of any arbitration proceeding, you and we shall fully perform our respective obligations under this Agreement.

22.2 With respect to any claims, controversies or disputes which are not finally resolved through arbitration, or as otherwise provided above, you and your owners hereby irrevocably submit themselves to the jurisdiction of the state courts of Prince Georges County, Maryland, and the Federal District Court closest to our headquarters. You and your owners hereby waive all questions of personal jurisdiction for the purpose of carrying out this provision. You and your owners hereby agree that service of process may be made upon any of them in any proceeding relating to or arising out of this Agreement or the relationship created by this Agreement by any means allowed by Maryland or federal law. You and your owners further agree that venue for any proceeding relating to or arising out of this Agreement shall be Prince Georges County, Maryland; provided, however, with respect to any action (1) for monies owed, (2) for injunctive or other extraordinary relief or (3) involving possession or disposition of, or other relief relating to, real property, we may bring such action in any State or Federal District Court which has jurisdiction. With respect to all claims, controversies, disputes or actions, related to this Agreement or the relationship created thereby, this Agreement and any such related claims, controversies, disputes or actions shall be governed, enforced and interpreted under Maryland law.

22.3 You, your owners and we acknowledge that the parties' agreement regarding applicable state law and forum set forth in Section 22.2 above provide each of the parties with the mutual benefit of uniform interpretation of this Agreement and any dispute arising out of this Agreement or the parties' relationship created by this Agreement. Each of you, your owners and we further acknowledge the receipt and sufficiency of mutual consideration for such benefit and that each party's agreement regarding applicable state law and choice of forum have been negotiated in good faith and are part of the benefit of the bargain reflected by this Agreement.

22.4 You, your owners and we hereby waive, to the fullest extent permitted by law, any right to or claim or any punitive, exemplary, incidental, indirect, special, consequential or other damages (including, without limitation, loss of profits) against either party, their officers, directors, shareholders, partners, agents, representatives, independent contractors, servants and employees, in their corporate and individual capacities, arising out of any cause whatsoever (whether such cause be based in contract, negligence, strict liability, other tort or otherwise) and agree that in the event of a dispute, either party shall be limited to the recovery of any actual damages sustained by it. If any other term of this Agreement is found or determined to be unconscionable or unenforceable for any reason, the foregoing provisions of waiver by agreement of punitive, exemplary, incidental, indirect, special, consequential or other damages (including, without limitation, loss of profits) shall continue in full force and effect.

22.5 We and you irrevocably waive trial by jury in any action, proceeding, or counterclaim, whether at law or in equity, brought by either of us against the other. Any and all claims and actions arising out of or relating to this Agreement, the relationship of you and us, or your operation of the Franchised Business, brought by either party hereto against the other, whether in arbitration, or a legal action, shall be commenced within two (2) years from the occurrence of the facts giving rise to such claim or action, or such claim or action shall be barred.

22.6 If we are required to enforce this Agreement in a judicial or arbitration proceeding, you shall reimburse us for our costs and expenses, including, without limitation, reasonable accountants', attorneys', attorney assistants', and expert witness fees, costs of investigation and proof of facts, court costs, other litigation expenses and travel and living expenses, whether incurred prior to, in preparation for or in contemplation of the filing of any such proceeding. If we are required to engage legal counsel in connection with any failure by you to comply with this Agreement, you shall reimburse us for any of the above-listed costs and expenses incurred by us.

## **SECTION 23**

### **CHANGES AND MODIFICATIONS**

23.1 This Agreement may be modified only upon the execution of a written agreement by us and you. We reserve and shall have the sole right to make changes in the Confidential Operations Manual, the System and the Marks at any time and without prior notice to you. You shall promptly alter any signs, products, business materials or related items, at your sole cost and expense, upon written receipt of written notice of such change or modification in order to conform to our revised specifications. In the event that any improvement or addition to the Manual, the System or the Marks is developed by you, then you agree to grant to us an irrevocable, world-wide, exclusive, royalty-free license, with the right to sublicense such improvement or addition.

23.2 You understand and agree that due to changes in competitive circumstances, presently unforeseen changes in the needs of clients, and/or presently unforeseen technological innovations, our System must not remain static in order that it best serve the interest of us, franchisees, multi-unit operators, other area representatives and the System. Accordingly, you expressly understand and agree that we may from time to time change the components of the System, including, but not limited to, altering the Franchised Businesses, services, methods, standards, forms, policies and procedures of that System; adding to, deleting from or modifying those Franchised Businesses, products and services which the Franchised Business is authorized to offer; and changing, improving or modifying the Marks, leases, franchise agreements, subleases, Atomic Wings Restaurant designs, manuals and procedures. Subject to the other provisions of this Agreement, you expressly agree to abide by any such modifications, changes, additions, deletions and alterations.

## **SECTION 24**

### **ACKNOWLEDGMENTS**

You acknowledge that you have conducted an independent investigation of all aspects relating to the Franchised Business and recognize that the business venture contemplated by this Agreement involves business risks and that its success will be largely dependent upon your skills and ability as an independent businessperson or organization. You acknowledge that you have received, read and understand this Agreement, the attachments hereto and agreements relating thereto, and that we have accorded you ample time and opportunity to consult with advisors of your own choosing about the potential benefits and risks of entering into this Agreement.

You further acknowledge that this Area Representative Agreement is significantly different from a franchise agreement or multi-unit operator agreement and, therefore, includes significantly different duties and obligations of an area representative. The area representative relationship is one where the area representative is asking the franchisor to share in its initial franchise fees and royalties in a certain territory in exchange for the area representative assuming certain responsibilities and performance criteria. You therefore acknowledge and agree as follows: you shall maintain a separate and focused layer of support for the AR Business to our satisfaction, and you shall open the number of locations as outlined in Attachment 6 attached hereto, which means that you are solely and exclusively responsible for selling franchises in the Development Area and assisting the franchisees in the Development Area with every step of opening and operating the Atomic Wings Restaurant.

\_\_\_\_\_ [Please initial to acknowledge that you have read and understand this Section 24.]

The parties hereto have duly executed, sealed and delivered this Agreement on the day and year first above written.

**ACKNOWLEDGMENT STATEMENT**

You hereby acknowledge the following:

1. You have conducted an independent investigation of all aspects relating to the financial, operational and other aspects of the business of operating the AR Business. You further acknowledge that, except as may be set forth in our Disclosure Document, no representations of performance (financial or otherwise) for the AR Business provided for in this Agreement have been made to you by us and you and any and all Principals hereby waive any claim against us for any business failure you may experience as an area representative under this Agreement.
2. You have conducted an independent investigation of the business contemplated by this Agreement and understand and acknowledge that the business contemplated by this Agreement involves business risks making the success of the venture largely dependent upon the business abilities and participation of you and your efforts as an independent business operation.
3. You agree that no claims of success or failure have been made to you prior to signing this Agreement and that you understand all the terms and conditions of this Agreement. You further acknowledge that this Agreement contains all oral and written agreements, representations and arrangements between the parties hereto, and any rights which the respective parties hereto may have had under any other previous contracts are hereby cancelled and terminated, and that this Agreement cannot be changed or terminated orally.
4. You have no knowledge of any representations by us or our officers, directors, shareholders, employees, sales representatives, agents or servants, about the business contemplated by this Agreement that are contrary to the terms of this Agreement or the documents incorporated herein. You acknowledge that no representations or warranties are made or implied, except as specifically set forth herein. You represent, as an inducement to our entry into this Agreement, that you have made no misrepresentations in obtaining this Agreement.
5. We expressly disclaim the making of, and you acknowledge that you have not received or relied upon, any warranty or guarantee, express or implied, as to the potential volume, profits or success of the business venture contemplated by this Agreement.
6. You acknowledge that our approval or designation of your territory does not constitute a warranty, recommendation or endorsement of the territory, nor any assurance by us that the operation of the AR Business in the territory will be successful or profitable.
7. You acknowledge that you have received the Atomic Wings Franchise Disclosure Document with a complete copy of this Agreement and all related Attachments and agreements at least fourteen (14) calendar days prior to the date on which this Agreement was executed. You further acknowledge that you have read such Franchise Disclosure Document and understand its contents.
8. You acknowledge that you have had ample opportunity to consult with your own attorneys, accountants and other advisors and that the attorneys for us have not advised or represented you with respect to this Agreement or the relationship thereby created.

9. You, together with your advisers, have sufficient knowledge and experience in financial and business matters to make an informed investment decision with respect to the Franchise granted by this Agreement.
10. You are aware of the fact that other present or future area representatives of ours may operate under different forms of agreement(s), and consequently that our obligations and rights with respect to our various area representatives may differ materially in certain circumstances.
11. It is recognized by the parties that we are also (or may become) a manufacturer or distributor of certain products under the Proprietary Marks licensed herein; and it is understood that we do not warrant that such products will not be sold within your Development Area by others who may have purchased such products from us.
12. Release of Prior Claims. BY EXECUTING THIS AGREEMENT, YOU AND ANY PRINCIPAL, INDIVIDUALLY AND ON BEHALF OF YOU AND SUCH PRINCIPAL'S HEIRS, LEGAL REPRESENTATIVES, SUCCESSORS AND ASSIGNS, HEREBY FOREVER RELEASE AND DISCHARGE ATOMIC WINGS FRANCHISOR INC., ATOMIC WINGS INDEMNITEES, AND ALL OF THEIR OFFICERS, DIRECTORS, SHAREHOLDERS, AGENTS AND SUCCESSORS AND ASSIGNS FROM ANY AND ALL CLAIMS, DEMANDS AND JUDGMENTS RELATING TO OR ARISING UNDER THE STATEMENTS, CONDUCT, CLAIMS OR ANY OTHER AGREEMENT BETWEEN THE PARTIES EXECUTED PRIOR TO THE DATE OF THIS AGREEMENT, INCLUDING, BUT NOT LIMITED TO, ANY AND ALL CLAIMS, WHETHER PRESENTLY KNOWN OR UNKNOWN, SUSPECTED OR UNSUSPECTED, ARISING UNDER THE FRANCHISE, SECURITIES, TAX OR ANTITRUST LAWS OF THE UNITED STATES OR OF ANY STATE OR TERRITORY THEREOF.

Acknowledged this \_\_\_\_\_.

**ATOMIC WINGS FRANCHISOR INC.**  
**ATTACHMENT 3 TO THE AREA REPRESENTATIVE AGREEMENT**

**SPOUSAL GUARANTY**

This Guaranty and Covenant (this “Guaranty”) is given by the undersigned (“Guarantor”) on \_\_\_\_\_ (the “Effective Date”), to Atomic Wings Franchisor Inc., a New Jersey corporation (“Franchisor”), in order to induce Franchisor to enter into that certain Area Representative Agreement dated on or about the Effective Date hereof (the “AR Agreement”) with \_\_\_\_\_, a(n) \_\_\_\_\_, \_\_\_\_\_ and \_\_\_\_\_ (collectively “Area Representative”).

Guarantor acknowledges that Guarantor is the spouse of Area Representative’s Principal, as that term is used in the AR Agreement.

Guarantor acknowledges that Guarantor has read the terms and conditions of the AR Agreement and acknowledges that the execution of this Guaranty are in partial consideration for, and a condition to the granting of, the rights granted in the AR Agreement to Area Representative, and that Franchisor would not have granted these rights without the execution of this Guaranty by Guarantor.

Guarantor hereby individually makes, agrees to be bound by, and agrees to perform, all of the monetary obligations and non-competition covenants and agreements of the Area Representative as set forth in the AR Agreement, including but not limited to, the covenants set forth in Section 10 of the AR Agreement (“Guaranteed Obligations”). Guarantor shall perform and/or make punctual payment to Franchisor of the Guaranteed Obligations in accordance with the terms of the AR Agreement or other applicable document forthwith upon demand by Franchisor.

This Guaranty is an absolute and unconditional continuing guaranty of payment and performance of the Guaranteed Obligations. This Guaranty shall not be discharged by renewal of any claims guaranteed by this instrument, change in ownership or control of the Area Representative entity, transfer of the AR Agreement, the suffering of any indulgence to any debtor, extension of time of payment thereof, nor the discharge of Area Representative by bankruptcy, operation of law or otherwise. Presentment, demand, protest, notice of protest and dishonor, notice of default or nonpayment and diligence in collecting any obligation under any agreement between Area Representative and Franchisor are each and all waived by Guarantor and/or acknowledged as inapplicable. Guarantor waives notice of amendment of any agreement between Area Representative and Franchisor and notice of demand for payment by Area Representative. Guarantor further agrees to be bound by any and all amendments and changes to any agreement between Area Representative and Franchisor.

Franchisor may pursue its rights against Guarantor without first exhausting its remedies against Area Representative and without joining any other guarantor hereto and no delay on the part of Franchisor in the exercise of any right or remedy shall operate as a waiver of such right or remedy, and no single or partial exercise by Franchisor of any right or remedy shall preclude the further exercise of such right or remedy.

If other guarantors have guaranteed any and or all of the Guaranteed Obligations, their liability shall be joint and several to that of Guarantor.

Until all of the Guaranteed Obligations have been paid in full and/or performed in full, Guarantor shall not have any right of subrogation, unless expressly given to Guarantor in writing by Franchisor.

All Franchisor's rights, powers and remedies hereunder and under any other agreement now or at any time hereafter in force between Franchisor and Guarantor shall be cumulative and not alternative and shall be in addition to all rights, powers and remedies given to Franchisor by law.

Should any one or more provisions of this Guaranty be determined to be illegal or unenforceable, all other provisions nevertheless shall remain effective.

This Guaranty shall extend to and inure to the benefit of Franchisor and its successors and assigns and shall be binding on Guarantor and its successors and assigns.

Guarantor has signed this Guaranty as of the date set forth above.

**ATOMIC WINGS FRANCHISOR INC**  
**ATTACHMENT 4 TO THE AREA REPRESENTATIVE AGREEMENT**

**CONFIDENTIALITY AND NON-COMPETITION AGREEMENT**  
**(for trained employees and managers of area representative business)**

In consideration of my being a \_\_\_\_\_ of \_\_\_\_\_ (“Area Representative”), and other good and valuable consideration, the receipt and sufficiency of which is acknowledged, I hereby acknowledge and agree that:

1. Pursuant to an Area Representative Agreement dated \_\_\_\_\_ (the “Area Representative Agreement”), Area Representative has acquired the right and franchise from Atomic Wings Franchisor Inc., a New Jersey corporation (the “Company”) to establish and operate an “Atomic Wings” area representative business (the “AR Business”) and the right to use in the operation of the AR Business the Company’s trade names, service marks, trademarks, logos, emblems, and indicia of origin (the “Proprietary Marks”), as they may be changed, improved and further developed from time to time in the Company’s sole discretion.

2. The Company, as the result of the expenditure of time, skill, effort and resources has developed and owns a distinctive format and system (the “System”) relating to the establishment and operation of Atomic Wings restaurants (“Franchised Business”). The Company possesses certain proprietary and confidential information relating to the operation of the System, which includes certain proprietary trade secrets, methods, techniques, formats, specifications, systems, procedures, methods of business practices and management, sales and promotional techniques and knowledge of, and experience in, the operation of the Franchised Business (the “Confidential Information”).

3. Any and all information, knowledge, know-how, and techniques which the Company specifically designates as confidential shall be deemed to be Confidential Information for purposes of this Agreement.

4. As \_\_\_\_\_ of the Area Representative, the Company and Area Representative will disclose the Confidential Information to me in furnishing to me training programs, the Company’s Confidential Operations Manuals (the “Manuals”), and other general assistance during the term of the Area Representative Agreement.

5. I will not acquire any interest in the Confidential Information, other than the right to utilize it in the operation of the AR Business during the term of the Area Representative Agreement, and the use or duplication of the Confidential Information for any use outside the System would constitute an unfair method of competition.

6. The Confidential Information is proprietary, involves trade secrets of the Company, and is disclosed to me solely on the condition that I agree, and I do hereby agree, that I shall hold in strict confidence all Confidential Information and all other information designated by the Company as confidential. Unless the Company otherwise agrees in writing, I will disclose and/or use the Confidential Information only in connection with my duties as \_\_\_\_\_ of the Area Representative, and will continue not to disclose any such information even after I cease to be in that position and will not use any such information even after I cease to be in that position unless I can demonstrate that such information has become generally known or easily accessible other than by the breach of an obligation of Area Representative under the Area Representative Agreement.

7. Except as otherwise approved in writing by the Company, I shall not, while in my position with the Area Representative, either directly or indirectly for myself, or through, on behalf of, or in conjunction with any person, persons, partnership, or corporation, own, maintain, operate, engage in, act as a consultant for, perform services for, or have any interest in any business which: (a) is the same as, or substantially similar to, the Franchised Business; or (b) offers to sell or sells any products or services which are the same as, or substantially similar to, any of the products offered by a Franchised Business (a "Competitive Business"); and for a continuous uninterrupted period commencing upon the cessation or termination of my position with Area Representative, regardless of the cause for termination, or upon the expiration, termination, transfer, or assignment of the Area Representative Agreement, whichever occurs first, and continuing for two (2) years thereafter, either directly or indirectly, for myself, or through, on behalf of, or in conjunction with any person, persons, partnership, or corporation, own, maintain, operate, engage in, act as a consultant for, perform services for, or have any interest in any Competitive Business that is, or is intended to be, located at or within:

7.1 The Development Area, as defined in the Area Representative Agreement;

7.2 Twenty (20) miles of the Development Area; or

7.3 Twenty (20) miles of any AR Business or Atomic Wings Restaurant operating under the System and the Proprietary Marks.

The prohibitions in this Paragraph 7 do not apply to my interests in or activities performed in connection with a Franchised Business. This restriction does not apply to my ownership of less than five percent (5%) beneficial interest in the outstanding securities of any publicly held corporation.

8. I agree that each of the foregoing covenants shall be construed as independent of any other covenant or provision of this Agreement. If all or any portion of a covenant in this Agreement is held unreasonable or unenforceable by a court or agency having valid jurisdiction in an unappealed final decision to which the Company is a party, I expressly agree to be bound by any lesser covenant subsumed within the terms of such covenant that imposes the maximum duty permitted by law, as if the resulting covenant were separately stated in and made a part of this Agreement.

9. I understand and acknowledge that the Company shall have the right, in its sole discretion, to reduce the scope of any covenant set forth in this Agreement, or any portion thereof, without my consent, effective immediately upon receipt by me of written notice thereof; and I agree to comply forthwith with any covenant as so modified.

10. The Company is a third-party beneficiary of this Agreement and may enforce it, solely and/or jointly with the Area Representative. I am aware that my violation of this Agreement will cause the Company and the Area Representative irreparable harm; therefore, I acknowledge and agree that the Area Representative and/or the Company may apply for the issuance of an injunction preventing me from violating this Agreement, and I agree to pay the Area Representative and the Company all the costs it/they incur(s), including, without limitation, legal fees and expenses, if this Agreement is enforced against me. Due to the importance of this Agreement to the Area Representative and the Company, any claim I have against the Area Representative or the Company is a separate matter and does not entitle me to violate, or justify any violation of this Agreement.

11. This Agreement shall be construed under the laws of the State of Maryland. The only way this Agreement can be changed is in writing signed by both the Area Representative and me.

**ATOMIC WINGS FRANCHISOR INC**  
**ATTACHMENT 5 TO THE AREA REPRESENTATIVE AGREEMENT**

**INTERNET ADVERTISING, SOCIAL MEDIA AND  
TELEPHONE ACCOUNT AGREEMENT**

**THIS INTERNET ADVERTISING, SOCIAL MEDIA AND TELEPHONE ACCOUNT AGREEMENT** (the “Agreement”) is made and entered into this day of \_\_\_\_\_ (the “Effective Date”) by and between ATOMIC WINGS FRANCHISOR INC., a New Jersey corporation (the “Franchisor”), and \_\_\_\_\_, a \_\_\_\_\_ (the “Area Representative”).

**WHEREAS**, Area Representative desires to enter into an area representative agreement with Franchisor for an Atomic Wings AR Business (“Area Representative Agreement”) which will allow Area Representative to conduct internet-based advertising, maintain social media accounts, and use telephone listings linked to the Atomic Wings brand.

**WHEREAS**, Franchisor would not enter into the Area Representative Agreement without Area Representative’s agreement to enter into, comply with, and be bound by all the terms and provisions of this Agreement;

**NOW, THEREFORE**, for and in consideration of the foregoing and the mutual promises and covenants contained herein, and in further consideration of the Area Representative Agreement and the mutual promises and covenants contained therein, and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties hereto agree as follows:

1. **Definitions**

All terms used but not otherwise defined in this Agreement shall have the meanings set forth in the Area Representative Agreement. “Termination” of the Area Representative Agreement shall include, but shall not be limited to, the voluntary termination, involuntary termination, or natural expiration thereof.

2. **Internet Advertising and Telephone Accounts**

2.1 **Interest in Websites, Social Media Accounts and Other Electronic Listings.** Area Representative may acquire (whether in accordance with or in violation of the Area Representative Agreement) during the term of Area Representative Agreement, certain right, title, or interest in and to certain domain names, social media accounts, hypertext markup language, uniform resource locator addresses, access to corresponding internet websites, and the right to hyperlink to certain websites and listings on various internet search engines (collectively, “Electronic Advertising”) related to the AR Business or the Marks.

2.2 **Interest in Telephone Numbers and Listings.** Area Representative has or will acquire during the term of the Area Representative Agreement, certain right, title, and interest in and to those certain telephone numbers and regular, classified, internet page, and other telephone directory listings (collectively, the “Telephone Listings”) related to the AR Business or the Marks.

2.3 **Transfer.** On Termination of the Area Representative Agreement, or on periodic request of Franchisor, Area Representative will immediately:

2.3.1 direct all internet service providers, domain name registries, internet search engines, social media companies, and other listing agencies (collectively, the “Internet Companies”) with which Area Representative has Electronic Advertising: (i) to transfer all of Area Representative’s interest in such Electronic Advertising to Franchisor; and (ii) to execute such documents and take such actions as may be necessary to effectuate such transfer. In the event Franchisor does not desire to accept any or all such Electronic Advertising, Area Representative will immediately direct the Internet Companies to terminate such Electronic Advertising or will take such other actions with respect to the Electronic Advertising as Franchisor directs; and

2.3.2 direct all telephone companies, telephone directory publishers, and telephone directory listing agencies (collectively, the “Telephone Companies”) with which Area Representative has Telephone Listings: (i) to transfer all Area Representative’s interest in such Telephone Listings to Franchisor; and (ii) to execute such documents and take such actions as may be necessary to effectuate such transfer. In the event Franchisor does not desire to accept any or all such Telephone Listings, Area Representative will immediately direct the Telephone Companies to terminate such Telephone Listings or will take such other actions with respect to the Telephone Listings as Franchisor directs.

2.4 Appointment; Power of Attorney. Area Representative hereby constitutes and appoints Franchisor and any officer or agent of Franchisor, for Franchisor’s benefit under the Area Representative Agreement and this Agreement or otherwise, with full power of substitution, as Area Representative’s true and lawful attorney-in-fact with full power and authority in Area Representative’s place and stead, and in Area Representative’s name or the name of any affiliated person or affiliated company of Area Representative, to take any and all appropriate action and to execute and deliver any and all documents that may be necessary or desirable to accomplish the purposes of this Agreement. Area Representative further agrees that this appointment constitutes a power coupled with an interest and is irrevocable until Area Representative has satisfied all of its obligations under the Area Representative Agreement and any and all other agreements to which Area Representative and any of its affiliates on the one hand, and Franchisor and any of its affiliates on the other, are parties, including without limitation this Agreement. Without limiting the generality of the foregoing, Area Representative hereby grants to Franchisor the power and right to do the following:

2.4.1 Direct the Internet Companies to transfer all Area Representative’s interest in and to the Electronic Advertising to Franchisor, or alternatively, to direct the Internet Companies to terminate any or all of the Electronic Advertising;

2.4.2 Direct the Telephone Companies to transfer all Area Representative’s interest in and to the Telephone Listings to Franchisor, or alternatively, to direct the Telephone Companies to terminate any or all of the Telephone Listings; and

2.4.3 Execute such standard assignment forms or other documents as the Internet Companies and/or Telephone Companies may require in order to affect such transfers or terminations of Area Representative’s interest.

2.5 Certification of Termination. Area Representative hereby directs the Internet Companies and Telephone Companies to accept, as conclusive proof of Termination of the Area Representative Agreement, Franchisor’s written statement, signed by an officer or agent of Franchisor, that the Area Representative Agreement has terminated.

2.6 Cessation of Obligations. After the Internet Companies and the Telephone Companies have duly transferred all Area Representative’s interests as described in paragraph 2.3 above to Franchisor, as between Area Representative and Franchisor, Area Representative will have no further interest in, or

obligations with respect to the particular Electronic Advertising and/or Telephone Listings. Notwithstanding the foregoing, Area Representative will remain liable to each and all of the Internet Companies and Telephone Companies for the respective sums Area Representative is obligated to pay to them for obligations Area Representative incurred before the date Franchisor duly accepted the transfer of such interests, or for any other obligations not subject to the Area Representative Agreement or this Agreement.

### 3. **Miscellaneous**

3.1 **Release.** Area Representative hereby releases, remises, acquits, and forever discharges each and all of the Internet Companies and/or Telephone Companies and each and all of their parent corporations, subsidiaries, affiliates, directors, officers, stockholders, employees, and agents, and the successors and assigns of any of them, from any and all rights, demands, claims, damage, losses, costs, expenses, actions, and causes of action whatsoever, whether in tort or in contract, at law or in equity, known or unknown, contingent or fixed, suspected or unsuspected, arising out of, asserted in, assertible in, or in any way related to this Agreement.

3.2 **Indemnification.** Area Representative is solely responsible for all costs and expenses related to its performance, its nonperformance, and Franchisor's enforcement of this Agreement, which costs and expenses Area Representative will pay Franchisor in full, without defense or setoff, on demand. Area Representative agrees that it will indemnify, defend, and hold harmless Franchisor and its affiliates, and its and their directors, officers, shareholders, partners, members, employees, agents, and attorneys, and the successors and assigns of any and all of them, from and against, and will reimburse Franchisor and any and all of them for, any and all loss, losses, damage, damages, claims, debts, claims, demands, or obligations that are related to or are based on this Agreement.

3.3 **No Duty.** The powers conferred on Franchisor hereunder are solely to protect Franchisor's interests and shall not impose any duty on Franchisor to exercise any such powers. Area Representative expressly agrees that in no event shall Franchisor be obligated to accept the transfer of any or all of Area Representative's interest in any matter hereunder.

3.4 **Further Assurances.** Area Representative agrees that at any time after the date of this Agreement, Area Representative will perform such acts and execute and deliver such documents as may be necessary to assist in or accomplish the purposes of this Agreement.

3.5 **Successors, Assigns, and Affiliates.** All Franchisor's rights and powers, and all Area Representative's obligations, under this Agreement shall be binding on Area Representative's successors, assigns, and affiliated persons or entities as if they had duly executed this Agreement.

3.6 **Effect on Other Agreements.** Except as otherwise provided in this Agreement, all provisions of the Area Representative Agreement and attachments and schedules thereto shall remain in effect as set forth therein.

3.7 **Survival.** This Agreement shall survive the Termination of the Area Representative Agreement.

3.8 **Governing Law.** This Agreement shall be governed by and construed under the laws of the State of Maryland, without regard to the application of Maryland conflict of law rules.

## EXHIBIT F TO THE DISCLOSURE DOCUMENT

### FORM OF GENERAL RELEASE

THIS AGREEMENT ("Agreement") is made and entered into \_\_\_\_\_, by and between Atomic Wings Franchisor Inc., a New Jersey corporation, having its principal address at 5010 Branchville Road, College Park, Maryland, 20740 (the "Franchisor"), and \_\_\_\_\_, a \_\_\_\_\_ with a principal address at \_\_\_\_\_ (hereinafter referred to as "Releasor"), wherein the parties hereto, in exchange for good and valuable consideration, the sufficiency and receipt of which is hereby acknowledged, and in reliance upon the representations, warranties, and comments herein are set forth, do agree as follows:

1. **Release by Releasor:**

Releasor does for itself, its successors and assigns, hereby release and forever discharge generally the Franchisor and any affiliate, wholly owned or controlled corporation, subsidiary, successor or assign thereof and any shareholder, officer, director, employee, or agent of any of them, from any and all claims, demands, damages, injuries, agreements and contracts, indebtedness, accounts of every kind or nature, whether presently known or unknown, suspected or unsuspected, disclosed or undisclosed, actual or potential, which Releasor may now have, or may hereafter claim to have or to have acquired against them of whatever source or origin, arising out of or related to any and all transactions of any kind or character at any time prior to and including the date hereof, including generally any and all claims at law or in equity, those arising under the common law or state or federal statutes, rules or regulations such as, by way of example only, franchising, securities and anti-trust statutes, rules or regulations, in any way arising out of or connected with the Agreement, and further promises never from this day forward, directly or indirectly, to institute, prosecute, commence, join in, or generally attempt to assert or maintain any action thereon against the Franchisor, any affiliate, successor, assign, parent corporation, subsidiary, director, officer, shareholder, employee, agent, executor, administrator, estate, trustee or heir, in any court or tribunal of the United States of America, any state thereof, or any other jurisdiction for any matter or claim arising before execution of this Agreement. In the event Releasor breaches any of the promises, covenants, or undertakings made herein by any act or omission, Releasor shall pay, by way of indemnification, all costs and expenses of the Franchisor caused by the act or omission, including reasonable attorneys' fees.

2. Releasor hereto represents and warrants that no portion of any claim, right, demand, obligation, debt, guarantee, or cause of action released hereby has been assigned or transferred by Releasor party to any other party, firm or entity in any manner including, but not limited to, assignment or transfer by subrogation or by operation of law. In the event that any claim, demand or suit shall be made or institute against any released party because of any such purported assignment, transfer or subrogation, the assigning or transferring party agrees to indemnify and hold such released party free and harmless from and against any such claim, demand or suit, including reasonable costs and attorneys' fees incurred in connection therewith. It is further agreed that this indemnification and hold harmless agreement shall not require payment to such claimant as a condition precedent to recovery under this paragraph.

3. Each party acknowledges and warrants that his, her or its execution of this Agreement is free and voluntary.

4. Maryland law shall govern the validity and interpretation of this Agreement, as well as the performance due thereunder. This Agreement is binding upon and inures to the benefit of the respective assigns, successors, heirs and legal representatives of the parties hereto.

5. In the event that any action is filed to interpret any provision of this Agreement, or to enforce any of the terms thereof, the prevailing party shall be entitled to its reasonable attorneys' fees and costs incurred therein, and said action must be filed in the State of Maryland.

6. This Agreement may be signed in counterparts, each of which shall be binding against the party executing it and considered as the original.

The parties hereto, intending to be legally bound hereby, have executed this agreement effective as of the date first above.

## **EXHIBIT G TO THE DISCLOSURE DOCUMENT**

### **STATE ADDENDA**

#### **CALIFORNIA APPENDIX**

1. California Business and Professions Code 20000 through 20043 provide rights to the franchisee concerning transfer, termination or non-renewal of a franchise. If the Area Representative Agreement contains provisions that are inconsistent with the law, the law will control.
2. The Area Representative Agreement provides for termination upon bankruptcy. This provision may not be enforceable under Federal Bankruptcy Law (11 U.S.C.A. Sec. 101 et seq.).
3. The Area Representative Agreement contains covenants not to compete which extend beyond the termination of the agreements. These provisions may not be enforceable under California law.
4. Section 31125 of the California Corporations Code requires us to give you a disclosure document, in a form containing the information that the commissioner may by rule or order require, before a solicitation of a proposed material modification of an existing franchise.
5. The franchisor, any person or franchise broker in Item 2 of the FDD are not subject to any currently effective order of any national securities association or national securities exchange, as defined in the Securities Exchange Act of 1934, 15 U.S.C.A. 78a et seq., suspending or expelling such persons from membership in such association or exchange.
6. The Area Representative Agreement requires binding arbitration. The arbitration will occur in Prince George's County, Maryland, with the costs being borne by the franchisee and franchisor. Prospective franchisees are encouraged to consult private legal counsel to determine the applicability of California and federal laws (such as Business and Professions Code Section 20040.5 Code of Civil Procedure Section 1281, and the Federal Arbitration Act) to any provisions of an area representative agreement restricting venue to a forum outside the State of California.
7. The Area Representative Agreement requires application of the laws of Maryland. This provision may not be enforceable under California law.
8. You must sign a general release of claims if you renew or transfer your franchise. California Corporations Code Section 31512 voids a waiver of your rights under the Franchise Investment Law (California Corporations Code 31000 through 31516). Business and Professions Code Section 20010 voids a waiver of your rights under the Franchise Relations Act (Business and Professions Code Sections 20000 through 20043).
9. The California Franchise Investment Law requires a copy of all proposed agreements relating to the sale of the franchise be delivered together with the franchise disclosure document.
10. OUR WEBSITE, [www.atomicwings.com](http://www.atomicwings.com), HAS NOT BEEN REVIEWED OR APPROVED BY THE CALIFORNIA DEPARTMENT OF FINANCIAL PROTECTION AND INNOVATION. ANY COMPLAINTS CONCERNING THE CONTENT OF THIS WEBSITE MAY BE DIRECTED TO THE CALIFORNIA DEPARTMENT OF FINANCIAL PROTECTION AND INNOVATION at [www.dbo.ca.gov](http://www.dbo.ca.gov).

11. Item 5 of the FDD and Section 1 of the Area Representative Agreement are amended to state, “The Department of Financial Protection and Innovation requires that we defer the collection of all initial fees from California area representatives until we have completed all of our pre-opening obligations and you are open for business.”
12. Franchisor is undercapitalized and may not be able to meet preopening obligations to all franchisees.
13. Franchisees and spouses must sign a personal guaranty, making you and your spouse individually liable for your financial obligations under the agreement if you are married. The guaranty will place your and your spouse’s marital and personal assets at risk if your franchise fails.
14. You will not receive an exclusive territory. You may face competition from other franchisees, from outlets that we own, or from other channels of distribution or competitive brands that we control.

### **Special Risk(s) to Consider About This Franchise**

1. **Financial Condition.** Franchisor is undercapitalized and may not be able to meet preopening obligations to all franchisees

**ADDENDUM TO THE DISCLOSURE DOCUMENT  
REQUIRED BY THE STATE OF MARYLAND**

This will serve as the State Addendum for the State of Maryland for Atomic Wings Franchisor Inc.'s Franchise Disclosure Document and for its Area Representative Agreement.

1. Item 5 of the Disclosure Document is amended to state: "Based upon the franchisor's financial condition, the Maryland Securities Commissioner has required a financial assurance. Therefore, all initial fees and payments owed by franchisees shall be deferred until the franchisor completes its pre-opening obligations under the area representative agreement."

2. Item 17 of the Disclosure Document is amended to state that, pursuant to COMAR 02.02.08.16L, the general release required as a condition of renewal, sale and/or assignment/transfer shall not apply to any liability under the Maryland Franchise Registration and Disclosure Law.

3. Item 17 of the Disclosure Document is amended to state that a franchisee may bring a lawsuit in Maryland for claims arising under the Maryland Franchise Registration and Disclosure Law.

4. Item 17 of the Disclosure Document is amended to state: "Any claims arising under the Maryland Franchise Registration and Disclosure Law must be brought within three years after the grant of the franchise."

5. Item 17 of the Disclosure Document is amended to state that the provisions in the Area Representative Agreement which provide for termination upon bankruptcy of the area representative may not be enforceable under federal bankruptcy law (11 U.S.C. Section 101 et seq.).

**ADDENDUM TO THE AREA REPRESENTATIVE AGREEMENT  
REQUIRED BY THE STATE OF MARYLAND**

This will serve as the State Addendum for the State of Maryland for Atomic Wings Franchisor Inc.'s Area Representative Agreement. The amendments to the Area Representative Agreement included in this addendum have been agreed to by the parties.

1. The Area Representative Agreement is amended to provide as follows: "This Area Representative Agreement provides that disputes are resolved through arbitration. A Maryland franchise regulation states that it is an unfair or deceptive practice to require a franchisee to waive its right to file a lawsuit in Maryland claiming a violation of the Maryland Franchise Law. In light of the Federal Arbitration Act, there is some dispute as to whether this forum selection requirement is legally enforceable."

2. The appropriate sections of the Area Representative Agreement are amended to state: "Any claims arising under the Maryland Franchise Registration and Disclosure Law must be brought within three years after the grant of the franchise."

3. The appropriate sections of the Area Representative Agreement are amended to state that, pursuant to COMAR 03.02.08.16L, the general release required as a condition of renewal, sale and/or assignment/transfer shall not apply to any liability under the Maryland Franchise Registration and Disclosure Law.

4. The Area Representative Agreement and the Acknowledgment Statement (Attachment 2 to the Area Representative Agreement) are amended to state: "All representations requiring prospective franchisees to assent to a release, estoppel or waiver of liability are not intended to nor shall they act as a

release, estoppel or waiver of any liability incurred under the Maryland Franchise Registration and Disclosure Law.”

5. The provisions in the Area Representative Agreement which provide for termination upon bankruptcy of the area representative may not be enforceable under federal bankruptcy law (11 U.S.C. Section 101 et seq.).

6. The Area Representative Agreement is amended to include the following statement: “Based upon the franchisor’s financial condition, the Maryland Securities Commissioner has required a financial assurance. Therefore, all initial fees and payments owed by franchisees shall be deferred until the franchisor completes its pre-opening obligations under the area representative agreement.”

The parties hereto have duly executed, sealed and delivered this Addendum dated this day of \_\_\_\_\_.

**ADDENDUM REQUIRED BY THE COMMONWEALTH OF VIRGINIA**

In recognition of the restrictions contained in Section 13.1-564 of the Virginia Retail Franchising Act, the Franchise Disclosure Document for Playa Bowls Franchisor LLC for use in the Commonwealth of Virginia shall be amended as follows:

1. Additional Disclosure: The following statements are added to Item 17.h:

Pursuant to Section 13.1-564 of the Virginia Retail Franchising Act, it is unlawful for a franchisor to cancel a franchise without reasonable cause. If any grounds for default or termination stated in the franchise agreement and development agreement does not constitute "reasonable cause," as that the term may be defined in the Virginia Retail Franchising Act or the laws of Virginia, the provision may not be enforceable.

Pursuant to Section 13.1-564 of the Virginia Retail Franchising Act, it is unlawful for a franchisor to use undue influence to induce a franchisee to surrender any right given to him under the franchise. If any provision of the Franchise Agreement involves the use of undue influence by the franchisor to induce a franchisee to surrender any rights given to him under the franchise, that provision may not be enforceable.

2. Item 5 of the Franchise Disclosure Document and the Initial Fee section of the Area Representative Agreement are hereby amended to state:

The Virginia State Corporation Commission's Division of Securities and Retail Franchising requires us to defer payment of the area representative rights fee and other initial payments owned by franchisees to the franchisor until the franchisor has completed its pre-opening obligations under the area representative agreement.

The parties hereto have duly executed, sealed and delivered this Addendum dated this day of \_\_\_\_

## State Effective Dates

The following states have franchise laws that require that the Franchise Disclosure Document be registered or filed with the states, or be exempt from registration: California, Hawaii, Illinois, Indiana, Maryland, Michigan, Minnesota, New York, North Dakota, Rhode Island, South Dakota, Virginia, Washington, and Wisconsin.

This document is effective and may be used in the following states, where the document is filed, registered, or exempt from registration, as of the Effective Date stated below:

State	Effective Date
California	<i>Pending</i>
Maryland	
Virginia	<i>Pending</i>

Other states may require registration, filing, or exemption of a franchise under other laws, such as those that regulate the offer and sale of business opportunities or seller-assisted marketing plans.

## **RECEIPT**

This Franchise Disclosure Document summarizes certain provisions of the Area Representative Agreement and other information in plain language. Read this Franchise Disclosure Document and all exhibits carefully.

If Atomic Wings Franchisor Inc. offers you a franchise, it must provide this Disclosure Document to you 14 calendar-days before you sign a binding agreement with, or make a payment to, the franchisor or an affiliate in connection with the proposed franchise sale.

New York requires you to receive this Franchise Disclosure Document at the earlier of the first personal meeting or 10 business days before the execution of the franchise or other agreement or the payment of any consideration that relates to the franchise relationship. Michigan requires you to receive this disclosure document at least 10 business days before the execution of any binding franchise or other agreement or the payment of any consideration, whichever occurs first.

If Atomic Wings Franchisor Inc. does not deliver this Disclosure Document on time or if it contains a false or misleading statement, or a material omission, a violation of federal and state law may have occurred and should be reported to the Federal Trade Commission, Washington, DC, 20580, and to your state authority listed on Exhibit E.

The name and principal business address and telephone number of each franchise seller offering the franchise is:

Zaki Omar  
5010 Branchville Road  
College Park, Maryland 20740  
917-284-2910

Issuance Date: May 10, 2021

I received a Disclosure Document dated May 10, 2021, that included the following Exhibits:

- EXHIBIT A: Financial Statements
- EXHIBIT B: Area Representative Agreement
- EXHIBIT C: List of Area Representatives and Area Representatives Who Have Left the System
- EXHIBIT D: Table of Contents of Confidential Operations Manual
- EXHIBIT E: State Administrators/Agents for Service of Process
- EXHIBIT F: General Release
- EXHIBIT G: State Addenda

Creating a smart chatbot has been designed for talking about financial topics. This chatbot amalgamates large language models, Retrieval Augmented Generation (RAG), which includes using a model to fetch relevant information or context from a database and combining it with a generative language model to form a coherent and contextually relevant response and a langchain pipeline to facilitate dynamic and information-intensive conversations.

The main part of the script is a class called ChatBot that manages important aspects like the language model, tokenizer, and historical chat data. The ChatBot class in the provided script incorporates several essential components to create a sophisticated conversational agent. At its core is the Mistral-7B-Instruct language model, obtained from Hugging Face, which serves as the backbone for understanding user input and generating contextually relevant responses. The Auto Tokenizer is employed to preprocess and tokenize textual data, ensuring compatibility with the language model. HuggingFace Instruct Embeddings are utilized to convert textual information into numerical representations, known as embeddings. These embeddings play a crucial role in enhancing the model's comprehension of the nuances and relationships within the language. The class exhibits a robust capability to handle PDF documents through the use of Directory Loader and FAISS (Fast Approximate Nearest Neighbors Search). This allows the chatbot to load PDFs, split them into smaller chunks, and create a vector database for efficient information retrieval during conversations.

A notable feature of the ChatBot class is its ability to undergo fine-tuning with financial data. Fine-tuning involves adapting the pre-trained model to specific domains, enhancing its understanding of financial jargon and contexts. This customization ensures that the chatbot provides more accurate and specialized responses in the financial domain. The integration with the Twitter API introduces real-time data into the chatbot's knowledge base. Functions are included to collect and pre-process tweets, enabling the chatbot to stay abreast of current events, discussions, and trends in the financial domain. This feature enhances the chatbot's responsiveness and ensures that its responses are informed by the latest information available on social media. The management of chat history, templates for generating responses, and other parameters within the class contributes to a coherent and user-friendly interaction. This ensures that the chatbot maintains context during conversations and adheres to predefined response structures.

Social Security and Medicare; Will They Impoverish the Young?  
Will We Have Inflation, Recession, or Both?

## ***Preview***

---

Economics is one of the oldest and most influential of intellectual disciplines. Practically all of the great thinkers, from Aristotle to Einstein, have tried their hand at it, and the great economists like Adam Smith, Thomas Malthus, David Ricardo, John Maynard Keynes and Milton Friedman rank among the most influential minds in our history. The economic paradigm permeates our thinking about practically every area of human activity. Military analysts talk in terms of “assets” and “trade-offs” while theologians quote economic statistics. Adam Smith’s ideas about competition had a strong influence on Charles Darwin’s study of biology. Insect colonies are said to “invest” in nest building. Our thinking about politics and social behavior draws heavily on ideas about incentives, trading, and maximization that come from economics.

The word *economics* comes from ancient Greece (like so many words and important ideas) when an “economist” was the manager of an estate. Those very practical economists grappled with all the basic problems of economic decision-making facing a modern executive today. What is the optimal mix of crops? How much to invest in new equipment? or irrigation instead? Should we sell our grain now, or wait until prices improve? Modern economics returns the compliment by providing the foundations of business administration today. Successful executives have often told the author that the principles they draw on every day in making decisions are those that they learned in their first courses in economics. Good reason to “invest” in learning the foundations of economic analysis!

### ***1.1 What are the “Economy” and “Economics”?***

---

Every society must provide goods and services for the welfare of its citizens. The economy consists of all of the activities involved in the production and distribution of these goods and services.

Economics, as the study of the economy, seeks to address three basic questions:

- **Are there fundamental principles that help us understand how the economy works?**
- **How well does the economy perform in achieving social objectives?**
- **How would changes in laws or political institutions affect the performance of the economy?**

The production and distribution of goods and services requires the use of economic resources called **factors of production**. They may be thought of as falling into one of four categories:

- **Land**

This includes not only territory but all of the natural resources, such as minerals and fossil fuels, which the economy is endowed with.

- **Labor**

This refers to the services of human beings who bring not only their time and effort to the economy but also their skills.

- **Capital**

This consists of the human-made tools used in the economy: machinery, computers, buildings, vehicles, and transportation systems. These tools of production are called **capital goods**.

- **Entrepreneurship**

This is the bringing together of land, labor, and capital into productive units. For example, when Henry Ford organized the mass production of automobiles early in this century, he brought labor and capital together in a new way on an assembly line, bringing the cost of an automobile down to within the reach of the average American. Bill Gates recognized the potential of the personal computer when most thought it was simply a hobby toy, and the result is one of the most valuable companies in the world today, and one of the most important industries of our time.

How do we measure the success of an economy? By the *standard of living* that it delivers.

### ***The Standard of Living***

By the **standard of living** we mean not only the goods and services we consume, but also other aspects of the quality of life including health, leisure time, and environmental amenities. **Welfare** is another word that also conveys the idea of well-being. But it is not easy to measure the standard of living of a population in quantitative terms. We care not just about the quantity of goods and services but also their quality, and that can be difficult to measure. Think of the remarkable improvements in the quality of electronic devices, and in the effectiveness and safety of medical services; but how to quantify that? We also are to measure changes in the amount of leisure time, and the historical trend is towards more leisure. While the work-week has remained around 40 hours in the U.S. in Europe it is considerably less than that and vacations are also much longer there. These differences have to be taken into account in making standard of living comparisons between the two.

The environment gets increasing attention as we become more aware of the negative effects of our activities on nature and how that affects our own welfare. Affluent societies have both the greatest impact on the environment and also the greatest ability to mitigate that impact. It is very difficult to measure environmental impact, nor is it easy to get

agreement on how it should be valued, but there is no doubt that it will occupy increasing attention in the years ahead.

### ***Income Inequality***

In measuring the standard of living we are concerned not simply with the average level of consumption or income, but also its distribution among households. Which society enjoys a higher standard of living, one with a higher average income but greater inequality, or one with a lower average income but less inequality? The answer is ultimately a value-based judgement, but most people would probably say that there is a trade-off between level and inequality, so the answer depends on how large the differences are. In recent years there has been considerable discussion about the effect of the economic boom of the past 20 years on income distribution; the share of total income going to the highest income groups increased dramatically. Evidently, the boom raised both the average income and the inequality of distribution. Is it better to have a higher average even if it means greater inequality? Your answer might depend on whether the greater inequality is only temporary, related to the now-faded financial boom, or is it a long term trend? An economy with extremely unequal household consumption levels cannot be considered completely successful, but we do not expect a successful economy to produce exact equality either.

### ***The Productivity of Labor***

Clearly, our standard of living depends on our opportunities to consume, and that depends on our ability to produce. The **productivity of labor** is the amount of goods and services produced per hour of labor input. Higher productivity makes possible a higher standard of living because it allows society to increase the consumption of goods and services, or leisure, or environmental quality, or all three.

The productivity of labor is determined by the amount of land and capital available per worker, the level of technology embodied in that capital, the skills of the workers who use it, and the creativity of its entrepreneurs. Productivity can be increased by producing more capital goods, by advancing technology through research and development, and by improving skills through education and training. Affluent societies are notable for the quantity, quality, and technological advancement of their capital goods and for the high level of skills and education of their citizens. In contrast, poor societies are marked by the paucity of both capital and skills.

## **Economic Growth**

The process of **economic growth**, a continuing increase in the standard of living that persists over decades, can only come from growth in the productivity of labor. An increase in the standard of living requires, in turn, that a society devote a portion of its economic output to research and development of new technologies, to education and training of workers, and to the production of new capital goods. This can only happen if society is willing to forgo some immediate consumption of goods and services, freeing a portion of the current output of the economy for investment in future growth. It is for this reason that the very low savings rate in the U.S. has been a matter of concern for our future welfare.

### **Exercises 1.1**

---

A. Discuss the extent to which society can change each of the four factors of production. Give some examples.

B. Education is sometimes referred to as “human capital.” In what sense is education like capital goods?

C. Compare briefly the standard of living in Switzerland and in India. Trace the difference to the productivity of labor, and hence to differences in the quantity and quality of the factors of production present in the two countries. Alternatively, pick two contrasting countries of your choice.

D. What are some options that a country has if it wishes to raise its standard of living? Can we say that people are happier in a country with a higher standard of living?

## **1.2 The Four Sectors of the Economy**

Modern complex economies involve the interactions of large numbers of people and organizations. These *economic agents* fall into one of three categories: *business*, *households*, *government*, and the *rest-of-the-world*. Economists find it useful to think of these groupings as *sectors* of the economy. Let's look at each of these sectors in turn:

### **Business**

The business sector is where production takes place in the economy. The individual agents making up the business sector are called firms. These are the organizations within which entrepreneurship brings together land, labor and capital for the production of goods or services. Economies in which firms are generally owned by private individuals rather than by governments are called *capitalist* or *private enterprise* economies. These include almost all the countries in the world today.

A firm may be as small as one individual. An example is a plumber with a truck and tools whose income is whatever is left over from sales after paying expenses. These one-owner firms are called individual

proprietorships. A large firm is typically a corporation which is a legal entity in itself, having many of the same rights and privileges under law as does a person. The corporation purchases factors of production and receives payment from buyers of its output. The difference between its sales revenue and its costs of production is its *profit* or *earnings*. A corporation purchases capital goods, plant and equipment, from earning profits, borrowing from lenders, and selling shares in the ownership of the corporation. The latter is called stock.

The owners of a corporation are called *shareholders*. A large firm typically has many shareholders, some of which are other firms. Firms which primarily invest in other firms are called financial intermediaries. Shareholders play no direct role in the running of the firm, rather they are represented by a board of directors who are elected by shareholders on a one vote per share basis. Shareholders are not liable, in general, for the debts of the corporation. The term "Ltd." used in the names of corporations in Britain refers to the limited liability of the shareholders.

The entrepreneurial input to the corporation is often provided by salaried managers who may not even be shareholders. These managers are appointed by the directors as officers of the corporation who are then legally empowered to conduct its business. A primary responsibility of the directors of a corporation is the hiring and oversight of the officers.

### **Households**

Those are us, the family units that make up society. We consume the goods and services produced by the economy. It is for our benefit that the economy exists.

The household sector provides the labor used in production, receiving payment of wages and salaries in return. Households also provide financial capital to the business sector which includes loans to firms, direct ownership, or the purchase of shares. Households may invest directly in firms by purchasing their stock or bonds, but more typically households invest indirectly through financial intermediaries such as pension funds, insurance companies, banks, and mutual funds.

Households own the firms and have claim to all the income produced by the business sector, including wages, interest, and profits.

### **Government**

We can think of government as having four basic economic functions:

*First*, it establishes the legal framework within which the economy operates. Economists sometimes refer to this framework as the *rules of the game*. A complex body of commercial law clarifies relations between buyers and sellers, employers and employees, and parties involved in private contracts.

The corporation, an essential building block of modern economies, is a creation of the law. It was the development of the *limited liability*

*corporation* in Britain during the industrial revolution that made possible the formation of very large firms co-owned by many individuals. Such enterprises could not exist without the assurance that individual shareholders are not personally liable for the actions of the corporation.

Property rights are not unconditional but rather are defined by laws which establish the privileges, obligations, and limitations of ownership. For example, city government decides what the owner of a city lot can and cannot do with it. The owner of a residence is entitled to live in it, rent it to someone else to live in, or sell it, but usually is prevented by zoning laws from tearing down the house and putting in a fast food restaurant or a rifle range. Regulations control entry into certain economic activities such as banking or medicine, restrict what firms can say in their ads, and even prohibit sale of goods deemed not in the public interest.

*Second*, taxes are collected by government from households and firms. The U.S. federal government collects most of its revenue from individual income taxes. It also taxes corporate profits and estates, levies excise taxes on the value of certain goods and tariffs on imports from abroad, and it collects payroll taxes. State governments collect sales taxes on retail purchases and/or income taxes on both individuals and corporations. County and municipal governments levy a tax on the value of real estate property, and often also participate in sales tax or income tax revenues.

What activities are taxed, and how heavily, gives government many levers with which to encourage or discourage specific economic activities. The tax on gasoline is cents per gallon in the U.S. and dollars per gallon in Europe. The high cost of fuel creates an incentive that results in cars in Europe being much smaller and less powerful than in the U.S. and less driving. This has far reaching effects on the environment and the greater use of public transportation.

*Third*, government spends some of these tax revenues to provide goods and services through agencies that operate much like firms, for example the National Park Service which produces recreation and the U.S. Navy which produces national defense. These firms are engaged in the production of **public goods**, ones we consume as a society rather than as individuals. The prime example is national defense which cannot be provided to one individual without providing it to others. Some goods have both private and public dimensions. For example, education benefits not only the individual who is educated but society as a whole, so it is not surprising that government plays a large but not exclusive role in education.

In socialist economies, government operates a wider range of firms. In the former Soviet Union, all firms were under government ownership. Advocates of socialism contended that government ownership would lead to greater welfare, claiming that government is more responsive to the needs of society, and kinder to employees, than the market. These ideas

were very popular in Europe following World War II, and large sectors of those economies were "nationalized" under government ownership or control. The wave of "privatization" of industry in Europe after the failure of the Soviet Union reflected the realization that socialism failed to deliver on those rosy promises. The influence of socialist ideas is evident today in the major role of the governments in most industrialized countries in basic health care and a "safety net" of income support programs.

The allocation of government spending among alternatives also influences how firms and households allocate their private resources. For example, police protection is thought of as a public good, but the level of police protection will affect whether the Jones family installs a burglar alarm. And whether government builds freeways or subways affects private choices among alternative forms of transportation.

*Fourth*, government also makes **transfer payments** to those who are entitled to receive them under the law. For example, people qualify to receive Social Security benefits on the basis of age or disability. Farm subsidies are paid by the U.S. government to firms which qualify by engaging in certain farming activities.

Transfer payments redistribute income among groups in society, and are a larger part of the total expenditures of the federal government than is the purchase of goods and services including defense. The distribution of income between the young and the old in the U.S. has been substantially altered by the growth in Social Security benefits received primarily by the elderly and the corresponding increase in Social Security taxes paid primarily by the young. Transfer payments also affect private decisions. For example, the increase in the number of people choosing earlier retirement is surely related to the increase in the level of Social Security benefits as well as the penalties which the rules put on continued work by those qualifying for old age benefits.

We tend to focus on the federal government in thinking about the role of government in the economy, but state and local governments also play important roles in all four functions of government. Economists refer to governments at all levels as the **public sector**.

### ***The Rest-of-the-World***

We naturally focus on the economy of our nation because government plays an important role in economic life and because economic interactions are usually concentrated within political borders. However, the movement of goods and services as well as factors of productions across national borders is also an important aspect of economic activity. U.S. households consume stereos made in Asia and US firms purchase machine tools produced in Europe. Foreign airlines fly airplanes made in the U.S. and serve their passengers food exported from the U.S. International trade now comprises about 10% of our national economy and is growing rapidly. Growth in trade has been accelerated by the removal of barriers under the North American Free Trade Agreement

(NAFTA), and the 1994 round of the General Agreement on Trade and Tariffs (GATT) lowered barriers to trade around the world.

Think of the Rest-of-the-World, or **ROW**, as a fourth sector of the economy. In addition to trading with the ROW, American firms, government, and households also borrow from the ROW and lend to it. Japanese, Chinese, and European investors are major lenders to both firms and government in the U.S., while American firms and households also have made large investments in Europe and Asia.

### ***Exercises 1.2***

---

A. Indicate which of the four factors of production each of the following is an example of: 1) a Macintosh™ computer, 2) an electronics engineer, 3) a Boeing 767™, 4) crude petroleum, 5) the Empire State Building, 6) the lot it sits on, 7) Bill Gates, 8) college graduates.

B. Name one or more prominent entrepreneur of today and explain briefly what this person has done.

C. Categorize the following by economic sector: 1) the Hernandez family, 2) the Ford Motor Company, 3) the State of California, 4) the University of California, 5) the Durn-Good Grocery, 6) Toyota Motors, Ltd.

D. Which of the functions of government in the economy is represented by the following: 1) Aid to Families of Dependent Children, 2) the Federal Aviation Administration, 3) truth-in-advertising laws, 4) state sales tax, 5) the Washington State Ferry System, 6) Small Claims Court.

E. Russia attempted to convert from a centrally planned economy under Soviet Communism to a largely private enterprise economy. What basic function of government in a private enterprise economy was lacking in Soviet Russia and was needed before a private enterprise economy could function? Has the conversion succeeded? Why?

---

### ***1.3 What is Microeconomics?***

---

It is already apparent from this brief overview that the subject of economics is a very broad one. Just as the study of the physical world is divided into fields such as physics and chemistry, economics is likewise divided into fields comprised of closely related topics. The two major fields of economics are *micro* economics and *macro* economics. Since the second is the subject of this book, let's take a minute to review what microeconomics is about.

Microeconomics is the study of how markets function. For example, how do the prices of airline tickets and the frequency of service to various airports get determined in the US economy? An airline decides whether to raise or lower fares, whether to add a flights between LA and Chicago, and whether to put a new 747 in service on the San Francisco to Honolulu route. Travelers respond by buying more or fewer trips. The

airline's objective is to maximize profits, constrained by the rules of the game established and enforced by government. Travelers, in turn, hope to buy transportation at the lowest possible price with the best possible convenience and comfort.

The diffuse but very real arena in which such firms and their customers interact is called the marketplace. Physically, the marketplace for airline tickets is all the ticket counters and travel agencies where transactions take place. Conceptually, the market encompasses all the interactions between the economic agents that produce and consume air travel.

Prior to the late 1970's the prices of airline tickets, as well as the routes and airline could fly, were set by the federal government as a part of the regulation of air travel. Largely due to the urging of economists, the airline ticket market was deregulated so that airlines are now free to raise or lower fares and alter service to airports as they see it to be to their advantage to do so. Advocates of deregulation contended that freeing the air travel market would result in a more efficient allocation of resources within the airline industry, making society as a whole better off. The term "resources" here means the factors of production, not just natural resources. The analysis of airline deregulation, the arguments for and against it, as well appraising its success or failure to date, are interesting and important problems in microeconomics.

In private enterprise economies it is primarily in the marketplace that the three fundamental economic decisions are made:

- 1. What will be produced?**
- 2. How will it be produced?**
- 3. Who will consume it?**

For example, it is in the marketplace that society decides how many tennis rackets will be produced, whether they will be made in Ohio or in Taiwan, and which consumers will buy them.

It was the remarkable insight of Adam Smith, pondering the workings of the British economy two centuries ago, that products and services are provided for the benefit of society mainly as a result of the pursuit of self interest by producers and consumers interacting in the marketplace rather than because of their good intentions. Producers who supply what consumers demand are rewarded with higher profits, while those who do not are punished for wasting society's valuable land, labor and capital resources by suffering losses. In a famous passage in his book *The Wealth of Nations*, Smith wrote:

*"It is not from the benevolence of the butcher, the brewer, or  
the baker that we expect our dinner,  
but from their regard to their own interest."*

Adam Smith realized that the market provides incentives for agents to behave in ways that generally improve economic welfare.

Microeconomists are also interested in studying ways in which markets fail to provide the proper incentives to allocate resources. This happens when an economic activity produces consequences for agents that are not a party to that activity. An example of such an *externality* is the air pollution. Unless there is a way to make agents pay for producing pollutants, they will tend to produce more of it than is good for society. The design and cost-effectiveness of taxes and regulations to mitigate externalities is an important issue in microeconomics.

A supplement entitled *Review of the Principles of Microeconomics* offers an introduction for students who have not encountered ‘Micro’ before and for those who have taken a prior course but wish to get a firmer grasp of basic microeconomic principles, particularly those that will be used in this book.

---

### **Exercises 1.3**

A. What are the three fundamental decisions that have to be made in any economic system? Discuss what those decisions are in the context of trips between San Francisco and Hong Kong. How has technology changed the outcomes of those decisions during the last half century?

B. Express in your own words Adam Smith's idea of what makes a private enterprise economy work.

C. Federal law requires that electric generating stations install scrubbers on their exhaust stacks to reduce emissions of certain compounds. Discuss why utilities might not install these scrubbers on their own, and how you might approach the question of whether such scrubbers should be required by law.

---

## **1.4 What is Macroeconomics?**

*Macroeconomics* focuses on trying to understand events that affect the whole economy. In the fall of 2000 and continuing through the fall of 2001 there was the U.S. experienced a decline in sales, production, and employment that affected most firms and industries. A few industries, notably housing construction, continued to do well. This kind of widespread decline in economic activity, when it lasts for more than six months, is called a *recession*.

Since recessions are felt throughout the economy, it seems unlikely that the explanation for a recession will be found in the microeconomics of individual markets. The causes of recession must involve forces that have widespread influence on economic activity. Nor are these events confined to just one economy; recent U.S. recessions have put a damper on economic activity around the globe – a symptom of *globalization*.

What causes recessions? Should the government do something about it? If so, what can it do? What forces bring a recession to an end, allowing resumption of normal levels of sales, employment and production?

Here is another example of a problem in macroeconomics. In the late 1970s the price of practically every good and service in the US economy rose very rapidly, at a rate of about 15% per year. A pervasive and persistent rise in prices is called *inflation*. Since inflation reflects price changes that are widespread across many different industries it seems clear that the explanation for inflation must lie with factors affecting the entire economy. In recent years inflation has not been a major problem in the U.S. economy, but 2006 saw a modest revival that has some economists concerned. Why did inflation get out of control in the late 1970s, and what should be done if it speeds up again?

Recession and inflation are central problems in macroeconomics.

The division of economics between microeconomics and macroeconomics is not a precise one, and the analytic tools of each are important in understanding the other. For example, the computer industry is of growing importance to the economy, but the study of the economics of that industry belongs in the domain of microeconomics. On the other hand, although banking is also an industry, its influence on the economy is so pervasive that the study of banking is usually considered part of macroeconomics. Nevertheless, the macroeconomist studying banking will make use of the analytical tools of microeconomics, and the microeconomist studying the computer industry will be concerned with the impact on the industry of macroeconomic events such as recession and inflation.

The topics which economists usually group under the heading of macroeconomics include the following:

- **The Measurement of National Income**
- **The Relationship Between Savings and Investment**
- **The Cost of Living and Inflation**
- **Interest Rates and What Influences Them**
- **Recession, Unemployment, and Economic Growth**
- **Money and Banks**
- **The Federal Reserve System and Monetary Policy**
- **Government Taxation, Spending, and Fiscal Policy**

- **International Trade and Exchange Rates**

Macroeconomic issues are the subject of major news coverage by the media because they affect all of us. They are usually the most hotly debated issues of Presidential campaigns. Candidate Bill Clinton's mantra was: "It's the economy, stupid!" Here are some of the major macroeconomic issues that are receiving a lot of attention:

***The Financial Crisis of 2008 and Recession Now.***

Bank failures, collapse of old and storied Wall Street investment firms, astronomical losses in hedge funds, falling house prices, rapidly rising lay-offs, and unsold goods of all kinds – that is the economic reality of 2008! At this writing it is clear that we have entered one of the most severe recessions since the Great Depression of the 1930s, and the future looks shaky indeed. The change of administrations and a Congress that seems unable to act decisively add to the feeling of unease.

How could major banks, household name brands that were solid and expanding only a year ago, suddenly experience unsustainable depositor withdrawals? Why has the price of houses fallen around 20% in one year, after decades of almost relentless increase? How could the stock market lose about 40% of its value in only several months? These are among the troubling and far from resolved questions we will try to grapple with!

***The Twin Deficits: International Trade and the Federal Budget.***

When the amount we earn from exports falls short of the amount we spend on imports then there is a *trade deficit*. In 1980 the value of goods exported by the US was \$25 billion less than the value of the goods we imported. By 1990 the US trade deficit had swollen to \$80 billion. And currently it is around \$400 billion! That is about one billion dollars every day. This seemingly relentless widening of the trade deficit to an astonishing level is a source of concern to many, and yet its causes and consequences may be far different from what most imagine.

The amount by which federal spending exceeds tax revenues is called the *federal budget deficit*. In 1980 the federal government spent \$74 billion more than it collected in taxes. By 1990 the federal deficit had widened to \$220 billion. The prospect of continuing budget deficits motivated a major tax increase by the Clinton administration in 1993. That, combined with a long and vigorous economic expansion eliminated the budget deficit at the end of the 1990s, and President George W. Bush successfully lobbied congress for a tax cut. But the budget is again falling into deficit, \$400+ billion for 2008!

Could there be a connection between these “twin” deficits? Both emerged alarmingly in the 1980s. Is the similarity in their timing and size coincidental? Are they harmful to the economy? What caused them, and are their causes related? What should we do about them, if anything?

### ***The Challenge of Globalization***

After World War II, US business faced little competition from abroad. Germany and Japan were struggling to rebuild and Great Britain was in the process of losing its empire. The only imported car of note in the 1950s was the VW beetle, admired for its simplicity and eccentricity, but no real threat to US competitors. General Motors was the largest industrial corporation in the world and it could claim with some authority that its Cadillac™ brand was “The Standard of the World.” How things have changed!

By the late 1980s US industry faced strong competition from Europe and Japan in many fields. Japan particularly had become an economic powerhouse. In 1989 the biggest selling car in America was for the first time not made by an American company. It was the Honda Accord. Nippon Telephone and Telegraph was larger (in market value) than all US corporations except Exxon. The seven largest banks in the world were all Japanese! The five largest securities firms (dealing in stocks and bonds) were also all Japanese. In 1987 Japan became the world's richest nation with assets worth \$44 trillion. The US was spending about \$50 billion more on imports from Japan each year than it earned from sales to Japan. Japan invested these trade surplus dollars in the U.S., much in the form of direct investment in the U.S. based subsidiaries of Japanese corporations. Japanese investors also became major owners of real estate and stocks and bonds in the U.S.

Then in the 1990s, Japan's stock market took a severe tumble and its economy entered a decade of stagnation. Meanwhile, U.S. economic growth was strong, and American firms emerged as the leaders in the new technologies of personal computers and telecommunications. In part because of technological advance, competition is now on a global scale. Nokia, the Finnish maker of mobile phones came out of nowhere to become a leader in its field and among the 30 most valuable corporations in the world. Nor is competition limited to manufacturing. Of the ten largest banks in the world, only one is American. The largest is Deutsche Bank (with assets equivalent to \$700 *billion*) followed by a Swiss and a Japanese bank in the next two positions. All of these banks have global reach, offer a full range of financial services, and make use of the latest telecommunications to knit their world-wide operations together.

In this new century China has emerged as the new player in the international economy, with rapidly rising exports of manufactured products, selling far more to the U.S. than it buys. Thus, China has billions of dollars to invest in the U.S. and it has become a major purchaser of bonds issued by the U.S. Treasury to finance the federal budget deficit. The influx of low cost goods from China has been a factor in holding down inflation in the U.S. and allowing Americans to consume more. While we no longer make as many toasters, small appliances are typically produced now in China, that country is a rich market for high

value products we do make such as airliners. Meanwhile, India is undergoing a somewhat similar transformation and even exports services to the U.S. in the form of telephone help lines that make use of Indians' command of the English language and high level of technical training.

What should be our response to globalization? Do we have any choice but to participate? Or should we try to limit our exposure to international competition and foreign ownership in the U.S.? Public sentiment was once strong for Congress to take action to protect U.S. industry from Japanese competition, but that competition proved to be the stimulus for a new era of change. Now our officials scold Japan that it is doing too little to encourage growth! Concern has now shifted to China and India. Some observers worry about the impact of globalization on third-world countries where economic development is happening at a dizzying pace, and on the labor market in the U.S. which now is thrown open to world competition. In this debate, economists are almost always a voice for free trade and open world markets. The issues are complex and will play an important role in debate on public policy in the decades ahead.

### ***Social Security and Medicare; Will They Impoverish the Young?***

Benefits for the aged account for 27% of federal spending but the elderly constitute only 12% of the population. The Social Security trust fund is now in surplus because the "baby-boomers," those born between 1945 and 1965) are in their peak earning years and they are a very large age cohort. But this favorable balance will be reversed as the boomer retire over the next couple of decades.

Medicare benefits for the elderly have proved to be about ten times as costly as was projected when the program started in 1965; the actual expenditure now is over \$200 billion per year. The taxes that fund Social Security and Medicare are now the greatest tax burden on many lower income young families.

Should Social Security taxes be cut now to reduce the tax burden on young wage earners, or should the surplus be allowed to accumulate to cover the anticipated deficit ahead? Is the Social Security system, as it is now designed, fair to both young and old? Should Medicare benefits be broadened? Should they be subject to a minimum income requirement? These and other vexing questions will figure in public debate for coming decades.

### ***Will We Have Inflation, Recession, or Both?***

Two things that are we do not want to see in our economy are inflation and recession. Inflation seems nice at first, people see their incomes rise, their houses become more valuable, but after a while they realize that prices of things they buy have risen too. And inflation makes it hard for us to use prices to judge the value of goods and services because the 'yardstick' we are using is constantly shrinking. Recession is bad because it means few jobs, loss of income for many, and slow growth

for almost all. Sometimes we are unlucky enough to have both, as in the 1970's when soaring oil prices and the cost of just about everything was accompanied by slow growth and then the 'double dip' recessions of the early 1980s. How is the U.S. economy doing in the new century?

The 1990s turned out to be a decade of sustained growth and low inflation, to say nothing of a soaring stock market powered by the 'dot-com' boom. Concern lingered that inflation would rebound rapidly if the economy continued to expand. But the Federal Reserve, known affectionately as "the Fed," was able to perform a delicate balancing act between inflation and recession and keep the economy on track through the end of the decade. One of the objectives of this book is to understand how they did that.

The boom of the late 1990's gave way in 2000 to a "bear" stock market and a mild recession, compounded by the shock of 9-11. Two of the microeconomic underpinnings of the boom, dot-com and telecom, experienced the slump that has followed revolutionary innovations of the past. New technology stimulates a frenetic pace of capital investment in new equipment and infrastructure. Stocks of companies in the new industries soar. After a while it becomes clear that the capacity that has been built is more than adequate – witness the glut of optical fiber - and the ensuing slump in investment spending leads to recession. Similar episodes were the railroad boom following the Civil War and the auto boom of the 1920's. As in the past, recession gave way to renewed economic growth, with help from the Fed in the shape of extremely low interest rates (how they control interest rates is one of the themes of this book) engineered by its legendary Chairman, Alan Greenspan.

Many hoped that recession and inflation had been banished from our world in the new millennium. The "New Economy" was a popular slogan on Wall Street and in Washington D.C. in the late 1990's. The productivity of labor was growing at an unprecedented rate, it was said, so the old rules just didn't apply any more. The Fed was would protect us from the uncertainties of economic life, so the story went.

But as we look ahead to 2007 and beyond it is clear that many uncertainties remain, and the threats of recession and inflation are far from banished from the land. Greenspan has retired, replaced by Ben Bernanke, a brilliant economist and Princeton professor who is nevertheless a rookie in Washington politics. War in Iraq is raising the federal budget deficit again and fears of more to come. Oil prices have soared, reviving a ghost of the 1970s. Economics growth has cooled down and inflation has perked up. Stagflation, a lack of economic growth combined with inflation, is a 1970s buzzword again being bandied about.

As you can see, there is no lack of macroeconomic issues to concern us! They occupy the news media every day, and provide a never-ending drama featuring all the emotions of a good soap opera: hope, fear, greed, success and failure (OK, maybe one or two emotions are missing). People

are interested in macroeconomic issues precisely because they touch the lives of every one of us. Politicians understand that their chances for election hinge on peoples' perception of the health of the macroeconomy. As citizens we all need to understand as much as we can about its workings, and that understanding may well be the key factor to coping with the uncertainties and opportunities that the economy presents to each of us.

### ***Exercises 1.4***

---

A. Indicate whether each of the following topics falls under the umbrella of microeconomics or macroeconomics.

- 1) the effect of protecting the spotted owl on the price of lumber,
- 2) causes of the decline in inflation during the 1990's,
- 3) the persistent deficit in our trade with Japan,
- 4) effect of a proposed increase in the gas tax on demand,
- 5) the impact of a change in the exchange rate between the German Mark and the US dollar on employment in the US and Germany,
- 6) a cost-benefit analysis of federal exhaust emission standards.

B. Give brief and perhaps tentative responses to some of the macroeconomic issues discussed in this section. What are some other issues that feature prominently in the news currently? Which of these issues is of greatest importance to you? Briefly, why?

END.

## **Job Description: AI/ML Developer - Fresher**

### **Company: Geekrabit Private Limited**

### **Location: Pune**

### **About Geekrabit Private Limited:**

Geekrabit Private Limited is at the forefront of innovation in the world of AI and Machine Learning. We are seeking passionate and dedicated AIML Developers to join our team. As a fresher, you'll have the opportunity to learn from experts and work on cutting-edge projects.

### **Position Overview:**

We are looking for AIML Developer freshers who are eager to understand Large Language Models (LLMs) and various AI technologies. Your role will encompass the following key areas:

### **Responsibilities:**

#### **1. Understanding Large Language Models (LLMs):**

- Familiarize yourself with the top 5 LLMs, including OpenAI's GPT models, Google's BERT, Facebook's BART, Hugging Face's Transformers library, and NVIDIA's Megatron.
- Learn their architectures, use-cases, strengths, and limitations.

#### **2. Fine-Tuning of LLMs:**

- Learn how to fine-tune LLMs on specific datasets to enhance their performance for specific tasks or domains.
- Understand data requirements, the fine-tuning process, and potential challenges.

#### **3. Retrieval-Augmented Generation (RAG):**

- Explore how RAG combines retrieval-based and generative methods for tasks like question answering and document summarization.

#### **4. LLM Inference:**

- Dive into best practices for deploying LLMs for inference, optimizing performance, and resource management.

#### **5. Agents:**

- Understand the concept of agents in the context of LLMs and AI, and explore their applications in various tasks.

#### **6. Prompt Engineering:**

- Learn techniques for designing effective prompts to achieve desired outputs from LLMs.
- Understand that different models may require different prompting strategies.

#### **7. Context Awareness in Prompting:**

- Explore strategies for maintaining context in conversations with LLMs, especially in long or multi-turn interactions.

#### 8. Understanding LLM Hallucination:

- Understand the phenomenon of LLMs generating plausible but incorrect or nonsensical answers.
- Learn how to mitigate and manage this issue.

#### 9. Vector Databases and Their Usage:

- Explore vector databases like Pinecone or FAISS, their functionality, and applications in similarity search and recommendation systems.

#### 10. Graph Databases and Their Usage:

- Gain knowledge of graph databases (e.g., Neo4j) and their distinctions from traditional relational databases.
- Learn about use-cases in social networks, fraud detection, and knowledge graphs.

#### 11. Langchain:

- Investigate Langchain and its applications in building solutions leveraging language models.

#### 12. Hugging Face:

- Explore Hugging Face as a hub for machine learning models.
- Understand their model repository, usage of the transformers library, and model training and hosting services.

### **Requirements:\*\***

- Bachelor's or Master's degree in Computer Science, AI, or related field.
- Strong passion for AI and Machine Learning.
- Eagerness to learn and adapt to new technologies.
- Excellent problem-solving and communication skills.

If you are excited to kickstart your career in AI and Machine Learning with Geekrabit Private Limited, apply now and be part of a dynamic team that's shaping the future of technology.

\*Geekrabit Private Limited is an equal opportunity employer. We encourage applications from candidates of all backgrounds and experiences.\*

You can apply on this [Email-kapil.geekrabit@gmail.com](mailto:Email-kapil.geekrabit@gmail.com)

# HISTORY OF INDIAN ECONOMY

## Ancient times till 1707 AD

The history of India begins with the dawn of Indus Valley civilization which flourished between 3500 BC to 1800 BC. The Indus civilization's economy appears to have depended significantly on trade, which was facilitated by advances in transport. Its citizens practiced agriculture, domesticated animals, made sharp tools and weapons from copper, bronze and tin and traded in terracotta pots, beads, gold and silver, coloured gem stones such as turquoise and lapis lazuli, metals, flints, seashells and pearls. They used to ships to reach Mesopotamia where they sold gold, copper and jewellery. Around 600 BC, the Mahajanapadas minted punch-marked silver coins. The period was marked by intensive trade activity and urban development. By 300 B.C., when Middle East was under the Greek Seleucid and Ptolemaic empires the Maurya Empire (c. 321 -185 BC) united most of the Indian subcontinent. The political unity and military security allowed for a common economic system and enhanced trade and commerce, with increased agricultural productivity. The empire spent considerable resources building roads and maintaining them throughout India. The improved infrastructure combined with increased security, greater uniformity in measurements, and increasing usage of coins as currency enhanced trade. For the next 1500 years, India produced its classical civilizations which generated wealth in huge amount. Between 1st and 17th centuries AD, India is estimated to have had the largest economy of the ancient and medieval world, controlling between one third and one fourth of the world's wealth.

During the **Mughal period (1526–1858 AD)** India experienced unprecedented prosperity in history. The gross domestic product of India in the 16th century was estimated at about 25.1% of the world economy. An estimate of India's pre-colonial economy puts the annual revenue of Emperor Akbar's treasury in 1600 AD at £17.5 million (in contrast to the entire treasury of Great Britain two hundred years later in 1800 AD, which totalled £16 million). The gross domestic product of Mughal India in 1600 AD was estimated at about 24.3% the world economy, the second largest in the world. By this time the Mughal Empire had expanded to include almost 90 per cent of South Asia, and enforced a uniform customs and tax-administration system. In 1700 AD the exchequer of the Emperor Aurangzeb reported an annual revenue of more than £100 million.

Given below are the figures produced by **Professor Angus Maddison**, Emeritus Professor at the University of Groningen, Netherlands, and Honorary Fellow at Cambridge University, estimating India's wealth relative to world GDP for the years 1000 AD, 1500 AD, 1600 AD, and 1700 AD. India's share of world GDP was slightly more than a quarter in the year 1000 AD, and slightly less than a quarter between 1500 AD and 1700 AD.

## GDP in millions of 1990 International Dollars

Years	1000AD	1500 AD	1600 AD	1700 AD
India	33,750	60,500	74,250	90,750
China	26,550	61,800	96,000	82,800
West Europe	10,165	44,345	65,955	83,395
World Total	116,790	247,116	329,417	371,369

In the 18th century, Mughals were replaced by the Marathas in much of central India while the other small regional kingdoms who were mostly late Mughal tributaries such as the Nawabs in the north and the Nizams in the south. The British imperial empire began to grow in India in the middle of 18<sup>th</sup> Century. The phase of decline of Indian industry set in.

## British rule

The British East India Company whose political power gradually expanded in India from 1757 onwards, used huge revenue generated by the provinces under its rule for purchasing Indian raw materials, spices and goods. Thus the continuous inflow of bullion that used to come into India on account of foreign trade stopped altogether. The Colonial government used land revenue for waging wars in India and Europe leaving little for development of India. In short span of 80 years (1780-1860 AD) under Colonial rule, India changed from being an exporter of processed goods for which it received payment in bullion, to being an exporter of raw materials and a buyer of manufactured goods. More specifically, in the 1750s, mostly fine cotton and silk was exported from India to markets in Europe, Asia, and Africa; by 1850s raw materials, which chiefly consisted of raw cotton, opium, and indigo, accounted for most of India's exports.

The ruthless exploitation under British colonial rule completely devastated India's economy. India's population was subject to frequent famines, had one of the world's lowest life expectancies, suffered from pervasive malnutrition and was largely illiterate. As per British economist, Angus Maddison India's share of the world income went from 27% in 1700 AD (compared to Europe's share of 23%) to 3% in 1950.

## INDIA AFTER INDEPENDENCE

### 1950-1979

After India got independence from colonial rule in 1947, the process of rebuilding the economy started. India went for centralized planning . The Five Year Plans which successfully transformed erstwhile USSR were made a tool for development. First five year plan for the development of Indian economy came into implementation in 1952.

Being largely a agrarian economy, investments were made in creation of irrigation facilities, construction of dams and laying infrastructure. Due importance was given to establishment of modern industries, modern scientific and technological institutes, development of space and nuclear programmes. However, despite all efforts on economic front, the country did not develop at rapid pace largely due to lack of capital formation, cold war politics, defense expenditure, and rise in population and inadequate infrastructure. From 1951 to 1979, the economy grew at an average rate of about 3.1 percent a year in constant prices, or at an annual rate of 1.0 percent per capita. During this period, industry grew at an average rate of 4.5 percent a year, compared with an annual average of 3.0 percent for agriculture.

### **1980-1990**

The rate of growth improved in the 1980s. From FY 1980 to FY 1989, the economy grew at an annual rate of 5.5 percent, or 3.3 percent on a per capita basis. Industry grew at an annual rate of 6.6 percent and agriculture at a rate of 3.6 percent. A high rate of investment was a major factor in improved economic growth. Investment went from about 19 percent of GDP in the early 1970s to nearly 25 percent in the early 1980s. Private savings had financed most of India's investment, but by the mid-1980s further growth in private savings was difficult because they were already at quite a high level. As a result, during the late 1980s India relied increasingly on borrowing from foreign sources. This trend led to a balance of payments crisis in 1990; in order to receive new loans, the government had no choice but to agree to further measures of economic liberalization. This commitment to economic reform was reaffirmed by the government that came to power in June 1991.

### **Liberalisation and its effects (1991 Onwards) :**

While commending his first budget in 1991 Dr Manmohan Singh had quoted Victor Hugo and said, "No power on earth can stop an idea whose time has come. The emergence of India as a major economic power in the world happens to be one such idea". Since then economy has progressed immensely with GDP progressing at the rate of 6-8% per annum. The GDP (nominal) has grown from US\$ 267.52 billion in 1992 to US\$ 1.85 trillion in 2012. India is third largest economy of the world and a preferred FDI destination. India's foreign trade reached US\$ 785 billion in 2012. India's major industries include information technology, telecommunications, textiles, chemicals, food processing, steel, transportation equipment, engineering goods, cement, mining, petroleum, machinery, software and pharmaceuticals. Major agricultural products include rice, wheat, oilseed, cotton, jute, tea, sugarcane, potatoes, cattle, sheep, goats, poultry and fish. In 2011–2012, India's top five trading partners are China, United Arab Emirates, United States, Saudi Arabia and Switzerland. The percentage share of various sectors in the economy in the year 2011-12 is given below. The high contribution of services and manufacturing sector indicates the huge progress made by Indian economy since its Independence when it was predominantly agrarian economy (59% in 1951).

Sectors	Percentage Share in GDP in	
	1950-51	2011-12
Primary Sector	59.0	16.1
Secondary Sector	13.0	24.9
Tertiary sector or Service Sector	28.0	59.0

India is a leading country in services sector so much so that she is referred to as 'the back office of the world'. However, India has made significant progress in various spheres of science and technology over the years and can now take pride in having a strong network of S&T institutions, trained manpower and an innovative knowledge base. India has already become hub for manufacturing of small cars and engineering goods. The Government had devised the National Manufacturing Policy (NMP) in 2011 with an aim to enhance the share of manufacturing in India's GDP to 25 per cent and add at least 100 million jobs by 2025. India is poised to become the second largest economy in manufacturing by 2017, followed by Brazil as the third ranked country, according to consulting major Deloitte. The manufacturing exports from India could increase to about US\$ 300 billion by 2015, according to a report titled 'Made in India-the Next Big Manufacturing Export Story', jointly prepared by industry body CII and McKinsey. McKinsey analysis finds that rising demand in India, together with the multinationals' desire to diversify their production to include low-cost plants in countries other than China, could together help India's manufacturing sector to grow six fold by 2025, to \$1 trillion, while creating up to 90 million domestic jobs.

India is one of the largest and fastest-growing markets for food and agricultural products in the world. India is the world's third largest producer of food. Agriculture accounts for about 16.1% of India's GDP. India has emerged as the largest milk producing country, with annual milk production of over 100 million tonnes. This is expected to grow to 135 million tonnes by 2015. The Indian retail market for fresh fruit and vegetables is estimated at US\$35 billion. Organised retailing is US\$73 million and growing at a rate of 30 percent. India has vast resources of livestock, estimated at 485 million. In terms of population, India ranks first in buffaloes, second in cattle and goats, and third in sheep. According to a recent study by the Federation of Indian Chambers of Commerce and Industry (FICCI) and Ernst & Young, the India food industry is set to grow by 42.5% from US\$181 billion now to US\$ 258 billion by 2015 and by 76% to US\$ 318 billion by 2020.

#### **India: Global R&D Hub**

The Indian government has put in significant effort in last 50 years to develop the scientific and technical infrastructure of the country. With more than 250 universities, 1,500 research institutions and 10,428 higher -education institutes, India churns out 200,000 engineering graduates and another 300,000 technically trained graduates every year. Besides, another 2 million other graduates qualify out in India annually. The combination of state-of-the-art infrastructure and highly qualified manpower ensures that

India is poised to be the next Global R&D hub. This is increasingly being observed in Industry as large MNCs including GE, Microsoft, Bell Labs etc have opened there R&D Centers in India – a first outside US for most of these companies. More than 100 multinational companies (MNCs), including Delphi, Eli Lilly, Hewlett-Packard, Heinz, Honeywell and Daimler Chrysler, have set up (R&D) facilities in India in the past few years. For some, such as the US\$12.6 billion Akzo Nobel's car-refinishes business, the center came even before the company began selling its products in India. This makes India second only to USA and ahead of other more established hubs, such as Japan, Israel and Western Europe, and China.

## **INDIAN ECONOMY – FUTURE PROSPECTS:**

The Indian economy is one of the fastest growing economies in the world today. The rising income and savings levels, investment opportunities, huge domestic consumption and younger population will ensure growth for decades to come. The main engines of Indian economy are sectors such as Information Technology, Telecommunications, ITES, Pharmaceuticals, Banking, Insurance, Light Engineering Goods, Auto Components, Textiles & Apparels, Steel, Machine Tools and Gems & Jewellery are sectors which are likely to grow at rapid pace world over creating demand for Indian products and services. India is at present US\$ 4.5 trillion economy on PPP basis and is likely to maintain its growth trajectory in times to come. The coming few decades are likely to witness tectonic shift in world economic structure of the world. India's share in world output is projected to jump from 5% as of today to 20.8% by 2040 as per one estimate.

**World Economy: Future Economic Power Shifts (2008-2040)**  
(% Share of World GDP in PPP)

	<b>2008</b>	<b>2014</b>	<b>2020</b>	<b>2030</b>	<b>2040</b>
Germany	4.2	3.8	3.4	2.8	2.3
USA	20.4	19.2	17.6	15.3	13.9
Japan	6.2	5.6	4.7	3.7	2.9
China	11.3	16.3	22.2	30.9	37.4
India	4.9	6.3	8.5	14.3	20.8

Fed's Powell and his former No.2 Clarida are cleared in an internal trading scandal probe

Federal Reserve Governor Christopher Waller supports a 0.75 percentage point interest rate hike in July but he left the door open for a larger move. The strong June consumer inflation data has led some to expect a 100 basis point hike.

Feds: Waller says CPI was major league disappointment, leaves door open for 100 basis move.

One chief investment officer said the market is beginning to believe the Fed has the resolve to get on top of inflation even if it continues to hit multidecade highs.

Yellen says no level has been agreed yet on Russian oil price cap proposal.

Federal Reserve Bank of Cleveland President Loretta Mester said inflation data released earlier Wednesday was terrible but she wasn't yet ready to commit to further accelerating central bank interest rate rises to deal with the problem.

Fed funds futures now show 67% chance Fed raises fed funds rate target by 100 basis points in July.

The executive board of the International Monetary Fund urged monetary policy officials to get the balance right, slowing price growth without sparking a recession.

Bank of Canada lifts key interest rate by a full percentage point.

Every time you had a weak month in the 1970s, somebody stimulated again. That is probably not the right policy. Richmond Federal Reserve President Tom said a day before June's CPI data is due for release.

Feds: Barkin wants to avoid repeat of stop-and-go monetary policy of 1970s.

Nomura forecasts a European Central Bank rate cut before the ECB has even begun its rate hike cycle.

Yellen says currency intervention only warranted in rare circumstances.

Feds: Bostic thinks recession can be avoided even with further interest rate hikes.

World's largest asset manager sees no Goldilocks scenario ahead as central banks grapple with inflation and growth.

Though inflation expectations as measured by the fiveyear breakeven inflation rate are still higher than the Feds 2 target recent FOMC actions appear to be moderating these expectations

Though inflation expectations as measured by the fiveyear breakeven inflation rate are still higher than the Feds 2 target recent FOMC actions appear to be moderating these expectations

The St Louis Fed Economic News Index our realGDP nowcast is estimating growth in Q2 of 39 at an annual rate unchanged from a week earlier

Average interest rates for fixedrate mortgages decline for a second week in a row in the week ended July 7 to 53 for the 30year and 45 for the 15year See the longterm trend in FRED

Just in The European Central Bank has raised interest rates by a half percentage point its first increase for more than a decade while pledging to prevent rising borrowing costs from sparking a eurozone debt crisis amid political turmoil in Italy

Although western financial support has increased since May Kyiv is still counting on Ukraines central bank to buy its debt by selling foreign reserves or printing money at the risk of setting off an inflationary spiral

A halfpercentagepoint interest rate rise by the BoE would be the largest since 1995

European Central Bank policymakers will this week discuss the possibility of raising interest rates by half a percentage point exceeding their own guidance and most economists expectations

As the European Central Bank prepares for its first rate rise in 11 years president Christine Lagarde must confront fears of a looming recession

Italy still needs Mario Draghi

The Federal Reserve is under pressure to abandon its monetary policy guidance for the second month in a row in the face of soaring inflation

How much additional tightening and this is the important part will be required depends on a number of factors that fall outside of the Fed's direct control. Mary Daly, Fed Governor, spoke on tightening policy beyond neutral in her recent speech at Chapman Argyros.

BlackRock Head of iShares Investment Strategy Gargi Chaudhuri on the Fed: If they're telling us they are going to take the funds rate a lot past neutral and going to be excessively restrictive, I think that probably poses some downside risk for the equity market.

The Fed needs to move quickly. Teton Capital CEO David Sokol says: I think in hindsight it would've been better to see 75 basis points at their first move. The louder the message that the Fed's serious, the better.

It's been a decade since we've had a recession. Sanders Morris Harris Chairman George Ball says: They happen now and then. It's not the Fed's job to keep us out of a recession nor can they forever. Goldman Sachs CEO David Solomon on inflation: The economic conditions need to get tighter to break the back of inflation. I think the Fed is focused on it and hopefully we'll see some balance in this as they move in that direction.

We're definitely seeing the odds now looking increasingly more towards a 100 bps rate hike. Moneta Group CIO Aoifinn Devitt says: We're seeing no sign of any softening in terms of inflation.

The Fed should communicate with the public that there's only so much that they can do, especially for near-term inflation relief. Allspring Global Investments Senior Investment Strategist Brian Jacobsen says: Food costs and fuel costs, the Fed can't do much about that.

Why the Fed won't raise interest rates by 100bps next week according to Goldman Sachs by Brian Sozzi.

Shock inflation data may push Fed towards historic rate increase Strategist by Brian Sozzi.

Bank of America slashes stock market forecast, calls for mild recession this year by Myles Udland.

The Fed's going to hike interest rates until they can break the back of inflation, RW Baird Strategy Analyst Ross Mayfield says on the possibility of a 75-100 bps rate hike. The market expects the Fed and other forces to conspire to a recession in the US.

How big an interest rate hike do you think the Fed will make at its upcoming meeting

Housing is the most interest ratesensitive sector of the economy economicsmas Markzandi says

The Fed is raising interest rates to slow growth and thats going to work first and foremost through a weaker housing market

We certainly have a Fed that seems to be leaning against further strengthening the economy BankofAmerica Head of US Economics Michael Gapen says In general conditions are pretty solid right now in US labor markets and the overall economy

They dont want to be the central banks that gave us another 1970s abrdnUS Senior Global Economist James McCann says on the Fed and other countries rate hikes What were seeing across the board is a preparedness to move pretty quickly to get that done

In less than 4 months weve seen 175 basis points of rate increase DeutscheBank Wealth Managements Deepak Puri says Normally for us to have that kind of a rate hike it would normally take 18 to 24 months it took us almost 18 months for us to get to that level

What the Fed is really attempting do at this point in time is to engineer sort of a soft landing or find the middle ground between an acceptable level of inflation and less sort of pain in the overall economy AriellInvests Vice President Danan Kirby says Full interview

For St Louis Fed chief James Bullard when it comes to the current yieldcurve inversion its a case of this time is different

Fed officials have signaled they are likely to raise interest rates by 075 percentage point at their next meeting to combat high inflation

Economists increasingly expect the Fed in its efforts to push down inflation to raise rates enough to trigger a recession

The Dutch central bank fined cryptocurrency exchange Binance for offering services without proper registration

The investigating agency also cited some oversights in the central bankers market activities

RIVIAN AUTOMOTIVE PLANS TO CUT ABOUT 5 OF WORKFORCE BBG

Exclusive KPMGs boss in the UAE has told staff the firm will rerun the election for his position and hire an external law firm to review governance in response to criticisms of his leadership and partner infighting

Exclusive Staff at BT Sport consulted with rivals at Sky about pay rates for freelance workers in 2018 according to an email that appears to suggest collusion between the broadcasters

Royal Mail could be changing its name

Santander Virgin Money Visa and Beazley have become the latest financial services companies to offer pay rises or oneoff bonuses to UK staff to help deal with the soaring cost of living

Netflix lost about 1mn subscribers in the second quarter as the streaming group tried to assuage investor fears about its business prospects

Opinion Having tried to walk away from his 44bn purchase of Twitter Musk could be hit with a legal order within five months to close the transaction

Netflix loses 1mn subscribers but defections are fewer than feared

Exclusive SoftBank has paused plans for a London initial public offering of Arm because of the political turmoil in the UK government

Credit Suisse has warned clients that its effort to recover the money it lent via failed finance company Greensill Capital will cost 291mn

Some critics fear Novo Nordisk will be too successful in converting doctors who often find drugs are a convenient crutch when they lack the time or skill to dig into the roots of a problem For big pharma this means more profit from overprescription

Before the company can make Wegovy mainstream it has to convince doctors to prescribe it and insurers and governments to pay for it persuade patients to sign up for some heinous side effects and address assumptions about obesity and weightloss drugs

Wegovy made by Danish drugmaker Novo Nordisk is the first of a new generation of obesity treatments that use a hormone to regulate appetite

Elon Musk has accused Twitter of an unjustifiable request to rush the trial to determine whether he should be forced to complete a 44bn deal to buy the company

The global boss of PwC said the firm would report record revenues of about 50bn this year as he defended the model of combining audit and consulting services

EDFs problems pile up as full nationalisation looms

Tiger Globalbacked Missfresh faces fight for survival

TikTok is resisting calls to preserve and hand over access to its content for war crime investigations into Russias invasion of Ukraine

Celsius Network reveals 12bn shortfall in bankruptcy filing

Opinion It is hard to see how Twitter will outsmart Musk Forcing him to buy a company he no longer wishes to own is not a good outcome for the business Nor is prolonged uncertainty welcome for its employees

The Dubai stateowned airline said it would ignore London Heathrows decision to limit flights joining a growing backlash from airlines against the airports attempt to avert travel disruption

Celsius Network one of the worlds largest cryptocurrency lenders has filed for bankruptcy following a wave of digital asset companies that have frozen assets

Novo Nordisks Wegovy uses a hormone to regulate hunger Its wildly effective but is it misguided

Exclusive Deutsche Bank has suffered delays projected to last months and cost overruns on the integration of two IT systems

Celsius Network one of the worlds largest cryptocurrency lenders has filed for bankruptcy a month after it froze customer assets

Crypto lender Celsius files for bankruptcy in New York

New studies are raising questions about Pfizers antiviral drug Paxlovid especially regarding its effectiveness in lowerrisk patients and whether the coronavirus could become resistant to it

Netflix is partnering with Microsoft to build an advertisementssupported tier of its streaming service as it races to offer a cheaper option for consumers while it faces tough competition and soaring inflation

Netflix teams up with Microsoft for adsupported streaming tier

The electric vehicle startup pledged to cut costs by a third to prevent its cash reserves from drying up making it the latest new carmaker to scale back staff

In its fight to force Elon Musk to honour his agreement to buy Twitter for 44bn the company has armed itself with the billionaires own tweets

Live news updates Delivery startup Gopuff to axe about 1500 employees

Baker McKenzie has increased pay for Londonbased junior lawyers to 110000 becoming the latest firm to take a more aggressive stance on attracting talent

JUST RELEASED Oil Price Dynamics Report Over the past week oil prices decreased as supply expectations rose and anticipated demand remained unchanged

BREAKING Russia reportedly starts sending gas to Europe through its biggest pipeline Nord Stream offering some relief after skyrocketing fuel costs

Former Deputy Secretary of Defense John Negroponte Overall I think it was a very timely and strategic and important trip He discusses a possible increase of oil output after President Bidens visit to Saudi Arabia where he met with regional leaders

Former US Ambassador to NATO Kurt Volker Expanding the Abraham Accords should be a goal in itself anyway Oil clawed back some of its weekly decline with President Joe Bidens trip to Saudi Arabia set to yield no announcement on oil

Goldman Sachs Head of Energy Research Damien Courvalin We need less industrial gas consumption in Europe Natural gas prices gained for a second day as traders remain on edge over what to expect when Russias Nord Stream pipeline completes maintenance

On July 6 the global benchmark for oil slid below 100 a barrel for the first time since April raising hopes around the world that the days of high fuel prices were coming to an end But were not quite there yetwe get the latest on oil prices

Theres an underlying theme that we would like Saudi Arabia and other gulf countries to increase oil production Tiedemann Advisors Managing Director Robert Hormats weighs in on potential discussions and cooperation between Saudi Arabia Israel the US

Russia resumes gas flows to Europe after fears of a total shutdown

Nord Stream 1 operator says gas flows from Russia to Europe are being resumed after fears of complete cutoff

Gasoline prices may have peaked for the summer and could be headed below 4

Morningstar reveals cheap stocks in the overvalued oil sector and says one is a bargain

Russia nears gas shutdown in Europe as Germany rejects claims it cant fulfil contracts

A coming copper shortage could derail the energy transition a new report finds

Price cap on Russian oil is a ridiculous idea and could push oil to 140 says think tank

EU to sign new gas deal as fears grow over Russian supplies cutoff

A coming copper shortage could derail the energy transition a new report finds

Russias squeeze on gas means Germanys energy giant is having to draw supplies from storage

Putting a price cap on Russian oil wont solve energy supply issues Indonesian minister says

Boosting oil supply is the best way to stabilize oil prices says OECD chief

A coming copper shortage could derail the energy transition a new report finds

Russia starts sending gas through its biggest pipeline to Europe after a 10day maintenance period

Polysilicon prices rose for an eighth straight week putting increasing pressure on solar panel developers via climate

Saudi Arabia has finally revealed its oilpumping limits and its capacity to produce more crude is lower than anticipated says JavierBlas via opinion

Germany will wait at least until Monday to determine whether Russia has cut off gas supply through a key pipeline a few days after maintenance is due to be completed

US retail gasoline prices fall below 450 a gallon for the first time since midMay starting to ease pressure at the pump for millions of Americans

Russian gas supply halt risks 15 cut to the EUs GDP in worst case scenario

China is set to post a record drop in liquefied natural gas imports this year which will return Japan to the top spot as the worlds biggest buyer of the seaborne fuel according to Wood Mackenzie

Russias crude flows are coming down with flows to India and China in retreat But higher oil prices are cushioning the impact on the Kremlins war chest writes JLeeEnergy via opinion

Egypt stands ready to play whatever role it can in helping ease the current Europe gas crisis President AbdelFattah ElSisi says

If the oil forecasters are right about demand the world may be uncomfortably short of oil supply next year says JLeeEnergy

A US energy envoy says he is confident Gulf producers will increase oil output after President Joe Bidens visit to Saudi Arabia where he met with regional leaders

Dont let the drop in oil prices fool you The underlying dynamics of oil supply and demand point to a prolonged period of higher prices

Saudi ministers insisted that oil policy decisions would be taken according to market logic and within the OPEC coalition just as US President Joe Biden wrapped up a landmark trip to the kingdom

The efforts to bring US gas prices down have yet to reckon with one of the biggest factors behind the increase Americas refining complex is in decline

The White House said it expects further oil supply increases from Saudi Arabia after President Biden met with the kingdoms rulers

The surge in gasoline prices is starting to make a dent in peoples appetite for fuel

What the oil shocks of the 70s can tell us about today

President Biden will leave the Middle East this week with no public announcements on increasing oil

supply sources say

Brazilian investors have trimmed their commodity wagers on growing odds of a global economic downturn

Russias government has made a plan to create a national oil benchmark next year as it seeks to protect itself from efforts by the West to restrict the flow of petrodollars to the country

The Netherlands should be able to withstand a possible halt in natural gas flows from Russia during winter if certain conditions are met according to the staterun network operator

Dont let the drop in oil prices fool you The underlying dynamics of oil supply and demand point to a prolonged period of higher prices

Russias oil exports rose back above 20 billion in June despite lower shipments abroad because of a rally in energy prices according to the International Energy Agency

The efforts to bring US gas prices down have yet to reckon with one of the biggest factors behind the increase Americas refining complex is in decline

With average gasoline prices falling for 28 straight days the national map looks very different than it did about a month ago Now just nine states are above the 5 a gallon mark

The largest LNG exporter in the US is among companies warning new federal air pollution requirements threaten to disrupt gas supply to Europe

OPECs first oilmarket outlook for 2023 suggests no relief for squeezed consumers with more crude needed from the group even though most members are already pumping flat out

A senior US Treasury official say a proposal being to cap the price of Russian oil exports will be crucial for preventing another global price spike to around 140 a barrel

The US believes OPEC has room to raise production should an upcoming visit by President Joe Biden to the Middle East yield any agreements

As it gains ground on oil and coal natural gas has become perhaps the most geopolitically important fuel of the moment

A Russian court allowed a crucial export route for Kazakh oil to keep operating throwing out an order

from a lower authority for a 30day halt

Russias Gazprom will further cut gas supplies to Italy by about one third the countrys energy giant Eni says

DonMiami3 Liking the lower high crude oil just made Thats why Im focusing on energy sector for new short ideas

Oil down sharply as falling gasoline demand allows fuel inventories to rise

Key gas pipeline from Russia to Europe restarts but well short of capacity

Oil futures pull back ahead of US supply data

If Russian gas flows remain at negligible levels even after summer maintenance export growth to Europe could fall from 9 annually last quarter to a negative 4 by the first quarter of 2023 Goldman Sachs chief economist Jan Hatzius said

Oil ends higher but sees weekly drop as Biden meets with Saudis

Oil prices bounce as report dampens expectations for Saudi output rise after Biden visit

Oil prices extend slide erasing much of the gain seen after Russias invasion of Ukraine

Oil selloff puts crude near inflection point as investors weigh inflation outlook

Nothing has quite seen highs and lows over the last two months like the energy sector Perhaps investors have fled too quickly

Oil ticks higher after selloff sends crude below 100 a barrel

We might not have seen worst of global energy crisis warns IEA chief

The recovery in Russian oil production continues as higher domestic demand offset a slight drop in exports to key markets

Oil rises above 100 a barrel aided by a weaker dollar

Moscow again rejects additional gaspipeline space offered by Ukraine keeping European buyers guessing as future flows on the key Nord Stream route also remain uncertain

Europe will need to ration natural gas to meet winter heating demand if the Nord Stream pipeline doesnt restart after planned maintenance according to Ineos

Hedge funds and other investors looking to cash in on Brazils surging oil and gas output are turning to new breed of drillers as an alternative to turmoilwrecked Petrobras

More evidence is emerging that Big Oils secondquarter will be dominated by blockbuster refining profits

What the oil shocks of the 70s can tell us about today

The new head of Libyas state oil firm vows to end a blockade double crude production and protect existing contracts with foreign oil companies

JUST IN Copper tumbles to its lowest level in 20 months as fears of a worldwide recession continue to mount

Californias pump prices dropped below 6 per gallon for the first time since May as pooling stockpiles point to cooling demand

What happens to oil prices when fear of a recession collides with one of the strongest physical oil

markets ever They tumble

Oil drops to lowest since Russia began invasion of Ukraine Latest markets updates

Oil prices have risen about 20 this year solely due to supply outages with Russias war in Ukraine exacerbating the crunch according to research by Bloomberg Economics

The efforts to bring US gas prices down have yet to reckon with one of the biggest factors behind the increase Americas refining complex is in decline

Russias oil exports rose back above 20 billion in June despite lower shipments abroad because of a rally in energy prices according to the International Energy Agency

Germany is in talks with some of the worlds top LNG suppliers including Shell to replace Russian fuel with alternative supplies

Dont let the drop in oil prices fool you The underlying dynamics of oil supply and demand point to a prolonged period of higher prices

European natural gas prices gain as traders remain on edge over what to expect when Russias Nord Stream pipeline completes maintenance

OPECs first oilmarket outlook for 2023 suggests no relief for squeezed consumers with more crude needed from the group even though most members are already pumping flat out

The global energy crisis may be about to get worse potentially much worse

European natural gas prices rise after Norway extended capacity reductions at several facilities that help bring the fuel to Europe

Russia is still raking it in from oil even if its exports are showing signs of ebbing

As it gains ground on oil and coal natural gas has become perhaps the most geopolitically important fuel of the moment

Top US energy trader Bill Perkins opens London office as gas market goes crazy

Nord Stream 1 pipeline from Russia to Europe restarts after a 10day shutdown for maintenance the operator says Amid growing tensions over Russias war in Ukraine officials had feared that the pipeline might not reopen at all

WATCH Russia resumed gas supplies via Nord Stream 1 allaying some of Europe's immediate supply fears but not enough to end the threat of rationing to cope with potential winter shortages

Hours before Nord Stream 1 was due to reopen Russian President Vladimir Putin warned EU that he could reduce gas supply to the bloc even further forcing the bloc to draw up plans for curbing gas usage [Read more here](#)

WATCH After exceeding 5 a gallon for the first time in history average US gasoline prices are finally falling driven lower by slowing global demand and a strong dollar

WATCH US gas prices are finally retreating from historic levels driven lower by slowing global demand and a strong dollar

From Breakingviews Saudi can win two ways in global energy reshuffle

The global oil market is walking a tightrope between scarce supply and the possibility of a recession the International Energy Agency said with higher prices and worsening economic conditions already taking a toll on demand

Russia usually supplies about 40% of Europe's natural gas mostly by pipeline But what happens if Russia turns off the gas taps

The biggest pipeline carrying Russian gas to Germany began annual maintenance with flows expected to stop for 10 days but governments markets and companies are worried the Nord Stream 1 shutdown might be extended because of the war in Ukraine

The Nord Stream 1 pipeline that transports gas from Russia to Germany has shut for planned maintenance prompting concerns about gas supplies if the outage is extended What are Europe's energy alternatives if Russian gas flows stop

NEW Global shocks have forced Europe to turn back towards coal power Heat waves drying out swathes of the continent show the danger of backsliding on climate goals [Read The Big Take](#)

The UAE aims to continue using its hydrocarbon wealth to attract international investors as the Persian Gulf state aims to expand its economy and prepare for a postoil age

Officials warn electricity grids could be pushed to the brink of blackouts Now the market is sending

its own unambiguous distress signal via climate

The European Union is set to propose a voluntary 15 cut in natural gas use by member states starting next month on concern Russia may halt supplies of the fuel

Data from National Grid show that Britain has been a net exporter of electricity to countries including France Belgium and the Netherlands every month since the start of April for the first time since 2017 after record French nuclear shutdowns

The European Union proposes a voluntary 15 cut in natural gas use by member states in a plan that would affect all households power producers and industry Latest updates

Extreme heat could lead to power outages canceled flights and may be a danger to life while the so-called Red Extreme warning is in place across parts of southern England on Monday and Tuesday. It's a reminder of the risks posed by climate change.

Hungarians are holding daily protests as a plunging currency and the threat of a Russian cutoff of natural gas shipments forces Prime Minister Viktor Orban to embrace unpopular austerity measures.

Greg Fleming, head of wealth adviser Rockefeller Capital Management, says he sees financial institutions becoming increasingly wary of expanding in China due to mounting geopolitical tensions and pandemic restrictions.

Airline Heathrow's order to halt summer ticket sales could cost 500 million in lost revenue.

The 191 million EuroMillions jackpot rolled over once again on Friday night, meaning that players must wait until Tuesday for their next chance to scoop the record prize.

Expected extreme temperatures have prompted Londoners to be urged against travelling on Monday and Tuesday.

A potentially record-breaking heatwave is heaping more chaos on an already broken Britain.

California's historic drought may leave the state with the largest amount of empty farmland in recent memory as farmers face unprecedented cuts to crucial water supplies.

Climate change is making extreme heat waves in London more common. These 4 charts detail the growing risks.

In China, the government usually gets what it wants. That's what made Beijing's vaccine mandate reversal so interesting.

Here's how the British sun may try to mess with your body and mind, and what you can do to keep cool.

The safe daily alcohol limit for people under 40 might be a lot lower than you thought Thats according to new research

If you care about your health by far the best approach is not to drink at all says Dr Richard Piper chief executive of Alcohol Change UK [Read in full](#)

Our message is simple young people should not drink but older people may benefit from drinking small amounts says Dr Emmanuela Gakidou professor of health metrics sciences at the University of Washington

The study published in The Lancet found that 59 of those who drank harmful amounts were people aged 15 to 39 Three quarters of harmful drinkers were men

Some 134 billion people around the world are estimated to have consumed harmful amounts of alcohol in 2020 according to the analysis of drinking habits in 204 countries

The researchers behind the report called for stronger guidance to warn younger adults of the health

dangers posed by drinking Their suggestion Tailored alcohol guidance depending on a persons age and where they live in the world

But those over 40 can toast their health with a drink or two as academics found a small amount of alcohol can help ward off heart disease stroke and diabetes among this age group

A safe daily limit for women aged 39 and under is the equivalent of two tablespoons worth of wine or 100ml of beer the research says

Drinking more than a small shot glass of beer a day could pose risks to health for men under the age of 40 a new study suggests

srdash haha you just got setup

srdash its always about multiple timeframe analysis I read a good book about that once  
robboaster correct I mentioned that in the forum yesterday back to normal schedule today  
yasirzj LOL you are now blocked

yasirzj read into it whatever you like

bad news comes out at lows

Predictanyapp I honestly do not care I just focus on the trades in front of me

Ram3069 it is a level of interest which might become resistance

NedsPointCapita look at the price on the chart asshole it was 150 and immediately dropped 3 and it

was not a good risk reward go spread your insecurities through hate elsewhere

Terryxyz13 I take it one trade at a time each stock on its own merits

carlos41423654 MarketSmith IM only interested in price action I leave valuations to others

ASpiroglou thanks Alex

ScottRo99402492 anything is possible I see it as a bounce in a downtrend

jmarkd59 beautiful

dgetrading lemme know if you figure that one out meanwhile I will continue to block

Mark Twain knew

liathetrader in a downtrend no hurry to be a buyer if they dont scare you out they will wear you out

wait for evidence buyers are back in control above RISING 10 20 30 40 wk MAs

Seasons dont change based on the calendar and bull and bear markets dont occur all at once

resilience168 great to hear

MichaelNaussCMT pre release no such thing but you will get one of the first copies

JJonFire5 Gone long ago

bostonchaahhts LindaRaschke its so true and why its so much easier to make a correct call than it is to trade it perfectly

not meant as a call for a move straight line move down as LindaRaschke says markets do the most obvious thing in the least obvious way

markdhand BMW just pay your overlord on a regular basis for access

TiSteveeg AnneMarieTrades MomAngtrades goes beyond fintwit for a low

AnneMarieTrades MomAngtrades not at all

MomAngtrades and just when you thought you heard it all

MomAngtrades what that was made up

Trading98769158 resilience168 MarketSmith read the book

resilience168 MarketSmith red 50DMA green 20DMA

BichonFX Eyries12 jfosback BMW No they goofed by trying to be clever and instead came off as

greedy The model wasnt broken this confuses and angers the market with what APPEAR to be new fees Shoudl have left it alone

mettrades MarketSmith I just move a line forward on my main chart platform each morning I do it for the 20 too

resilience168 MarketSmith I dont use them but dont see why you couldnt

I always keep track of where the the market was 51 days ago 2 anticipate the turn of direction of the 50DMA Today the 50 DMA started to turn higher in ABBV as the data from the 428 close before the gap lower became part of the 50 DMA No position yet 4 me marketsmith chart

Eyries12 jfosback BMW Good point

psugura 8e6ebdab51674f6 that worked out great for him

demondaytrader exactly my point

Be careful when you look at Level 2 data for your edge

BergeThomasian

down today's key themes for analysts and investors on Bloomberg Markets Europe

**BREAKING** China's economy grew 0.4% in the second quarter from a year earlier, the slowest pace since the Wuhan outbreak in 2020

European Commissioner for Economic and Monetary Affairs Paolo Gentiloni discusses the commission's economic forecast for the European Union and the odds of a euroarea recession. He also weighs in on the performance of Italian Prime Minister Mario Draghi.

US inflation roared again to a fresh four-decade high last month, likely strengthening the Federal Reserve's resolve to aggressively raise interest rates. Here's what our guests on Bloomberg TV have had to say about the 9.1% figure.

US Deputy Secretary of the Treasury Adewale Adeyemo: Today America is in a better place with regard to the pandemic. President Biden sought to downplay a report showing higher-than-expected inflation in June, calling it out of date.

The inflationary pressures we're dealing with are global in nature; it's not just here in the United States.

US Deputy Secretary of the Treasury Adewale Adeyemo discusses the 9.1% increase in June consumer prices, supply chain issues, and more.

This report reflects that inflation is unacceptably high. White House Council of Economic Advisors Chair Cecilia Rouse discusses energy, economic policy, costs of prescription drugs, and more.

UK GDP tops expectations with 0.5% gain in May. The UK economy grew at 0.5% in May, while manufacturing output and construction also expanded more quickly than expected. Lizzy Burden reports on Bloomberg Television.

China's exports rose at a faster pace than expected in June, growing 17.9% from a year earlier in dollar terms, on a continued easing of COVID disruptions to production and logistics. Enda Curran reports on Bloomberg Television.

US Commerce Secretary Gina Raimondo discusses the outlook for passage of a bill by Congress that would provide \$52 billion of incentives to chipmakers. She also discusses the strength of the dollar on Bloomberg Markets European Close.

expected real revenue growth of approximately 3 in last quarters survey TheCFOSurvey

CFOs also expected price pressures to worsen for 2022 The median CFO expectation last quarter was for a 6 increase in their unit costs for 2022 this quarter the expectation was an 8 increase in costs TheCFOSurvey

Price pressures have increased real revenue growth has stalled amp optimism about the overall economy has fallen sharply said John Graham a Fuqua finance professor amp the surveys academic director Monetary tightening is one of several factors dampening the economic outlook

According to the most recent results of TheCFOSurvey a collaboration of DukeFuqua RichmondFed and AtlantaFed CFO views on the economy have worsened for 2022

Inflation expectations fell on that survey why we ripped

Stronger than expected June Retail Salesmarket dipsas 100bpswe back

The median June price of a single family home in Aspen was 1199 million

Literally the slowest seen in probably 5 years

US PRESIDENT BIDEN US JUNE INFLATION DATA IS UNACCEPTABLY HIGH BUT ALSO OUT OF DATE GIVEN RECENT DROP IN GASOLINE PRICES gt exactly what i said previously

The increase was broadbased with the indexes for gasoline shelter and food being the largest contributors Oil is in free fall CPI will follow

CPI has peaked FED knows that

SPY SPX CPI is losing momentum CPI at 91 is bad but not a catastrofy with Oil falling hard next

CPI numbers will be well below 7 imho

CPI below estimates everybody was thinking abv 10

SPX Everybody is worried wit the CPI numbers but probably will be slightly better than expected

Just a guess

the US could face another round of inflationary pressures and supply chain issues as we face trucking disruptions in California even as unions and West Coast port employers are negotiating a new labor contract

Today all eyes turn to what the June Producer Price Index tells us about inflation

Today's 91 CPI negated all of the prevalent inflation has peaked posts going into today Core which doesn't include food and energy was up 0.4% Most peak inflation posts that I see assume that when CPI and PCE tick down that the Fed will stop that probably won't be the case

AsennaWealth CPI is probably higher tomorrow vs last month Jobs data came in strong I'd expect them to stay aggressive

sonatervj Futures market pricing in 325 to 350 EOY from 150175 now High inflation and strong NFP won't help the Fed pause narrative This data changes quickly and a lot can change by the Sept Fed meeting but CPI this week might come in higher than many expect

If you look at the forwardlooking indicators I think theres a real clear case for a slowdown in the  
inflation pressure Mastercard US Chief Economist Michelle Meyer says on the strength of the  
consumer Full comments

Were expecting another strong inflation print Deutsche Bank Chief US Economist Matthew Luzzetti  
says adding For a market thats been dealing with certainly recession fears I think this week will be  
renewed fears about elevated inflation

The biggest problem for the US housing market is that there arent enough homes available The  
sales slowdown probably wont do much to alleviate the situation and over time could make it even  
worse

The housing market and construction have cooled as higher interest rates start to bite

India relies heavily on imports for both crude and edible oils which have become costly in rupee  
terms pushing up inflation

The UK is planning to ease rules on banks insurers and investors to help London remain Europes  
financial hub after Brexit

European officials and executives are in suspense this week about whether Russia resumes the

flow of natural gas through the Nord Stream pipeline this week as worries about potential shortages and rationing rise

China moved to quash a revolt among homeowners who have threatened to renege on mortgages on unfinished properties

Sales of fixedrate annuities are expected to log a record for the second quarter amid market turmoil

Costs were up broadly across the economy with gasoline far outpacing other categories

Heard on the Street Gasoline and other prices have slipped but inflation could remain uncomfortably high

Climbing housing costs are set to keep inflation elevated this year creating another challenge for Federal Reserve officials

Exchange operator CME is rolling out a new lumber futures contract aimed at boosting the trade in twobyfour derivatives which has dwindled in recent years and exacerbated wild price swings in wood

Global talks to reshape corporate tax rules are taking longer than planned and negotiators fear that the delay until mid2023 could sink the proposal

A new lumber futures contract is meant to boost twobyfour trading with smaller loads a central delivery point and eastern species of wood

The inflation report is coming out in about a half hour and you know the number wont be good If this number is higher than 9 look out for some huge huge selling

Amid expectations for a blistering June Consumer Price Index CPI report tomorrow equities continue to reflect worries over the Feds pace of interest rate hikes and questions over its ability to stick a soft landing for the economy

SPX daily post FOMC rally played out as expected with 4300 acting as perfect resistance Possible that an inverted HampS pattern tries to form with 4240 support Solid resistance at 4400 should market continue to edge higher Keep in mind prior FOMC rallies have fizzled out

SPX daily Prior FOMC meetings resulted in a relief rally Notice how the higher low provided the hint that a bounce was to play out after FOMC Will history repeat later today 4300 resistance then 4400 area Notice how rallies were eventually sold into Critical 4060 holds

DAX gains 1000 points on the day for the first time ever Up over 75

June 12 amp 13 SPX second most oversold since March 2020 Expect an oversold reversal after FOMC support near 3650 The recent low came in 2 days after FOMC on June 17 at 3636 with a 8 rally in 6 days

kkonthedash1 middleeast Lower highs and lower lows declining MAs A volatile market Near term downtrend

A selloff in Italian financial markets intensified after Prime Minister Mario Draghi resigned sparking

fresh concerns over the future of the countrys heavily indebted economy

As risk capital has withdrawn from the market stocks are down but they are down more for the riskiest segments of public markets negative earnings and high growth companies and in private markets with more down rounds amp failures for young companies

After a rough three weeks to start the month the SampP 500 recouped its losses to end May 2022 roughly where it started The equity risk premium dropped from 514 to 507 as analysts scaled back earnings mildly but inflation remains the wild card

Futures are down slightly at 845AM ET

Breaking news Mario Draghi has offered to resign as Italys prime minister after the populist Five Star party refused to support his government in a critical parliamentary vote

US president Joe Biden and Israeli prime minister Yair Lapid will sign a joint declaration on Thursday committing the allies to work together to stop Iran developing a nuclear weapon

Just in As Conservative MPs prepared to vote in the second round of the contest to choose a new leader and prime minister UK foreign secretary Liz Truss tried to kickstart her campaign and unite the right behind her bid

Stephen Bush Rishi Sunaks showing in the first ballot of MPs is not great for a frontrunner In addition to Penny Mordaunts ability to win votes from the now-eliminated Jeremy Hunt or Tom Tugendhat she is well-placed to take votes from Sunak directly

On Wednesday Penny Mordaunt discovered the perils of being a favourite to become Britains next prime minister as rivals attacked her competence and the Conservative leadership campaign turned increasingly ugly

The ex-UK chancellor won 88 votes from fellow MPs on Wednesday and will face five other candidates in the next round

Former chancellor Rishi Sunak is the bookmakers favourite to replace Boris Johnson as the new Conservative leader and UK prime minister But we want to know who FT readers think should be the next PM Place your vote here

President Gotabaya Rajapaksa has fled Sri Lanka on a military aircraft for the Maldives according to the countrys air force leaving behind a deepening economic and political crisis in the island nation

The former president called on his far-right supporters to protest in Washington on January 6 2021

before making a carefully planned plea for them to march on the Capitol a congressional committee has heard

Kishida has so far inherited Abes main economic policies yet analysts said it was unclear how bold the prime minister would be in taking the chance to shape his own economic programme

Eight candidates have made it on to the ballot paper in the contest to be the next UK Conservative party leader including former chancellor Rishi Sunak and foreign secretary Liz Truss

Who do you think will win You can vote in the FTs poll [here](#)

Tom Tugendhat the chair of the House of Commons foreign affairs select committee has no government experience but has found favour on the left of the Conservative party with his pitch for a clean break from the Boris Johnson era

Former health secretary Sajid Javids third bid for the Tory leadership follows his decision to quit Johnsons government last week which started the chain of events that led to the prime ministers departure

Suella Braverman the attorney general has found much favour with the right wing of the Conservative party built on her reputation as the former head of the European Research Group But she is likely to struggle to gain support from moderate MPs

Jeremy Hunt the former health secretary was one of the first to declare that Johnson should step down as PM and hoped to pitch himself to the left of the Tory party But he has struggled to gain momentum

Kemi Badenoch the former equalities minister has a low profile beyond Westminster but has become the surprise outside choice in the race thanks to her pitch on social issues and the endorsement of Michael Gove

Nadhim Zahawi the newly appointed chancellor was an early favourite in the contest but has struggled to gain momentum in part due to his central role in the fall of Boris Johnson and questions about his tax affairs

Liz Truss the foreign secretarys pitch is based on two key strands a clean break with the economic

policies of the Johnson focus and a focus on delivery based on her five cabinet roles

Penny Mordaunt the junior trade minister has been eyeing up the Conservative leadership for several years with a pitch combining her proBrexit credentials with social liberalism and playing on her experience in the Royal Navy

So who are the candidates Rishi Sunak the former chancellor is the favourite thanks to firstmover advantage and the backing of many MPs But his message of fiscal discipline has proved unpopular with some Conservatives

Rishi Sunak currently has the most support from Conservative MPs with Penny Mordaunt in second place Here is a rundown of which contenders MPs are backing to be the next prime minister

Nominations for candidates will open on Tuesday and MPs will vote on Wednesday Several rounds are expected The aim is to find the final two by July 21 with the winner to be announced on September 5

The race to succeed Boris Johnson as Conservative leader and become the next UK prime minister is under way Who are the 9 contenders how does the leadership contest work and who is the favourite Follow this thread

Many Tory MPs believe Rishi Sunak will be one of the finalists in the leadership contest and that Penny Mordaunt and Liz Truss will be popular challenger choices to take him on

Britain's leading role in providing weapons to Ukraine in its fight against Russia's invasion will endure whoever replaces Boris Johnson as prime minister the country's ambassador to Nato has said

Opinion A change of leader increases Tory hopes at the next election But unlike in previous campaigns the UK is now facing rising inflation and a grim economic picture writes Stephen King

Sri Lanka's prime minister confirmed that President Gotabaya Rajapaksa would step down after mass protests at the weekend sent him into hiding and the government would quit too once a new allparty cabinet was in place

Conservative MPs will set out a tight timetable for the party's leadership contest by whittling down its expanding list of candidates to two people by next Wednesday

Gideon Rachman Both Johnson and Trump live in a world of alternative facts where inconvenient truths are ignored or dismissed as fake news

AMZN GOOGL both strong reversal today nflx FB not bad gonna be another interesting week next week have a great weekend all twitter friends

Nflx super strong reversal

We destroyed FB nflx but missed Googl though AMZN weaker 1951 is key otherwise just premium

killing

Its been quite a while since we saw FAANG all setting up well

LI is now consolidating for three weeks in a tight flag after a 120 up move in seven weeks off the bottom Watch for a break above this descending trend line and through the top of the flag at 4149  
CELH clears a short flag or a low handle at 8035 on heavy volume as it works on the right side of a large consolidation

SWAV clears the descending trend line of a large consolidation and the 200 Century Mark on light volume RS line is at a new high

HALO reclaims the cup with handle flat base pivot of 4858 after finding support at the 21day EMA It shows accumulation with 6 consecutive up weeks and blue skyscrapers within the base

UTHR shook out and reversed higher after testing the flag high high handle pivot of 23606

VRTX has been consolidating in a tight range for 3 weeks now just below the 300 Century Mark It closed just above the 29275 left side high of its base Weekly RS line is at a new high

Watch List 717 VRTX UNH UTHR HALO SWAV LNTH CELH LI Charts courtesy of MarketSmith  
StockInf0 Yep

ABBV stop hit The trade closed lost right near 5 a share Not all trades work Next

MSFT I do own shares in this name no chart posted when bought

GOOGL daily back over and holding a confluence of MAs Indicators are reset and ready if price wants higher ER next week position

WMT daily chart trying to break higher out to the base and gap area Indicators reset and ready if price wants higher I put a volume by price bar on this chart to show overhead supply I know many who holdtrade this name

NKE updated chart daily back over 50ma 1021ma bull cross RSI back over 50 MACD turning up

NVDA updated chart Now that price is over the 50ma I am watching the June gap RSI back over 50 1021ma bull cross Chart looking better

XBI daily another base break higher

NVDA back over yesterday high Going to take my paydays soon

The day is good when HCPG is in my stream and posting charts TY

NVDA never did sell my payday shares yesterday I am watching close again today to take them off and get down to swing size

QCOM close to being able to put some into let it ride It just hit the day high list again No action taking on my holding at this time

top 4 ETFs from a list I watch right now SMH XBI XRT XOP

HAS boring name but showing some dumpster dive potential ER behind the name with good response Exdate soon I took on a position today

pawan1234o EdHale johnscharts ClutchBP Striff17 trijoey AMZN confirmed ER 728 after the close

XLE today's new trade I have put in a break even or make a little coin stop

daveBer05277367 END of day only wouldn't want yesterday low to be lost Intraday if planning on a swing have to give it room Or you can be quick to raise your stop to no green to red and see what happens ATR 14 daily 282 Trade your plan not my noise

XLE strong off the open position

AAPL stop hit all out of the remainder of the trade made great coin Name goes back on go to listwatch

SPY H1 chart lately one could trade the RSI 7030 been great clue to be short or long Observation at this time flat on SPY at this time

AAPL bracket order hit for a rung of the ladder made good loot Still own shares

AFRM with a gap up triangle base break up and out today None here Seems I saw the chart in traderstewie stream recently

For me and my position on NVDA the big level on watch 17697177 area All in time Right now I am watching the 50ma daily then 16869 171 area 173 area

NVDA has an ATR 14 daily currently 849 it is up over 10 on the day holding it here Price made an attempt over 50ma and is battling it now

SMH top 5 holdings TSM NVDA TXN QCOM INTC Now this one I was right on a few of them and I do own some of them

XRT top 5 holdings CHWY GO OLLI RAD DG surprised me how about you

XRT currently has 101 holdings in this ETF If I asked you to name the top 5 holdings could you I couldnt was surprised when I looked at the list COST is 7 I will list the top 5 next

WMT 13064 is gap fill and 13135 confirms Daily chart

SMH watching 21881 22044 the 50ma daily then June 10 low 22342 Trading an ETF keeps ER season a bit easier spreading risk and dont have to sell if not a let it ride

Looking to take my payday shares off on NVDA today watching it

AMZN back to the 11611610 area I am watching same levels I gave last week Still holding it here

top sector ETFs right now XOP XME XLE XRT I own some or individual names within the sector

AMZN until the 15 and 30 min charts base this is going to be hard to get more from it Not a lot of time left in the day My opinion your wallet and trade plan

Perfect example when I gave short term levels for AMZN I was thinking if it gets to 11523 that will probably be it Then next level was 11554 and 11560 So far high of day 11559 Dont tell price where it is going let it show you Watch the candles they light our path

Folks I have a swing trade on AMZN just having fun with the lower time frame charts To entertain and teach

AMZN the 1530 min chart is stretched and going to need basing soon

Now we have our 11554 AMZN if day trading one can inch up the stop ladder some or wait for the next candle to light your way

AMZN current daily ATR 14 is 509

Just for fun if we stay with the AMZN 30 min chart we can watch 11554 once 11523 holds convincingly then 11560 11575 and the 11610 bigger picture time frame

AAPL is all about the 150 level imo

I am having fun giving levels I am watching Also seeing other traders I have a lot of respect for

posting levels on AMZN Thanks to all

AMZN a 30 min chart shows the 11523 level clearly

AMZN made our 115 the number watching the most for me is June 9 low of day 11610 If look at an H1 chart 11523 is next

Some names reporting next week price over 20 trade 1 million or more shares a day

Names that reported ER in the previous 5 days with price over 20 and trade 1 million shares or more a day Sector and industry included ER season is a good time to make a go to list if you dont have one Use your own parameters STUDY

AMZN levels on my radar if price wants higher A hold over 11430 115ish and then the June 9 lod 11610 former gap area full swing position here

WMT into the May 18 gap daily Not a great stick so far for a break out of a base The close is what counts

MSFT with a gap and go stick on the daily Back over 1021 next up is the 50ma position today

ABBV still in the base Gap up today over the 50100ma Also note the bull cross 2150ma RSI holding 50 This name went exdividend yesterday

AMZN took my payday shares off with the gap up made 4 a share profit on this group now I settle into the full swing trade

Hello stock fans Gap ups offer an opportunity to ladder some and or inch up stops

I am underwater on ABBV but stop not hit It did go exdividend today

I did keep COST and QCOM trades posted charts etc earlier

TSLA day trade taken off near the close It didnt reach the price I needed to swing it I made great and will look at it again tomorrow

QCOM bracket order hit on the payday shares Made great coin Now I settle into the full swing position and in time if all goes well let it ride

TSLA struggled at 700 then 704 next level up for me is 71049

AMZN red to green on the day I do own this name

COST chart to go with all my yammering today

COST a beast of a day for this name 200ma daily next on my radar

Daily chart QCOM

SMH names on the move I own a few here

COST has reached its ATR14 of 1309 if thinking time to take payday shares drop down time frames and stalk

COST 505506 area next level to watch IMO

AAPL red to green still holding it here

QCOM daily base breaking higher like to see 13669 hold by days end Next short term level high I am watch 13745 move and hold over

COST getting some lift I know many in this name

GME been in day high list 3 days in a row None here observation Congrats if you took it

QCOM worth a look position

AltitudeChaz COST and QCOM too

UUP hitting the 52 week high list Observation

ABBV posted chart and trade a few days back alphas trends reminding us of the exdividend

Ty for info and chart holding it here and basically flat on the trade so far up a little

seeing names like K CL PG CPB in the high of day list

NVDA up base up base on the 5 min chart what I like to see when day trading position I am using the 5 and 15 min charts only at this time

MSFT finally coming off the lows position day trade for now Safer entry is the reversal trade watching 25204

Top sector ETFs that I watch right now XOP XLE XBI

NKE out most of the trade for a little over 2 a share profit

Top holdings of XHB Note not a pure homebuilders ETF

I am not a big fan of trading airline stocks or shiny metals JETS is one way to own a basket of

airline stocks observation none here

a lot of change in the top sectors in one hour XHB XRT XLP leading right now

NOC flag base on the daily with all the mas lined up in bullish order None here observation

XHB was a top sector yesterday and again today

PEP with a pullback and small bounce optionsprochick AltitudeChaz HT

AAPL over the recent highs now watching 14795 and of course the 150 area

Top green sectors at this time SMH XLY XHB

NVDA end of day stop has me taking the trade off made just shy of 5 a share profit Name goes back on watch and go to list

DUK in flag base daily Indicators reset None in trade account at this time ER first week of August

DHR nice high base daily It is hitting its head on the 100ma ER soon A name from my go to list No position at this time

COST daily after many up days finally looking like it needs to basepull in some

CL daily pulling back to a level of multiple moving averages None in trade account own some in investment account

ABBV hitting the day high list Chart posted early today

Back to underwater on NUE stop not hit

canuck2usa hitting the 52 week high list WTG none here

BOX coming out of a base on the daily chart Observation

NUE back to green on the trade Watching 11195 a move and hold over by days end then maybe I have something with this trade ER this month

ABBV sitting in a high base 10ema100ma holding as first support Watching for base break higher clear stop

GOOGL pushing here at the end of day still own it here

Keep the June gaps on your radar they wont be easy IWM QQQ SPY etc H165 min charts need some work and basing would help

Sundevil781 SPY and QQQ daily says no

SPX Jan 2600 puts being sold to open 6000X for 14M premium collection

Picked up some TSLA straddles late yesterday thought I was doomed when flat AH but saw indicated above value 753 this morning so bull bias for move closed put side on open and now exited calls as gets near 800able to turn a profitlove flexibility of options

PYPL weeklies just exploded to 140 from 050

PYPL weekly 84 calls unusually active 9500X

Cano Health CANO buyer 5000 September 610 call spreads for 125 after the AMZNONEM deal

RGEN ripping

Nice to see DHR getting a nice bump higher on its report maybe a sign quality businesses start to rise again

Is that the first negative comps for DPZ in like ever

Dug into SMCI in May with an unusual trade and been accumulating shares liked the story

TrdrCI If lose 625 then 500 comes into play

AMD buyer here 4400 Aug 82 puts for 325

Interesting structured trades in DOCU COUP today where you buy Jan 2023 higher Delta calls and sell Jan 2024 lower Delta calls at net credit tends to be a structure to use to bet on MampA as a deal would capture upside and the OTM lose premium

QQQ high today was just under VWAP from early April rally reversal

bottomsniper99 Moved less than impliedcalls lost value lmao

Gaming Leisure Properties GLPI buyer 3400 January 55 calls 160 as Oct 50 adjust Name quietly been enfuego

shishar those also bieng bought

Bitcoin ETF BITO buyers active for 38000 December 15 calls 274 to 283

QQQ bull risk reversals a 5X return in a week Today Nasdaq QQQ buyer 20000 August 315 calls 480 as Aug 300280 bull risk reversals derisk also buyers of 25000 Aug 5th W 310320 call spreads

this morning

Tesla TSLA trading another 14500 September 650550 put spreads where 5000 opened the other day ahead of earnings tonight yes spreads are often hedging long stocktake it w a grain of salt

NFLX 4M in Oct 190 puts buying w Aug 190s sold seems like nice play to position for next report as biz trends weaken

Coinbase COIN 1270 Aug 67 puts opening 825 into strength at potential fade spot

BILL breaking out w Software names hot tight BBands and out of monthly value trend room to 150s

DDOG SNOW ZM some big early moves in Software with Yields lower

NFLX red already reality set in nice little short opp last night

NFLX giving back most of the postearnings pop into the open should be an interesting battle today

Hence those CALM earnings Note out on VITL today too

papadox11 BIGC is hot garbage

MNDY one of the ugliest can not even bounce in a mega rally name out there and still trades 66X

EVSales with no profits in sight

NFLX see if this holds missed revenues weak operating margins weak margin guide less than 10 growth Let that put play scare me out of our bull strategy for earnings at 60

notable size buy 900 September 195 puts for 1980 earlier as well

BEAM opening sellers Aug 70 calls this afternoon good strategy if rode this badboy long

CLFD another small cap that continues to work nicely

The PTSD from Q1Q2 out there is realstream was so bearish while all signs been there of money being put back to work QQQ 7 in 2H22 alreadyfollowing prediction that 2H is very diff than 1H in 2022

SampP SPY midday buyers of Aug 12th W 400 calls 15000X

260 to 420 nice intraday move will take it

SPY testing that 8week EMA again pretty large volume pocket over 393 to 411

DECK nice follow through day from yesterdays breakout 15 target hit

JWW13 Those are very overvalued Cos still though and yields moved back up has weighed on that group

World Wrestling WWE aggressive buyer 2250 Aug 70 calls for 115 to 125

HR Block HRB unusual buy 900 January 45 calls 165 a chart that keeps working to highs

Block SQ July 29th W 68 calls now up to 2650X bought early into the Wedbush cautious note shares at key 65 support and coiled

Someone selling a ton of SE puts to open Sep and Nov 60

NKE strong early with 821 bull cross nearing shook off earnings move lower well and has the 29K Oct 120130 call spreads in OI

NFTpfpPurchaser IBM results were solid LMT were ugly so yea would still delineate between goodbad results being sold

NFTpfpPurchaser Seeing most dips get bought after initial sell reactions though likely because everyone capitulated ahead of earnings season

SAVA also seeing Aug put buying

NTLA CRSP Aug puts both hot late

Would you buy META at 12275 If so could sell Dec 130 puts for 725 here like someone just did 1000Xthis is how to look at things and why really never makes sense to buy stocks as opposed to selling puts if liquidity is theredefine your price

France EWQ spreads selling 3000 August 26 puts and buying the December 29 puts ETF that does not see much action

SPY faded off its 8week EMA which has been a tough level where we faded late June as well 55MA for QQQ

SLVM rocking today Another case where unusual options action led me to researching the catalyst found this Atlas stake thingand working well banking my gains but prob regret could def see a deal Would have never known of this name w out my options scans

PTON 4500 Jan 2024 45 calls selling to open 050 They should be safe not getting exercisedbut

also pretty crazy a 9 stock can sell 45 strike calls for 050

Lyft LYFT buyers active October 15 calls 8000X for 15M where 9K bought Friday Wonder if we see a LYFT DASH merger

Snap SNAP buyers here 10000 November 15 calls 256 offer into earnings later in the week

AMZN buyers active for 10000 October 145 OTM calls 145 to 150

Unusual Call Buy in Network Equipment Small Cap

296297 big spot for QQQ then 300but above that see room to 330 YTD VWAP

BiotechMamba QQQ could see 330 VWAP off highs if can close above 55MA a few days

Randomly bought ETH yesterday morning first crypto trade of 2022 saw similar to what I am seeing in the Nasdaq w basing key level lifetime VWAP etc nice start today

The interesting thing here is the 200week EMA is an inflection point for secular bearbull and is where SPY QQQ been building multiweek bases

Buncahn johnscharts Awesome company too one of our top 2022 small caps some background info from our write up

FICO a standout chart during weekend scans quality biz and Experian strong numbers last week closed on highs Friday above 200MA and VWAP off its early 2022 highs

TSLA highest weighting

ALLY 15K Sep 30 puts closing after seeing the consumer credit numbers in Bank results

QQQ weekly low this week right at VWAP off 2020 lows continues to base on 200week EMA falling wedge with RSI trending up and MACD nearing that key weekly bull cross

WEN coming out of flag large Aug call OI and potential Trian takeover target

SampP SPY trading 45000 August 363 puts early with the 358s adjusting up from 713 The amount of commissions racked up from this guy adjusting Aug put strikes in 40K lots the past few weeks all over the place

SBUX MCD two consumer names triggering breakouts of flags here

MSFT strong early has an inverse HampS bottom look to it

AAPL open interest here now 49000 with 43000 bought over last two days

Elliott been busy in PINS options

Elliott stake in PINS explanation for that Aug positioning been seeing like crazy

They crushed AZTA 16 for that warning today see if that tone trickles through Life Sciences this Q

ESF back to 3775 VPOC wall see if can get above

QQQ also today a buyer 10000 January 285335 call spreads for 1978

PRVA these adjusting to Aug bull risk reversal some of the healthiest charts you will find out there

Beyond Meat BYND today with 6500 January 2024 15 puts bought to open up to 580

GME staying strong on highs nearing a move through 1 year value high

Nasdaq QQQ trade opens 25000 September 292254 bull risk reversal for 385 debit adjusts July 285 calls

Russell IWM August 161 puts opening 40000X for 16M as the 164 puts opened the other day adjust

And now TTD 10

SIX Aug 2250 calls up over 3500X now as a top IV gainer as well

AA 2700 Sep 40 puts closing taking profits could see relief if get another USD reversal off highs today

CTAS going to report their numbers or nah

Chasing Alfalfa Maybe but when stock got crushed on a beat and raise quarter think people started seeing the future here and weakening economics for a Co trading 37X

TTD Netflix's choice of MSFT yesterday furthers the case that the TTD biz could be dead or at least a multiple w plenty of room for compression still

Seeing this in a lot of large caps past week with deep ITM Jan 2023 puts showing insane volume gut feeling is it's def not directional but any ideas Today SQ below BABA PYPL NFLX ZM

SPY 372 and 390 pretty much the bust or boom levels

Stride LRN unusual buy 1000 August 4348 call spreads very impressive chart amp valuation

QQQ active afternoon buyer since Aug 5th W 300 calls 8000X for over 3M

NLOK calls suspicious all week

Nasdaq QQQ morning notables include 4000 Aug 26th W 275 short puts opening for 33M premium  
2500 Oct 285 puts sold to open for 1925 and buywrites selling 22M of Dec 300 calls

AMC buyers of 17K Jan 3 puts today 023

Unusual Bull Option Trade in Small Cap Drug Discovery Platform Play

QQQ retesting that broken VWAP off the lows here potential fade level but above and can sustain a  
big rebound today near 2845

1730 Extreme TICK

FAST indicated 47 after results should be a pretty solid return spreads were cheap

Jubileee Stock performance not sure that matters not talking earningsrev growth

Now worth adding Sonos Arc Sonos Sub Woofer for like 1700 more

SPX Now I expect dealers to cover short stock positions into this whoosh open that should see an  
Extreme negative TICK print

PTON Sep 7 puts being bought this afternoon

Fastenal FAST buyer of 2500 July 50475 put spreads for 058 into earnings tomorrow

LCID 6000 July 29th W 21 calls bought with this move to highs

FCX provided a nice quick day trade once saw those Aug 28 calls bought 7500X and noticed DXY  
went green to flat now red easy to pull trigger

SHW working strong early

QQQ green this morning with yields down again while Commodity stocks seeing brunt of early  
selling

XPEL another quality small cap working out of a long pullback trend that held right on 200week

Selected by Rivian as as the exclusive supplier of paint protection

KellerTrading Nice would line up as a key level from prior crypto Winter high

Bitcoin BTC down 20K since my call in April forming another weekly bear pennant recently had seen  
5K target still possible but 12K a likely bounce spot

CBOE continues to work higher and through its 200MA

TMO weekly like to see it clear 565 to get over VWAO off highs and likely coincide w weekly MACD trigger nice bull wedge forming

UPST starting to work w those July 30 calls hot early into gap and shook off Goldman downgrade

UPS strength here working out of range and last week high in red tape

SHW one of more interesting early strength names w room to 250 was prob first name to flag inflation back in 2021 see if starts to talk it down now

Friccckkknearly took PLRX premarket 15 after looking closer at the move

HSY another staples name flagging tightly near breakout w group hot ealry

PRGO triggers early with the news been a popular bull rr name

VINO 2M shares already traded wow float rotation today remains me TBLT on Tuesday b4 the big pop

ASMB big breakout on daily chart while MACD is crossing up

NEPT trying could pop over 15

VINO off TBLT Volume precedes price

ASMB new HOD on volume

NEPT perks if it breaks 15 can run hard to 2

SNDL long idea buying this pullback

TBLT is now trading abv 5 when nobody wanted it at 3 last month im still accumulating VINO around 43c avg down waiting for a strong rally

i have been saying that about VINO market cap doesnt represents the potential of the company I wont sell a sing

JAGX worth watching following FORM 8K Still in play for me I have been accumulating Swing add SIDU push

WTRH intraday break

CASI squeeze over 3 low float bio play

NEPT steady buying all morning

FTRP 1 break soon imho

WTRH setting up to test the recent highs nice reversal from its EMA50

WTRH intraday break on volume

TYDE they sell i buy chart speaks for itself

BaldraTorresRos TBLT is not an investment just for trade

TBTL squeeEEEEEEEEEEEE mode

TBLT breaks abv 4 Enjoy shorts and haters PATIENCE ALWAYS PAYS OFF VINO im still long

Our day will come

Here we go CASI

CASI the break of 3 can easily send it to 35

CASI recent RS play Im playing what the chart says Pv1 352

HOUR is gaining momentum for a nice short squeeze targeting the 6 area

BKKT is paying off

NEPT awake

Keep an eye on ENDP today

DOGEX KSHIBX to the moon and beyond

AEI getting hits in AH

HOUR tomorrow is another day over 310 looks loaded to run patience is key to make big

Power HOUR

CASI watch this base consolidation a volatility squeeze seems imminent Love the positive divergences on money flow Recent RS play so a low float name Company has a great pipeline and insider activity

TYDE here is the technical chart The break of 119 could send it

JAGX as i said yest im building a position here its just a matter of time

TYDE took some Love this bottom setup

TBLT buyers are stepping in large Worth watching into the close

TYDE big push on volume beaten down crypto play

VRAR is finally breaking out on volume expansion

HCDI has that look

HCDI huge volume alert

MIRO nice bidder on this thin name

KODK intraday break on volume

BTCX back over 23K Watch BKKT for a big breakout over 276

TNXP interesting trading day so far

BKKT another potential crypto breakout play Love the look of this bottom setup

HOUR flagging here below the squeeze level to accumulate b4 it spikes up Still on high alert Low float short squeeze play

CYCC strong action this morning

BAC wants to break out and move higher If we close above 3338 we can run to 35 easily

NEGG catching some bids

URBN took some at 2025 avg price Nice bullish flow options this morning Swing add

VINO buy block detected

HOUR 25 of the float is SHORT Covering shorts additional buying pressure and could lead to a short squeeze

The break of 310 LDT long downtrend on HOUR could send it initially to 410 first Pv1 followed by PV2 53

HOUR Tic toc tic toc squeeze over 310 longterm downtrend Full of shorts

KODK Bullish MACD crossover on daily This is a MEME stock

SIDU is back

HOUR woke up Lets squeeze the shorts

Watch HOUR closely Squeeze over 32 25 of float sold short

XELA sold 12 adding a few more shares of VINO and AEI

Added NEGG former meme stock news

GME AMC APES are back in PM at highs

PMCB all details here

HOUR money is flowing into this low float play again CMF indicator Could the history repeat itself like in March 25 of the float is sold short cant be a better time than this to squeeze the shorts in a fast and furious fashion

AEI I continue to believe in a strong rally on this penny stock at least to PV1 44c The ADX on daily chart is giving a positive crossover Could pop at anytime imho ST 25c

Symp plays of XELA on my watchlist trading sub 50 VINO AEI JAGX TTOO INPX

Added JAGX for the coming days swing trade

XELA updated daily chart w pivot points

VINO im still holding this 30c stock The float is low short interest high and could also see a XELA typemove

XELA here we go again

AEI another buy block

SHIBX BTCX ETHX DOGEX crypto traders

SHIBX The old times are back helloo DOGEX

XELA non stop keep an eye in other penny stocks will start moving

XELA bottomed out

XELA breaks abv 12c

BOXD looks ready for more

BOXD is curling up

XELA too strong to ignore

TLRY cacthing some bids

AEI volume popping getting found

AEI patience just needs volume and the break of 0305 under accumulation here PV1 44c

BOXD nice action so far squeeze over 225

LGVN A successful back test of the LT down trend line a volatility squeeze seems eminent Big Catalyst ahead Aug 2 poster presentation at the Alzheimers Association International Conference AAIC

VLCN gonna pop

RIVN is breaking out of a sideways trading range

ILAG huge reversal today no position for me just watching

Watch LGVN over 650 for a run to 761 recent highs Catalyst in the coming weeks

HOOD wants 9s

DMTK Bang

AMC big push on volume

PYPL nice action breaking abv LT

NEPT watch it over 150 for a run im still liking and holding a big position

SGBX watch the break of 2

XELA could fuel shares of AEI two penny stocks on high alert Penny stocks remain hot

RIVN nice move in PM

XELA nice price action and volume in premarket

sitiain66 I like ADN

AEI This penny stock is starting to heat up It had a vlm boost on Friday Key momentum indicators are turning up In the past has gotten very hot and we could be seeing that again Breakout watch over 305 watch it closely I took a position on Friday PV1 44c

DMTK love the look of this chart Flagging nicely here for a breakout move which could be explosive Breakout watch over 677

PYPL Looks like it is getting ready for a breakout soon Im long

AEI holding for next week The break of 0305 should send it to 40c bottom setup swing add

VINO my position on this name also remains intact From a fundamental standpoint the company is undervalued and NO RS soon according to the recent filing

NEPT holding for next week i can wait chart looks perfect just needs volume

AEI loading up some for next week pennies are getting hot again and this one has a beautiful bottom chart Swing add

SIGA 15 Magnet

XELA I saw a monster bidder something is brewing

XELA buyers are stepping in large interesting

XELA big buy blocks

HOOD HOD

AEI bottom setup for penny lovers looks ready

DMTK back up Potential breakout name

News huge for streaming FUBO squeeze over 256

Keep an eye on FUBO after DIS news

GLBS intraday break Pv1 2

TradeOnTheWire1 im still holding TBLT Other low floaters NEPT LGVN VLCN VINO IMTE

VLCN cant find any reason for this pullback following a huge accumulation day the distribution volume has been very low 70M in preorders recently announced is superb news for the short term and increases my optimism

Impressive rally on C

As i said this morning low float names are running one by one TBLT is paying off today i added recently just like NEPT will go someone has been accumulating lately Im holding a huge position now and im felling goo

NEPT nothing has changed here sellers are losing momentum ADX indicator and the rounding bottom pattern remains intact

VLCN catching some bids at open

TBLT find the bottom setup and then is just chilling the money will come to you sooner or later

NEXI runner in afterhours

TBLT active in AH

NEPT i bot more today on the break of 155 and im good still looking for a run to 2 and beyond  
closing gap In this market paciencetrend is our friend

NETP too many flippers here let them sell the trend is our friend

MULN trending

Huge reversal on markets lets see if DMTK breaks the 677 neckline for a nice short squeeze 15 of  
float is sold short

VINO big buy block

NEPT Flagging here for another leg up Look at the volume accumulation over the past sessions  
once it breaks 162 next pv lies at 187 then 205 gap zone Chart speaks for itself

TLRY any close abv 372 and the squeeze is ON

NEPT Good upside volume on the break of 155 at this point the target is the gap zone as chart  
shows but bc its a low float name can easily fill the gap patience is key now algos will make it

NEPT PETZ low floats on the move

NEPT volume is coming in gonna squeeze imho

NEPT buyers are stepping in The break of 155 could be explosive no resistances abv gap zone is  
too far

TLRY Marijuana Decriminalization Bill Teed Up for Senate Introduction gt eyes on JUPW pot name

VLCN going green

DMTK adding this pullback for a breakout move

AAPL continues making HOD

NEPT Rounding bottom formation while money flow is rising Setting up nicely for higher prices  
Breakout watch over 155

VLCN This is very constructive price action as it pulls back on lighter volume The massive volume

accumulation remains intact strong hands holding weak hands selling

NEPT let them sell us Loading zone 141 previous resistance zone now support zone Money flow is positive

GME AMC APES are back

NEPT bottomed out As i always say play what u see

VLCN calm b4 the storm it seems a message for shorts yesterday company tweet

NEPT worth watching for continuation Stock had a volume boost in the last hour of trading As I said yesterday with such a low float and extremely oversold I would not be surprised with a PETZ typemove

Watch NEPT over 155 hod level in afterhours for a run

BTAI what a great close

NEPT new HOD strong into the close gapper candidate

I would not be surprised with a PETZ typemove on NEPT low float play

PETZ took profits from yest thats enough for me moving my profits to shares of NEPT VLCN and LGVN awesome

NEPT hello hello hello to 2 we go

NEPT big buy block detected

BTAI Chart speaks for itself Setting up for higher prices

SIGA Target of the pattern 216

SIGA bye bye shorts at breakout point

lithium LITM WWR ENVX

BTAI burn the shorts burn the shorts

IMTE let the scalpers sell i will not sell a stock with a good looking chart

IMTE on scans now coiling up on 5m chart next leg up could send it to 26

SPY SPX Hoooooooooooooooooooo from panic selling to panic buying i love it

IMTE breaks the 24 area on volume a vertical move is likely at this point from a technical

perspective

IMTE is getting found squeeze over 24

Took a position on IMTE

SONM nice breakout today on volume Worth watching into the close Pv1 81c

IMTE anyone for next leg up

VINO nice reversal from LODs bottom is in IMHO

ADIL here we go

ENVX second round for the break of 95

LGVN is gaining momentum out of flag formation the perfect setup for a new rally

BTAI ramping

NDX GREEEEEEEEENNNNN

NEPT catching some bids now The stock had good news this morning at some point it will explode to the upside imho as i have been saying im looking for a bounce up to 2 in shortterm at least

OLB breaks abv the declining EMA50 for the first time since March

VINO im still holding cant believe someone sold this at 30c

BRQS showing signs of life

ADIL volume is coming in again

PETZ is back

SPX SPY green 321

NEPT all information here i stand with my shortterm bullish outlook At this point NEPT is a clear bounce play candidate

SPX SPY The FED will never ever increase the rate by 100 basis points stop spreading lies

SPX SPY the clue of the day Sometimes when everybody expects the worst play the opposite to win

PETZ highs in afterhours watch the break of 3 next pv1 38

SPCE strong into the close

VINO shit show all day

VLCN yesterday was a massive accumulation day today is just a pullback to previous resistance  
now support on low volume it should resume the upside BTFD

ADIL breaking out on volume

HOOD new HOD JOINING THE MEME RALLY

AMC APES APES APES burning shorts

NEPT trying watch the break of 143 for a run

VLCN back over 2 needs to regain the 205 area to see a sharp bounce

MIRO on high alert Just out WSJ PigHeart Transplants in Two BrainDead People Offer Chance to  
Improve Tests for Pig Viruses

VLCN doubled my position sub 2 at support

SIGA intraday break

HOTH could fuel shares of LGVN Alzheimer plays

VLCN red to green watch next leg up to test yest highs at 257

Watch NEPT for continuation Shortterm target 2

VINO let them sell RS only next year and if approved

VLCN buying back my shares

VINO we have plenty of time till June 2023 dont be fooled by what the others say read yourself

HSTO another small bio cap with a nearly 100 move one by one LGVN our day will come

VINO we have plenty of time till 30th of August

VINO crazy manipulation in premarket

TKAT WKEY NFT plays

GME AMC both closed green in a SEA of RED The Power of APES

NEPT Holding nicely its breakout area b4 the close nice

JAGX 1M shares traded in just 5 minutes keep an eye on this name going forward

JAGX getting some attention and volume b4 the close hummmm

VINO i wont sell a single share My target is the 1 zone measured move of the pattern

NEPT I play what i see on charts another fool here trying to stop the breakout no worries this guy will cover soon

VINO NEPT EOD squeeze

NEPT increased my position on the break of 141 Lets go bulls patience will pay off

VINO in the early stages of a technical breakout on volume expansion

NEPT at breakout point Squeeze over 141

VINO seller gone new HOD could skyrocket imho

LGVN looks ready to go again Successful Backtest

NEPT will add more on the break of 141 like KSCP its just a matter fo timeshortterm bottom setup looks perfect

VINO here they come

KSCP 45 next pivot then 620 yeeeeeeeees ssssiirr

next VINO ah ah ah ah let squeeze the shorts guys

AMC wants 15s solid action today

VLCN Paid off for me what a great trade from 19

KSPN jeezeeeeeeee 160 u short low float stocks u die VINO KSCP NEPT on my top low float watchlist for a big bounce

SIGA and voil green

VINO tic toc tic toc on the verge of a big breakout Could pop over 58c volume precedes price currently 6x daily avg

KSPN this low float name could fuel the shares of KSCP another beaten down low float play

SIGA bounce mode red to green typemove

VLCN up up and away nice alert at 190 VINO look at the volume accumulation they are trying hard to avoid a rally but they will fail at current levels imho

EPIX Big buy block detected Taking some at 268 avg price

KSCP im still liking and holding stock is falling on just 65k shares let them sell us

VINO im waiting for a ITRM typemove HERE money flow is back

TSLA long idea for a swing trade with a SL at 699

ITRM non stop today u short u die

NEPT its just a matter of time it has a nice gap to fill over 205 squeeze over 141

SPY SPX ESF CPI 830 AM EST

Beautiful day by the team 330 on the day Spotless across the board slow and steady

TOMORROW WILL BE FUN We caught bottom and top today Join us at for all the action

SPY DIS CVS MSFT FDX KO AMZN QQQ

Technical Analysis SPY SPX CPI CPI Friendly Reminder CPI TOMORROW The Consumer Price Index CPI is a critical indicator of pricing pressures in an economy and provides a gauge of inflation

We basically got spinning too near top at 3866 and then played it down big time SPY AAPL Profits from the team on those trades

SPY spinning top bear reversal pattern just called in chat

SPY put for profit 262 just not liking the slow action and taking my 9

AAPL about to go for NHOD

SPY SPX ESF Breakout of the range to upside and RED TO GREEN MOVE

SPY SPX ESF Need to watch both sides here Rising wedge which is bearish as compared to my last post possible breaking out of a 15 min downtrend so lets wait and see

SPY SPX ESF

Big win on SPY 385P from the team 136 and double the money Check us out at

John20419193 No I made profit on my 387c but decided hey let me buy 388 too

Clear example why I play near the money I grabbed 387C made 30 and played 388C basically same buy in and lost SPY and that wont happen again

SPY 388C out for loss Dumb trade lol negated my 387C win Big dummy I am

SPY STOPPED

SPY 387C stop 63 in profit

SPY 387C trim at 71 for 29

Red to green 3902 for ESF SPY SPX

QQQ SAME THING

SPY SPX ESF WedgeFlag forming here Need to see which way it breaks out for a direction

Beat flagging SPY SPX ESF

Seeing bull and bear VIX also rising with SPY holding lets see im only in a credit spread and wont trade until my setup is 100 perfect

LOT OF BULL FLAGS ACROSS THE BOARD Dont be shocked if we go red to green or at least get close 38803886 SPY SPX ESF QQQ AAPL MSFT some names with flags

BA Chart Setup

SPY SPX ESF 1530 and 1 hour candles watching for bull move AAPL AMZN GOOGL MSFT all ran up here and are looking to break over 21 Emmas to fill gap and go green watch 1 hour closes in 7 min for SPY and c

SPY PUT CREDIT SPREAD SOLD 380P Bought 378P Entry 12 10 cons

What does this look like to you guys SPY SPX ESF

Watchlist for July 11th MSFT MU META TSLA BA

I would not be mad with a move into 39544021 then we breakdown from there SPY SPX ESF

SPY SPX ESF Key example of DojiSpinning Top and how they have worked recently Also I suggest keeping this open for your trading days

SPY ESF SPX

kmj2190 I would exit shorts at this time Market is wanting to squeeze

Pretty much at that 30 target now AFRM

There goes that RBLX breakout

skrochta I dont see anything interesting in kss yet

MattOrigi6 SHOP trying to bottom here

RBLX keeps on coiling only a matter of time before this makes a big move imo First target 45

Man this MARA exploded Check out those Accumulation Volume patterns It added two more huge volume days this week

First AFRM target is 30 to 32 area might get there before Friday at this rate of acceleration

Lets see how timely this NVDA shares purchase will be Hmmm

Keep an eye on this RBLX Feels like the next one that wants to explode higher Squeeze potential building

JohnGar57253771 12 target is reasonable

From this list of Accumulation Volume candidates its now MARAs turn to take off Note the mini bullish flag formed last week

Strong move here AFRM

ryanoneill64 A BOTTOM is in there will be worth watching or playing a few names from that arena ie RBLX or AFRM setups shared earlier today

RickyJ0914 30

RBLX impressive Accumulation Volume patterns given current market conditions but this one is a must watch next week especially on the days Nasdaq IWM are green or bouncing Notice how well it remained above breakout area and 20 day MA this week Targets 45 and then 50

TheMarathon8320 Yup Love this RBLX One of my favorite long ideas

SKP2692 Agree Feels like it wants to go Targets 25 and then 30 is reasonable given market conditions

debraak Nice relative strength today

CashRocket And made a cool double bottom recently

GraffVlogz Tough to call shop here I cant yet tell if its trying to bottom or simply basing near lows ahead of new leg lower

mizuno6543 Strong momentum in SIGA Its breaking out here so you gotta see if it continues to break out tomorrow or if it fails

U Id book those kinds of quick sharp gains

U rolling over after a weak intraday bounce attempt

kmj2190 CF still struggling to get back above resistance levels still watching as a Short

Still havent started short position in TSLA yet but interesting to see how the stock got rejected at bear flag resistance today following last weeks bounce

A few other names showing the beginning phases of Accumulation Volume patterns AFRM MDB  
APP MARA Worth watching how these charts morph develop and evolve over the next few weeks  
More Accumulation Volume in RBLX of all the charts I tracked this week this one was the most  
compelling

ScarlemagneJ 40 is a reasonable price target for now

Nice relative strength in HRB on this open

MohammedKB24 On this one targeting 40

Three narrow ranged candles in a row for HRB look for an expansion move higher before the week is  
out

For the first time in a long while I see a technology stock making the New 52 Week Highs scans  
JKS

aronhicks6 Still not in this TSLA trade Waiting for a reversal near resistance top of the flag pattern  
not quite there yet

chrisweight BABA even though China names pulled back aggressively today BABA made an inside  
day candle which is technically OK

SBLK target achieved today

Beautiful INSIDE DAY candle in HRB today highlighted last week Look for an expansion candle  
move tomorrow

ZIM 40 target within fingertips reach now

PTEN that was quick 14 target already hit after barely 2 days

aronhicks6 I do see the BEGINNING phases of Acc Vol in RBLX Interesting to see that

CMegla Stocks industry matters It has to make sense to own it or short it if the fundamentals make  
sense in whatever the current market environment is For example the current market is aggressively  
selling stock techs that are providing bad guidance HRB upped year end guidance

teddyboi56 A breakout above 760 in TSLA would change the chart

WEAT down 9 days in a row and now looks headed to 8 second target Gotta say I was a little

surprised how quickly this fell The Double Top was the cue to look at this from short side but it was that LOWER HIGH that formed on June 17th is what really created the setup

TSLA seeing a big bear flag building in this one Each bounce phase in the last few weeks has been weak in nature as Distributions days steadily piling up on the chart Will be watching this one next week for one more bounce or gap up open that fades Target 550

The initial idea to reenter in CF after the bounce into resistance was the right idea but my timing on the entry was a day too early Still watching this one for another short entry as it continues to struggle pushing thru that thick brick wall

Relative strength galore HRB

MalibuInvest STNG the last one left standing Feels like its topping out here And a good one for next week

Took 3 or 4 days but looks like this ZIM is finally breaking that bear flag

PTEN wasting no time

PTEN After catching a couple nice long setups in this Energy stock earlier in the year now seeing a potential SHORT setup building First Target 14 10 to 11 target also possible but that might a bit ambitious for my time frame

This basket of stocks geared to the nuclear industry has outperformed the broader market by 15 this year

7 reasons why Lululemons stock is a sell Jefferies by BrianSozzi

Minority shareholders of Revlon say the companys stock is in the money if market prices are any indication

BP Equilibrium is 12005 Short if the open is below 12005 and goes offered below the open Minor support is 1196811969 Offers below 11969 will run it down to support at 1177811781

JY Equilibrium is 72687 Long if the open is above 72687 and goes bid above the open Look for minor resistance at 7285072855 Bids above 72855 will run it up to 7430074320

After one stop out last night right after the open the ES came right back so we could wake up to 1000 profit The Gap Higher told us we had to reenter the trade after it went back above the open

It looks like well be seeing a Gap Higher Open in The ES and NQ and YM Be long above the open Cant get short ES until it goes offered below 383775 or if the AM open is below 383775 and goes offered below the open Look for a run down to CloseThe Gap at 3800

ES Equilibrium is 383775385050 Long if either open is above 385050 and goes bid above the open Minor resistance is 3868725386850 Bids above 386850 should run it up to resistance at 391225391325

The NE1 is breaking out of a minor trend down Must stay long above 61410

MUST BE LONG CL above the Dragonfly when its bid above 9700 Theres no real resistance coming in until 1034510349 PObove 10349 look for a run up to 1052410527

Long NE1 when it gtoes bid above 61262 or if the open is above 61262 and goes bi above the open Look for a run up to 62020 followeed by 6384063850

Look to get long ES if it goes bid above3835 or if the AM open is above 3835 and goes bid above the open Look for a run up to 38763877 for the first target

Short ES if either open is below Equilibrium at 383450 and goes offered below the open Look for a run down to Close The Gap at 371175371925

GC Look for 16931694 as the next target A break of 1693 will send it down to 15371538 1818718194 X 1791217915 RW 1751615517 MR Equilibrium 17346 17261727 SD 1693916948 SD

Look to get long SQ Aug Soybean if it goes bid above 1516 48

Conditions are ripe for a little pullback in the EC Oversold in all time frames with a Hammer Bottom saying MUST BE LONG when bid above 102420 You cant trade without a trade plan Stack the odds in your favor

AD Previous Day High 68795 Low 67960 Close 68600 7357073585 RD 7291072920 RD

7023070245 RW 6969569705 RD 6879568800 MR Equilibrium 68433 6796067970 MS  
6765567670 SW

Looking for AD to run up to the top of the range at the recent highs at 69700 Bids above 69700 will take it to 70725 Offers below 67655 will bring out the sellers taking it a lot lower

Look to short CL if it goes offered below 10126 Minor support is 98909895

Im correcting the CL I had the wrong equilibrium numbers posted

CL Equilibrium is 10126 long if the open is above 10126 and goes bid above the open Minor resistance is 1044810450 bids above 10450 will bring out the buyers taking it for a nice ride

Look to get long JY if it goes bid above 74102 Minor resistance is at 7447574480 Above 74480 look for 7485574860 as the next stop

JY Equilibrium is 74102 Short if the open is below 74102 and goes offered below the open Minor support is 7389073900 Offers below 73890 will take it for a little ride down to 7338073390

GCQ Equilibrium is 17801 Short if the open is below 17801 and goes offered below the open Look for a nice run down to 1737738

And speaking of Gaps The ZC had a real nice Gap and Run today It takes one good trade a week to make your week

BalthazardN RTH was 3774

BalthazardN Where is there an open at 3813

The ES Gap and Run this morning was clearly the way to go Been saying that for years

The ES short was triggered and sold off 50 points right to the next level and more Offers below 3753 will bring it to fill an important Gap at 371175371925

Its nice going to bed with a 1000 per contract already made and still looking good It could move 150 points before the next real resistance

Look to short ES if it goes offered below 380125 or if the AM open is below 380125 and goes offered below the open Minor support is 3793379375 Below 3793 we should see a break down to the next support at 374125374225

ES Equilibrium is 380125380475 Long if either open is above 380475 and goes bid above the open  
Theres a little resistance at 38333834 Bids above b3834 will bring out the buyers taking it 100 points higher

The Gap created in the ES that formes the Island Bottom two weeks ago is proving to be good support Lets see a close above yesterdays high and we should see the Upside Gap get filled next week

The AD has a Descending Triangle screaming at you to be short when its offered below 68390

The AD The Ausie dollar Nobody would have thought about trading it but look at what its doing just in the last five hours Offers below 68390 should bring out the big sellers taking it a lot lower

Look to short ADU if it goes offered below 68915 or if the open is below 68915 and goes offered below the open Look for support at 6839068400 Offers below 68400 have no real support for a while RIDE THE WAVE

ADU Equilibrium is 68915 Long if the open is above 68915 and goes bid above the open Minor resistance is 6923069240 Bids above 69240 will run it up to some resistance at 6998069990

SF Equilibrium is 105400 Short if the open is less than 105400 and goes offered below the open Look for some support at 104840104850 Offers below 104840 will bring out the sellers taking it a lot lower RIDE THE WAVE

stocks331 Fridays high 617 was 371175 Mondays 621 low was 373550 followed by Tuesdays 622 low at 371925 still leaves a gap remaining from 371175371925

stocks331 RTH 617621

The ES is trading in the middle of two Gaps that are about 300 points wide Last week the weekly Upside Gap was filled and now is back on the way down My guess the next stop is the Downside Gap at 371175371925

Short AD if the open is below 69302 and goes offered below the open Look for 6909069100 as minor support Offers below 69090 will send it down to some good support at 6839068400

AD Equilibrium is 69302 Look to get long if it goes bid above 69302 or the Open is above 69302

and goes bid above the open Minor resistance is 6970069701 Bids above 69701 will take it to 6998069990

stocks331 Both But its more frequent in the RTH

roxyfit1 I would say break below

Bearish engulfing candle on the small ES rally Look for the 3805753831 Gap take a run at getting filled

stocks331 395950401750

The ES Monthly charts are looking heavy the Weekly charts heavy Five out of the last six months have not looked good and the Weekly officially went to a down trend

ES Equilibrium is 3911391675 Short if either open is below 3911 and goes offered below the open Minor support is 3892389250 Offers below 3892 will take it down to the Support Gap at 3805753831 Offers below 380575 will take it to the next Gap

aleppik1 WN22 Canceled

The ES Weekly Upside Gap was filled last Friday and now the weakness has returned The Monthly looks weak the Weekly is running out of steam and the Daily is nearing the top of a Downward Channel and a Resistance Gap

MUST BUY WN22 ON A LOWER OPEN when and if it becomes BID HIGHER THAN THE OPEN Its way oversold and ripe for a pullback to the 1090s Be long with bids above 922

Hindenburg nailed another one Almost called the TWTR post deal stock price too back on May 9

Nasdaq Has Plummeted 176 Implying A Twitter Price of 3140 Per Share Without a Deal

Initiations 711 BCOR BYD HDSN KTB SST STR Initiations 711

WING resting after a big runup

NFLX trying again

SPX pop to 4100 coming

large caps mid caps small caps

PTLO love the food

DRIP attempt 2

Here are the markets strongest stocks Most are biotechs

NIO still acting well

jedimarkus77 And now AMZN

Im to the point where I have so many decent setups Im having a hard time narrowing my list Maybe I should just buy TQQQ and be done with it

PLTR continues to act well Decent relative strength recently

RyanPierpont NIO is similar

DRIP

SPY the MAs are playing ping pong

Top Canadian tech stocks SHOP LSPD MMAT ANY

NIO was not expecting a moderate gap down

paddygg33 Im long but I sold calls against the position to buffer a pullback

TICK clearly broke down after the open

SPX getting rejected by the hourly 200

NIO a pullback indeed

NIO may need to rest

TWTR Reports Hindenburg Accumulated Significant Long Position In Twitter

It is what it is The market ate AAPL s left hook like a champ

Linear stocks gt choppy stocks Where a stock has come from gt relative strength Entries matter

BTCX SOLX ETHX look like they might have a multiday run

LABU was explosive after the entry it went up 30 from entry in a couple of days

ZM was another one down 4 days in a row a pattern of lower highs and lower lows The entry was once it broke the pattern It moved a quick 12 points

SIGA provided a decent setup and entry and did exactly what you want a swing to do move immediately Entries matter 22 move in a couple of days

Bestperforming stocks in the SPY since 68 GIS DRE CHD CLX MNST LW DG VRTX

Health Information Services bestperforming stocks since 68 CNVY MSPR ACCD DH HCTI PRVA

Here are the bestperforming biotech stocks since 68 EVFM CLVS DAWN BLTE COGT REVB

XLE SELECT SECTOR ENERGY PEAKED ON 682022 It is down about 28 from the high The bestperforming industries since then Biotechnology Health Information Services Health Care Plans Insurance Brokers Confectioners

The top bestperforming stocks in multiple timeframes 3MONTHS 6MONTHS went from a bunch of oil stocks to a handful of Chinese names FUTU PDD TIGR ATHM VIPS

Best trades this week FNGD SPXS QID DRV TZA DUG Finding Stocks Before They Breakout

loCuanto How do you figure that 10x because they are down a bunch

The commodity set ups are gone Maybe the China stocks will fill the void FUTU ATHM TIGR

I took the SQQQ instead 9 so far

Many of the stocks that Tiger Global owns have simply been obliterated in the new environment Peloton is one of the most dramatic examples

SLB almost the entire YTD gain wiped out in 7days

XLE XOP XES were the last men standing

HOLDING ETFS AS CORE HOLDINGS

Sometimes all you have to do is look at the inverse ETFs and ask yourself would I go long this setup SDOW

IWM back to June 2018 levels

What an aboutface SPY QQQ SMH gapping below post fed low

In a very quiet manner XES OIL ampGAS equipment services is down 19 in the last 6days XOP

14 XES 13

They got them hooked and they see blood MSTR El Salvador

Maybe we go lower but you have to ring the register SPXS SQQQ SDOW

YTD CHANGE XOP 6969 VIX 6115 XLE 5984 OIH 5741 XES 5268 CGMFX 1006 GLD 209

Stocktwits SQQQ

TAP TAP TAP 21ema broken across the board SPY QQQ DIA XLF A little followthrough instead of a gapup would be grrreat

howardlindzon You can argue that the 21ema on PYPL has been resistance for 9months Now it is above and has been respecting it for a few days That is a character change If you love it buy it and use a close below its 21ema as your initial sell stop

the tRIGGER for todaythrough the previous days high STZ CVX ADM SLCA Redinitial stop

Cathie Wood fans keep the faith as ARKK sinks amid tech selloff

Be careful chasing breakouts in stocks which have already experienced a significant percentage move Esp if those stocks have longer term MAs which are still in decline Trade them for what they are bounces in downtrends

Markets heading for the 329 VWAP IWM QQQ SPY getting late for new purchases of ETFs there are better setups in individual stocks protect profits still a bounce in a downtrend 78 min 5 candlestick upper 15 min lower

Earnings are due in 7 days in ENPH and energy is building for a break higher Maybe it gets a pre earnings bump and then sell it before earnings report no position yet for me chart from MarketSmith

Top chart 78 minute 5 equal periods day SPY QQQ IWM above VWAP from May low green and chewing at horizontal resistance of the last month IF it can hold gains the VWAP from March highs red could come into play bounce in primary downtrend tough to trust

Always be aware of VWAP levels from important highs they often become a place where supply is found Bitcoin BTCX reposted with no chance for asshole comments

Where has it come from 129 to 150 21 or 16 in 4 weeks Where does it have the potential to go before enough supply is found to become resistance VWAP from the March 29 high right here Is the risk worth reward for new purchase here NO AAPL

OHMYACKIN they dont have the futures on TC2K

RyanRigg 47998 ATH 21826 Covid low 26172 move 261722 13086 50 47998 13086 34912 50 retracement

ybhatikar buy them both

trader643 SunriseTrader Id be careful with both of those they are both up against the YTD VWAP SunriseTrader its looking ready for liftoff as SirBradford mentioned it goes ex dividend tmrw so dont be shocked by close to 150 lower

PresElectMatt careful right up against VWAP from 329 high

Looks like a test of the VWAP from the recent low is coming doesnt make it a buy there RBLX

The SPY QQQ IWM pulled back to the rising 5DMA and VWAP from last wk gap lower The primary trend is lower so the burden remains on the buyers The best thing the markets can do is to find support in this area to build a higher low on 15 min TF at bottom

VIDEO Stock Market Analysis 7822 SPY QQQ IWM SMH IBB XLF XLE VWAP

VolatilityVIX Good points but I still think it looks really goofy

VOLQ futures VLQ at CME are trading 140 BELOW the VOLQ index VIX futures VX at CFE are

trading 040 ABOVE the VIX index Both expire on the open next Wednesday 10 VLQ 1 VIX

Interesting but not a trade recommendation

Twitter is 51 below its 52week high But Tesla is 43 below its 52week high Nobody is gonna get out of this looking good

But I want to own TSLA stock because Elon is iconoclastic It doesnt show up on the balance sheet and TSLA is getting creamed as hes distracted by Twitter but I feel so special to own any stock hes involved in I bet that if we met wed be best friends
